

**Great Planes Trading Company Presents**  
**HOTTER 'N HELL JULY ANTIQUE TOOL AUCTION**

July 11, 2015

Harvester Lions Club

4835 Central School Rd.

St. Charles (St. Louis), MO 63304

(Preview Friday 2-6 PM, Saturday 7 to 9:30 AM)

001. \_\_\_\_ Continental wooden screw-arm plow plane, very good.
002. \_\_\_\_ Pair of wooden planes: Ohio Tool Co. 6 1/2-inch smoother with brass throat patch, good; and an Ohio Tool Co. 8-inch smoother that has been radiused from side to side, and has blade to match the radius, good.
003. \_\_\_\_ Unhandled plow with three shallow holes drilled thru maker's mark, screw operated depth stop, one of the big nuts is cracked and one bracket is cracked, good overall.
004. \_\_\_\_ Ohio Tool Co. No. 133 screw-arm sash plane with double dovetail boxing, one of the small nuts has a chip, otherwise very good.
005. \_\_\_\_ Collins Utica Yankee-style plow with wooden depth stop, arms are very short and one of the brackets has been broken and repaired, good overall.
006. \_\_\_\_ Two folding rules: Lufkin zig zag Extension Rule with brass slide and advertising BECKLEY & MYERS 3-6454, very good; and a brand new PRESTON No. 5111 36-inch 4-fold blindman's rule has never been opened and has the Preston label and clear tape holding it closed.
007. \_\_\_\_ SARGENT No. 2204 mini 4-inch pressed steel block plane, complete and very good.
008. \_\_\_\_ Pair of boxwood architect's rules: No. 3276 that has one broken and glued leg, outside shows moderate to heavy wear, good overall; and a STANLEY RULE & LEVEL CO. No. 53 1/2 with light to moderate wear on outside, inside very good.
009. \_\_\_\_ Pair of Stanley? brass trammel points with intact rub blocks, nicely made replacement steel points, very good overall.
010. \_\_\_\_ BRITISH ROPES LTD J. RABONE & CO. boxwood and brass rope caliper, complete and very good.
011. \_\_\_\_ Nice ram's horn wooden cabinet scraper with brass blade holder, very good overall.
012. \_\_\_\_ Two wooden rules: a 36-inch zig zag with a faint IN WEIN (Vienna) maker's mark, good overall; and a 3.75-inch THEO. ALTENEDER & SONS PHILADELPHIA triangular draftsman's scale or rule.
013. \_\_\_\_ Small brass framed jeweler's saw with nice wooden handle and brass ferrule, very good overall.
014. \_\_\_\_ Stanley? No. 65 1-foot, 4-fold brass-bound rule, intact indexing pins, fine overall.
015. \_\_\_\_ DAVIS LEVEL & TOOL CO. 12-inch cast iron double plumb & level, all three vials intact, nice japanning, very good overall.
016. \_\_\_\_ Small Stanley No. 36, 6-inch 2-fold boxwood caliper rule, numbers faint, good overall.
017. \_\_\_\_ CHESTERMAN No. 501 2-foot 2-fold brass rule, complete and fine.

- 018.\_\_\_\_LUFKIN ?ROYAL? Steel Tape Measure No. H433 in original pasteboard box with good label. A fine tape in a very good box.
- 019.\_\_\_\_Pair of boxwood 3-inch caliper rules: Stanley No. 136, complete and fine; and an identical Lufkin No. 014, complete and fine.
- 020.\_\_\_\_Unusual OHIO TOOL CO. No. 0102 iron block plane with traces of original maroon japanning, nice original blade, very good overall.
- 021.\_\_\_\_THE EXECUTIVE POCKET PAL 8-inch 2-fold caliper rule with protractor joint, fine; and a 6-inch GENUINE BOXWOOD rule with steel edges, fine.
- 022.\_\_\_\_Pair of O.W. Bullock & Co. drawknife chamfer guides on original graduated beam, fine overall.
- 023.\_\_\_\_Sargent? No. 105 tail handled iron block plane, complete and fine.
- 024.\_\_\_\_Lot of long twist drills and pieces of drill rod.
- 025.\_\_\_\_Scarce LUFKIN RULE CO. 30-inch steel log cruiser with wooden handle and bras tip, very good overall.**
- 026.\_\_\_\_Starrett 24-inch No. 4 Grad. steel scale with groove in one side for attaching center, square or protractor heads, very good; and a 12-inch wooden rule adverting BART's DRUG STORES, very good.
- 027.\_\_\_\_LUFKIN RULE CO. No. 1069 36-inch brass scale that would have been screwed to the counter in a store, marked N.Y.C. & PENNA. APPROVED TYPE SERIAL NO. E2, very good; and a Disston & Sons 18-inch plumb & level with intact vials, very good overall.
- 028.\_\_\_\_Stanley #100 1/2 round bottom plane with tail handle, used by model and instrument makers and others, this one has most of its original japanning, former owner Al R. has put his name in both sides with an electric pen, fine overall.
- 029.\_\_\_\_Wooden clapboard siding marker, adjustable wedge-locking beam, good overall.
- 030.\_\_\_\_Scarce Mark's Patent (U.S. #864,101) Ohio Tool Co. #05 iron jack plane, has the round OHIO TOOL-globe logo on the blade, scuffed but intact tote and knob, very good overall, the patent applies to the frog adjuster screw which is very unusual on an Ohio Tool iron bench plane, this one is very good overall.**
- 031.\_\_\_\_Stanley #100 mini iron block plane with tail handle, fine japanning and full length BB-logo blade, fine overall.
- 032.\_\_\_\_Stanley #93 butt and rabbet gauge, fine nickel plating V-logo in screw head, complete and fine.
- 033.\_\_\_\_Pair of wooden spoke shave-type scrapers, each has a bone wear-strip on the bottom, and each has a small hang hole in end of handle, very good overall.
- 034.\_\_\_\_Scarce Stanley #34 4-inch machinist-type shaft level with eclipse-type vial cover, nickel plating 95 percent plus, intact vial, fine overall.**
- 035.\_\_\_\_Stanley #75 bullnose rabbet plane, has early football-shaped Rule & Level Co. logo on blade, very good overall.
- 036.\_\_\_\_RARE Ohio Tool Co. No. 015 1/2 tail-handled iron block plane with Marks Patent (U.S. #680,055) lateral adjuster, complete and very good overall.**

- 037.\_\_\_\_ Stanley #38 oil burner level with fine orange japanning, intact vial, very good overall.
- 038.\_\_\_\_ Stanley #259 torpedo level, both vials intact, very good overall; plus a wooden spoke shave with a blade marked T. TILLOTSON CAST STEEL, very good.
- 039.\_\_\_\_ Early OHIO TOOL CO. No. 4 1/2C wide body iron smooth plane, nice rosewood knob, rosewood tote broken and glued in center, very good THISTLE BRAND iron, 90 percent plus maroon japanning in bed, complete and fine.
- 040.\_\_\_\_ Stanley No. 92 rosewood and brass butt and mortise gauge, complete and fine.
- 041.\_\_\_\_ Early 6-inch Stanley #9 1/2 iron block plane with Excelsior-style body, has L. BAILEY name and two patent dates at top of fine blade, very good overall.
- 042.\_\_\_\_ Stanley #8C 24-inch iron jointer plane, very good T-logo blade, good rosewood tote and low knob, two patent dates behind frog, will make a very good user.
- 043.\_\_\_\_ OHIO TOOL CO. No. 07C iron jointer plane, scuffed but intact tote and knob, very good globe-logo blade, very good overall.
- 044.\_\_\_\_ Unknown make 22-inch wooden jointer plane, has A. DELLINGER and C.P. FAUX owner makers on toe, good closed tote, MOTTRAM single iron, very good overall.
- 045.\_\_\_\_ Pump drill with round wooden flywheel, leather rope, very good overall.
- 046.\_\_\_\_ Small patternmaker-type wooden spoke shave with short handles, brass wear strip on bottom, very good overall.
- 047.\_\_\_\_ Pair of Stanley #95 butt gauges, the top one is a later model and the bottom is an early type, both are very good.
- 048.\_\_\_\_ Ohio Tool Co. No. 0103 iron block plane, good globe-logo blade, very good overall.
- 049.\_\_\_\_ Stanley #85 (unmarked) rosewood panel gauge, has AUG. 9, 1872 patent date stamped into beam, fine overall.
- 050.\_\_\_\_ Unusual SOUTHWINGTON HDWE. CO. No. 101 take-down rafter square, Patented 1912, complete and very good.
- 051.\_\_\_\_ Pair of slitting gauges, one has a roller under the handle; the head on one has been broken and repaired; the other has a repaired handle with a screw coming up from the bottom.
- 052.\_\_\_\_ Pair of early framing squares: S. HAWES PATENT (Dec. 15, 1819) also marked S.A. WHIPPLE, with one 24-inch leg and one 14-inch leg, numbers appear to be hand stamped, very good overall, one of if not the earliest patented tools we have offered for sale; and a blacksmith made framing square with hand stamped numbers, one leg 24-inch and on 12-inch, some pitting on short leg, very good overall.
- 053.\_\_\_\_ Four butt gages: three Stanley #95 and one Craftsman No. 3940, all complete and very good.
- 054.\_\_\_\_ Shingle froe and fore club, both very good.
- 055.\_\_\_\_ OHIO TOOL CO. No. 0113 compass plane (same as a Stanley #113) complete with intact rear handle, very good THISTLE BRAND blade, good nickel on front adjuster screw, very good overall.
- 056.\_\_\_\_ CUT NAILS 1850-1970 framed display made by the late Bill Baader, some water spots on the white background, very good overall.

- 057.\_\_\_\_ Pair of wooden planes: 10-inch horn plane with sole radiused from side to side, WUSTER & CO blade has light rust, very good overall; and an OHIO TOOL CO. compass plane with rosewood throat patch, very good overall.
- 058.\_\_\_\_ Nice 18-inch wooden slaw cutter, very good overall.
- 059.\_\_\_\_ Gage Tool Co. Vineland NJ No. 2 transitional smooth plane, complete and fine.
- 060.\_\_\_\_ Ohio Tool Co. No. 035 transitional smooth plane, nice Thistle Brand blade, very good tote and knob, very good overall.
- 061.\_\_\_\_ Pair of wooden bench planes: SCIOTO WORKS No. 3 8-inch smooth plane with owner-added closed handle; and an OHIO TOOL CO. No. 280 8-inch smooth plane with nice THISTLE BRAND iron, good front knob, both ears chipped, very good overall.
- 062.\_\_\_\_ Large one-handed 2-inch closed scorp, very good overall.
- 063.\_\_\_\_ Two wooden molding planes: OHIO TOOL CO. No. 43 2-inch round that has been opened up on the right side, very good overall; and a OHIO TOOL CO. 3/4-inch boxed side bead, has plane-shaped logo on toe, fine overall.
- 064.\_\_\_\_ **Scarce OHIO TOOL CO. No. 025 low-transitional bench plane (knockoff of a Stanley #25 complete with THISTLE BRAND iron, not marked on the toe, very good overall.**
- 065.\_\_\_\_ Canvas roll containing 30 assorted square-shanked wood augers and twist drill bits.
- 066.\_\_\_\_ **Scarce OHIO TOOL CO. No. 036 wide body transitional smooth plane with maroon or brown japanning, light pitting on blade and chip breaker, tote has crack at base on one side, very good overall.**
- 067.\_\_\_\_ Small wooden bench vise with good screw, very good overall.
- 068.\_\_\_\_ Lot of seven assorted sharpening stones.
- 069.\_\_\_\_ Disston dovetail saws in wooden box with sliding lid.
- 070.\_\_\_\_ Pair of zig zag rules: SKOKIE No. FR-62 DELUX, complete and fine; and a LUFKIN RED END, very good.
- 071.\_\_\_\_ Lot of assorted machinist tools: Two surface gages, one by Starrett; a STANDARD TOOL CO. ATHOL try square; center head; small indicator; dial indicator, small brass protractor; and a small parallel clamp.
- 072.\_\_\_\_ Stanley #18 sliding bevel; and a Stanley #90 single beam marking gage, very good.
- 073.\_\_\_\_ Unknown make ratchet brace with 12 Forstner bits; nine with square shanks and three smaller ones that have had their tangs cut off for use in a drill press.
- 074.\_\_\_\_ Six calking chisels, used by caulkers to fill the seams of wooden hulled boats, ships and barges with pitch covered oakum. Would have been used with a mallet like that in lot #87.
- 075.\_\_\_\_ Four assorted socket chisels
- 076.\_\_\_\_ Nicely made hand adz, complete and very good.
- 077.\_\_\_\_ Three flat bladed screwdrivers with wooden handles.

- 078.\_\_\_\_ Three scarce OHIO TOOL CO. corner chisels, all very good.
- 079.\_\_\_\_ Pair of saw swages: Disston CONQUEROR; and J.W. MIXTER Patent (U.S. No. 406,227) issued July 2, 1889. Both in good or better overall condition.
- 080.\_\_\_\_ Hand adz with wooden handle, very good overall.
- 081.\_\_\_\_ Farrier's buttress, appears to be blacksmith made, very good overall.
- 082.\_\_\_\_ Lot of 11 square shanked wood auger bits.
- 083.\_\_\_\_ Lot: two wood floats, one that looks like the type a plane maker would use; and a screwdriver with twisted shaft, very good.
- 084.\_\_\_\_ Stanley #29 transitional jointer plane, the top of the handle has been reshaped, and there is rust on the blade and lever cap, can be restored to usable condition.
- 085.\_\_\_\_ Wooden cooper's howell plane, complete and very good.
- 086.\_\_\_\_ D.R. BARTON chamfer knife, also known as a beer keg chamfer knife, complete and fine.
- 087.\_\_\_\_ Wooden cooper's croze plane, complete and very good.
- 088.\_\_\_\_ Nice wooden calking mallet used to drive reefing and calking irons that were used to clean out and reseal seams on wooden vessels, this one is complete and very good.
- 089.\_\_\_\_ Unusual Stanley #12W Whimble-style brace, complete and very good.
- 090.\_\_\_\_ **Scarce blacksmith-made curved froe with early wooden handle, very good.**
- 091.\_\_\_\_ Pair of GENERAL 177-1 THREAD REPAIR FILES, one in original packaging, the other in partial packaging, both fine.
- 092.\_\_\_\_ Unusual draftsman's-type brass triangle, very good overall.
- 093.\_\_\_\_ Wooden coachmaker's router, has hang holes in both handles, very good overall.
- 094.\_\_\_\_ Brass coachmaker's router, complete and fine.
- 095.\_\_\_\_ Craftsman Bench & Radial Saw MOLDING HEAD in original box with instruction booklet; and a box of 11 NOS IRWIN 2-inch 400-P Series flat bladed screwdrivers with pocket clips in original box, very good.
- 096.\_\_\_\_ Large brass caliper, complete and very good.
- 097.\_\_\_\_ Round yellow glass disc with the MWTCA logo and the year 1980 cast into it, likely a giveaway from one of the semiannual meets in 1980, very good.
- 098.\_\_\_\_ Brass hacksaw frame that was likely cast from a wooden handled model, very interesting.
- 099.\_\_\_\_ Six wooden molding planes from England and the U.K.: MOSELEY 1/2-inch tongue; MARPLES 1/8-inch side bead with boxwood boxing; MATHIESON 1/8-inch side bead with boxwood boxing; GLEAVE No. 8 round (hollow to the U.S.A. blokes); GLEAVE #4 hollow (round to the U.S.A. market); and unknown make skewed rabbit.
- 100.\_\_\_\_ **RARE J.BURKE MADISON IA (Indiana) measures 14 1/2 x 4 1/2 inches with 3 5/8-inch blade, handle has a few chips near bottom, otherwise fine.**

101. \_\_\_\_ Lot of four assorted wooden molding planes: 5/8-inch tongue plane modified and currently sporting a rabbet plane blade; CASEY & CO. 1/8-inch boxed side bead; A. HOWLAND & CO. 3/8-inch boxed side bead; and unknown make 3/16-inch side bead.
102. \_\_\_\_ Disston 26-inch THE GREAT AMERICAN SPECIAL hand saw with 8ppi blade, good etch, good overall.
103. \_\_\_\_ Lot of five molding planes
104. \_\_\_\_ Disston 26-inch 10ppi hand saw, handle has a screw from the top horn down and from the bottom horn up to secure cracks, good etch, good overall.
105. \_\_\_\_ Early wooden horn plane full of bug holes and decorated with starbursts on both sides, interesting.
106. \_\_\_\_ **Scarce HENRY DISSTON die stamped 28-inch 4 1/2ppi blade hand saw with split nuts securing handle, nice sunken H.DISSTON medallion, light rust, will clean to very good.**
107. \_\_\_\_ "UNIVERSAL HOSE TOOL, PAT'D JAN. 12-1915, HOSE BANDS CO. LTD CHICAGO, brass tool used to secure hoses to fittings, very good.
108. \_\_\_\_ Stanley #40 1/2 wide body scrub plane, complete with partial decal on handle, fine overall.
109. \_\_\_\_ Pair of unusual patented saw sets: on the left is a Charles Croissant & Bro. Patent (U.S. Aug. 5, 1884, Nos. 129,892 & 303,127) that has some mild pitting; on the right is a LEACH patent (U.S. Jan. 19, 1869, No. 85,941) that is complete and very good.
110. \_\_\_\_ Stanley HANDYMAN H104 smooth plane MADE IN USA, name and model number on side of tote, complete and fine.
111. \_\_\_\_ Pair of unusual patented saw sets: on left is an unknown make marked PAT. PEND. on one handle, very good; and a Fager Patent (U.S. March 3, 1891, No. 447,722) made by Kohler & Co. has light pitting, good overall.
112. \_\_\_\_ Stanley VICTOR iron smooth plane, complete and fine.
113. \_\_\_\_ Nice adjustable brass bitstock washer cutter, one of the nicest we have seen.
114. \_\_\_\_ Unusual FIRESTONE (Sargent) iron black plane with adjustable throat, complete and fine.
115. \_\_\_\_ Two Stanley clapboard tools: #88 marker; and #89 gauge, both complete and very good.
116. \_\_\_\_ Two Stanley block planes: on the left is one made in England, it is complete and fine; the other is a Handyman with blade adjusting lever, and original decal on lever cap, fine overall.
117. \_\_\_\_ S.H. Co. chain drill missing the chain; and an adjustable ANGLE DIVISOR made of aluminum, fine overall.
118. \_\_\_\_ Pair of rosewood handled putty knives: one marked GOODELL ANTRIM NH; and the other ??RANT?? CUTLERY CO; both very good.
119. \_\_\_\_ Lot: Bearing scrapers; slag hammer; and a small pair of shears.
120. \_\_\_\_ Pair of fencing pliers: Diamond Edge; and S&H CO. No. 1, both very good.
121. \_\_\_\_ Veritas corner rounder, fine; and a double bladed spoke shave.

122. \_\_\_\_ A.H. Reid Patent screwdriver with one flat bit, very good; and Stanley #180 18-inch bit extender, complete and fine.
123. \_\_\_\_ Lot: Handyman 133H Yankee-style screwdriver with one flat blade, fine overall; Millers Falls No. 29 Yankee-style screwdriver with one flat blade, very good; MERIT push drill with at least 3 original bits inside handle; and a STANDARD flat-blade screwdriver, very good.
124. \_\_\_\_ Three pair of nippers: 6-inch HELLER BROS, very good; 6-inch V&B, good; and unknown-make 4 1/2-inch pair of end cutters, blade chipped at cutting edge.
125. \_\_\_\_ Unknown-make iron rabbet plane; marked PAT. APL'D FOR on one side, missing one of the extendable feet; and missing the blade, a scarce plane in any condition.
126. \_\_\_\_ Lot: combination bottle opener and knife sharpener; another knife sharpener; and two wooden handled glass cutters.
127. \_\_\_\_ Scarce Keen Kutter (Stanley) K78 rabbet and fillister plane with proper fence and fence rod, missing the depth stop, currently has a Millers Falls blade in place of the original, fine overall.
128. \_\_\_\_ Pair of unusual dividers; on the larger one the straight leg is 18 inches long; and on the smaller one, the straight leg is 6-inches long.
129. \_\_\_\_ Pair of iron spoke shaves: the one on top has BAILEY'S PATENT AUGUST 1858 cast into underside of handles, a good RULE & LEVEL CO. blade, very good overall; the one on the bottom has decorative frame, spring-loaded throat adjuster, good overall.
130. \_\_\_\_ Unusual all-steel wheelwright's bruzz, a type of corner chisel, complete and fine.
131. \_\_\_\_ Unusual coachmakers' router with round frame, complete and fine.
132. \_\_\_\_ Pair of iron spoke shaves: on top a Stanley No. 151, complete and fine; and on bottom a Stanley No. 53 with Rule & Level Co. blade, some rust, will clean to very good.
133. \_\_\_\_ Small drawknife with 4-inch blade, nice wooden handles and brass ferrules, very good overall.
134. \_\_\_\_ Early pair of iron dividers.
135. \_\_\_\_ **Scarce Stanley #57 iron spoke shave, nice Rule & Level-logo blade, very good overall.**
136. \_\_\_\_ Different drawknife with 6-inch blade and having round wooden handles, very good overall.
137. \_\_\_\_ Early pair of blacksmith-made dividers with nice ram's-horn nut, very good; plus an early pair of outside calipers.
138. \_\_\_\_ Stanley #66 hand beading scratch stock with five original blades plus two blanks for making custom profiles, comes with both the curved and straight fences, very good overall.
139. \_\_\_\_ Lot of eight old files and rasps that have been converted into exotic turning tools.
140. \_\_\_\_ A.G. Bachelder iron spoke shave with both straight and curved blades, very good overall.
141. \_\_\_\_ Nicely made two-handle scorp, very good overall.
142. \_\_\_\_ Homemade pair of outside calipers; and a smaller drawknife with wooden handles and brass ferrules.
143. \_\_\_\_ Large skew bladed turning tool, very good overall.

- 144.\_\_\_\_ Small ice chipper that works like a slide hammer, marked CHAMPION on side of the sliding weight, fine overall.
- 145.\_\_\_\_ Nice pair of blacksmith-made dividers, complete and fine.
- 146.\_\_\_\_ Early outside caliper, nice form, very good overall.
- 147.\_\_\_\_ Two tool books: British Planemakers from 1700 by W.L. Goodman 3rd Edition Revised by Jane and Mark Rees, hardbound with intact jacket, complete and very good; and The History of Woodworking Tools by W.L. Goodman, hardbound, with tatty jacket, book is very good.
- 148.\_\_\_\_ **SCHROETER's No. 1 bench top electric scroll saw with nice WESTINGHOUSE Style 117310 Serial 712365 Alternating Current 1/8-HP motor Patented 1893, early porcelain toggle switch, very good overall. The top is a banjo type that looks like a Barnes-made product, but the Schroeter name is cast into the cast iron base. All mounted on a piece of wood that clamped to a bench or table top. The first we have seen or sold.**
- 149.\_\_\_\_ **Large wooden miter plane and board that shoots 45 degree miter cuts, nicely made, and very good overall.**
- 150.\_\_\_\_ **SCHROETER HARDWARE CO. ST. LOUIS No. 15 scroll saw with drill attachment that can be hand cranked or run off of and early Emerson electric motor, all mounted to a piece of wood that can be clamped to a bench or table top during use, very good overall. Looks like a Barnes-made item but has the Schroeter Name and model number cast into the cast iron frame.**
- 151.\_\_\_\_ Three wooden framed saws including a newer rosewood turning saw; beech turning saws a small fret saw, all are complete and usable. The beech saw has carving at the tops of the handle and the strainer.
- 152.\_\_\_\_ Early English? breast drill with removable crank, and removable breast plate, very good overall.
- 153.\_\_\_\_ Fine ATKINSON, HASERICK & CO. AGENTS FOR U.S.A. BOSTON MASS oiler with pump, very good.
- 154.\_\_\_\_ Wooden screw box and tap approximately 3/4-inch, some light rust on the tap, will clean to very good.
- 155.\_\_\_\_ Lot of tool art and catalogs: a 2-sided poster of the treadle and pedal powered tools made by the W.F. & John Barnes Co. and several photocopies of the saw side of this poster; a MWTCA reprint of the Israel White 3-arm plow; a reprinted Price List No. 88 of the John Wilkinson Co. of Chicago, ILL; a reprinted John Rabone & Sons catalog reprinted by Ken Roberts; and a James Howarth & Sons Fourth Illustrated Edition catalog reprinted by Roy Arnold, fine.
- 156.\_\_\_\_ Large lot of tool paper and catalogs.
- 157.\_\_\_\_ Wooden miter jack, complete and very good.
- 158.\_\_\_\_ Lot of three T-augers, the twisted one has a few forge welds at the top; the other two appear to be for making wooden shoes.
- 159.\_\_\_\_ Lot of 16 Stanley 8 1/2 X 11-inch high gloss tool posters, all reprinted by Roger K. Smith and all suitable for decorating.
- 160.\_\_\_\_ Lot of Stanley Tool Catalogs etc.; a poster of the old Stanley Rule & Level Co. factory. Included are catalogs No. 120 hardbound (the posters in the previous lot were proofs from this book); catalog 129; catalog 139; Stanley Tool Industrial Catalog; Loyalty 25 Stanley SW First Annual Banquet, held May

22, 1926 at the Hotel Burritt, New Britain Connecticut, a dinner held for those serving the company for 25 years, reprinted by Roger Smith in 1991 in the days leading to his publication of PTAMPIA.

161. \_\_\_\_ Lot of Stanley Tool catalogs, pamphlets and other related publications, most are reprints.
162. \_\_\_\_ Lot of 12 assorted Stanley Tool Catalog reprints including #34; 1887; 1879; 1884; 1867; 1870; 1859; 1892; 1893; Catalog No. 102; etc. All in fine original condition.
163. \_\_\_\_ Lot of 15 assorted tool catalog reprints including OHIO TOOL CO.; ARROWMAMMETT WORKS; CHAPIN-STEPHENS; AUBURN TOOL CO.; Otto Bergmann; LUFKIN; HERMON CHAPIN; FRAY's; Eagle Squares; Millers Falls; Simonds Saw Co. etc.
164. \_\_\_\_ Lot of 21 assorted tool catalog reprints including H.CHAPIN's SON 1890; H.D. SMITH CO.; HAMMACHER SCHLEMMER & CO.; STANDARD TOOL CO; BROWN & SHARPE; Sargent Tool Book; Chas-A-Strelinger & Co.; D.R. BARTON; HENRY CHENEY; THE COLLINS CO.; RAYL's; etc.
165. \_\_\_\_ **Scarce LUFKIN RULE CO. 36-inch wooden lumber cruiser with brass end, Lufkin name stamped into the brass, very good overall.**
166. \_\_\_\_ **Scarce OHIO TOOL CO. No. 0112 iron scraper plane (similar to Stanley #112) good tote and knob, unmarked blade, entire plane has light coat of clear lacquer or something similar, very good.**
167. \_\_\_\_ Unusual 1/2-inch wooden match plane, stock is just 8 1/2 inches long, marked 4/8 on one end, very good overall.
168. \_\_\_\_ Unusual Marks Patent OHIO TOOL CO. No. 015 iron block plane with a lever in the back that both moves the blade in or out, but also operates as a lateral lever, includes the often missing throat operating lever, fine overall.
169. \_\_\_\_ Pair of marking gages: on top is a Stanley double beam with brass wear plate, some staining, very good usable condition; and a DISSTON & MORSS single beam, complete and very good.
170. \_\_\_\_ Early Stanley #120 iron block plane with 6-point star in lever cap, early Rule & Level Co. logo on blade with patent date, very good overall.
171. \_\_\_\_ Two wooden molding planes: H. CHAPIN UNION FACTORY No. 15 round, typical nicks and dings, very good overall; and a T.J. M?MASTER & CO. 5/8-inch complex molder, very good.
172. \_\_\_\_ BAILEY TOOL CO. DEFIANCE E block plane with lever in the back that adjusts the blade in and out, nice battle axe logo on blade, back of lever cap marked LEVER E, has a few small chips in rear of throat, the lever caps on these are nearly always broken, this one is intact, very good.
173. \_\_\_\_ Wooden handled scraper like those used by bakers to scrape dough from a countertop, 9-inch blade, discolored on one side and looks like it may have gotten too close to the stove, very good overall.
174. \_\_\_\_ Unknown make scrub or patternmaker's plane with steel bed, very good tote and knob, sole slightly radiused as is the blade, has two small holes in left side, very good overall.
175. \_\_\_\_ Nice ISRAEL WHITE double boxed complex profile molding plane with rosewood boxing, fine mark on toe, fine overall.

- 176.\_\_\_\_ Pair of gages: Unknown make mahogany and brass marking and mortise gage, complete and fine; and rosewood marking and mortise gauge with well-worn points, marked with former owner J.B. BELL's name, very good overall.
- 177.\_\_\_\_ CASEY & CO. AUBURN NY No. 86 1/2-inch match plane with hang hole in end of stock, very good overall.
- 178.\_\_\_\_ Rosewood handled try square with 12-inch blade, brass plate on inside edge of handle, very faint pitting on blade, very good overall.
- 179.\_\_\_\_ OHIO TOOL CO. (unmarked) No. 61 molding plane, marked 7/8 and 2 on the heel, one of the widest molding planes we have seen, fine overall.
- 180.\_\_\_\_ Unusual rosewood & brass try square with built-in level, 12-inch blade, very good overall.
- 181.\_\_\_\_ J. CREAGH CinT Ohio complex profile molding plane marked 3/8 on heel, very good overall.

345. \_\_\_\_ Woodworking work bench with head and tail vises, chip tray in the back, the handle that operates the tail vise needs, nice trestle.
346. \_\_\_\_ Large lot of assorted scraps found in the trays of a furniture maker's tool chest.
347. \_\_\_\_ Lot: Long wooden pole pruner; wooden hand scythe and another weed cutter that is used like a scythe.
348. \_\_\_\_ Atlas 6-inch Series 618 screw cutting lathe with assorted tooling including a milling attachment, just needs a power source and a bench or leg set and it will be ready to roll.
349. \_\_\_\_ Unknown make No. 101 mini iron block plane, body and blade lightly pitted, 101 cast into bed behind finger rest.
350. \_\_\_\_ Stanley #55 combination plow plane in original tin box; plane comes with four boxes of original blades all with nice labels, main frame, sliding section, auxiliary center bottom, both side handles, instruction booklet held together with lots of clear tape, sheet of paper announcing the new cam rest, long and short rods, flat bladed screwdriver, one of the side handles has a screw passing all the way thru it, a fine plane overall in a nice tin box, the outside of the box has a coat of gray paint.
351. \_\_\_\_ M. & N.H. STOUT ST. LOUIS MO (plane makers 1838-1849) wide complex wooden molding plane marked 1 5/8 & 3/4 on heel, very good overall.
352. \_\_\_\_ Stanley #112 scraper plane, late model with BB-logo blade, hardwood handles, very good overall.
353. \_\_\_\_ Stanley #71 router with throat closing attachment, all three blades, original instruction Manuel and partial label off original box, fine overall.
354. \_\_\_\_ Stanley #193B fibre board beveling plane that has both of the original attachments, tote broken and glued, very good overall.
355. \_\_\_\_ Early Stanley #45 combination plow plane, with one blade, beading stop, front and rear depth stop, dated splitter, and long rods, just add a blade set and it will be a fine user.
356. \_\_\_\_ Stanley #1951 fibre board beveling plane, very good overall.
357. \_\_\_\_ Early Stanley #46 skew bladed plow plane with original auxiliary fence, one nicker present, light to moderate rust, will clean to very good.
358. \_\_\_\_ **RARE Stanley #195 fibre board beveling plane, has fine pitting on the bottom, tote broken and glued, good overall.**
359. \_\_\_\_ Stanley #39 1/2-inch dado plane, both nickers intact, good blade, locking screw for depth stop improper, very good overall.
360. \_\_\_\_ **Unusual adjustable coopers croze and howell combination tool, very good overall.**

- 361.\_\_\_\_ Stanley #100 1/2 round bottom model or patternmaker's plane, very good overall.
- 362.\_\_\_\_ Stanley No. 194 fiber board beveling plane, complete and very good.
- 363.\_\_\_\_ Stanley OH5 Two Tone jack plane, with maroon bed and yellow chip breaker, complete and very good.
- 364.\_\_\_\_ Stanley OH4 Two Tone smooth plane, blue bed and yellow frog, very good overall.
- 365.\_\_\_\_ Stanley #81 cabinet scraper with nice rosewood bottom, fine SW blade, very good nickel plating, very good overall.
- 366.\_\_\_\_ Wooden carpenter's tool chest. Measures 36x12x13, lock in front has been removed, has runners inside for two sliding trays, needs rope or bracket installed to keep lid from flopping open.
- 367.\_\_\_\_ WM. GARRELS & CO. 1720 CARONDELET AV. ST. LOUIS 3/4-inch side bead plane, little is known about this short-lived hardware dealer, their name is stenciled in ink on side of this OHIO TOOL CO. plane, very good overall.
- 368.\_\_\_\_ Unusual wooden miter jack, needs light cleaning, very good overall.
- 369.\_\_\_\_ CHILD, FARR & CO. ST. LOUIS. MO (hardware dealers circa early 1850s) complex wooden molding plane, nice boxwood boxing, marked 5/8 on heel, fine overall.
- 370.\_\_\_\_ Instant collection of wooden clamps; instrument makers; jewelers; and a couple of real oddball types, at least 10 pieces in all.
- 371.\_\_\_\_ Scarce DIAMOND EDGE DEO5 (BUCKEYE SAW VISE COMPANY) Muehl Patent iron jack plane with smooth bottom, blade does not appear to be original, good tote and knob, very good overall.
- 372.\_\_\_\_ A. (Adolphus) MEIER ST. LOUIS, MO (hardware dealers 1838 to 1872) wide complex profile molding plane, marked 3/4 & 1 3/4 on heel, coated with lacquer?, very good overall.
- 373.\_\_\_\_ Scarce DIAMOND EDGE DEO5C (BUCKEYE SAW VISE COMPANY) Muehl Patent iron jack plane with corrugated bottom, nice original blade, good tote and knob, very good overall.
- 374.\_\_\_\_ H. GERSTNER & SONS No. 454 machinist 11-drawer oak tool chest, perfect for storing and displaying a collection of tools, and just about anything else. This one has a few spots on either side of the drop down panel where someone tried to pry it out with a screwdriver, felt in drawer bottoms has some soiling, very good overall.
- 375.\_\_\_\_ Lot of three wooden clamps, one with neat cam-locking feature.
- 376.\_\_\_\_ Lot of two shingle froes and two fore clubs.
- 377.\_\_\_\_ Homemade trade-axe type tool a small kindling froe and an early meat cleaver.
- 378.\_\_\_\_ Unusual set of MARX POCKETTOOLS Tools in the original box AS SEEN ON TV, complete and very good.
- 379.\_\_\_\_ **RARE M.K.&T. (Missouri, Kansas & Texas Railroad) 26-inch hand saw with good etch, 7ppi blade, intact nib, very good overall. This is the first railroad saw we have ever seen or sold.**
- 380.\_\_\_\_ Large English? turnscrew or screwdriver 31-inches long overall, has a crack in the 9-inch wooden handle, very good overall.

381. \_\_\_\_ **Very Rare Pullman (Railroad Car) Co. hand saw with near perfect etching MADE EXPRESSLY FOR THE PULLMAN CO. BY HENRY DISSTON & SONS PHILADELPHIA, fine etch, fine overall.**
382. \_\_\_\_ Lot of three English-style turnscrews or screwdrivers, at least one made from an old file or rasp.
383. \_\_\_\_ Pair of ADLAKE U.P.R.R. NO. 1 SWITCH railroad padlocks with one common key, very good.
384. \_\_\_\_ Pair of saws including an early W.B. SEARS & CO. meat or bone saw with three split nuts securing the handle, and an auxiliary wooden handle near the end of the frame, first of its kind we have seen; plus an early jeweler or armorer's saw that needs a blade.
385. \_\_\_\_ Pair of ADLAKE railroads padlocks both with keys, one has ICGRR stamped on the back, and both have a length of chain, very good overall.
386. \_\_\_\_ Two fret saws: small shallow model with wood handle, very good; and a deep throated model that is also very good.
387. \_\_\_\_ Three ADLAKE railroad padlocks all with length of chain; one marked CM ST PP with key; another C&NWRV; and one stamped PC76 on back with key.
388. \_\_\_\_ Two railroad items: long handled hammer (for breaking up coal?) marked M&St.LRR on side of head, very good; and a new hammer handle marked CB&Q RR LINK, fine.
389. \_\_\_\_ Pair of brass railroad padlocks: Corbin XLCR marked N.C. & St.L RY with pair of keys; and a DAYTON MFG CO. marked B&O RR, no key.
390. \_\_\_\_ Pair of railroad marked screw-adjusting nut wrenches: Bemis & Call marked NYC&STLRRCO, handle slightly bent; and a Coes-type B&C marked St.LSFR?? with some pitting on bottom jaw near the logo, very good overall.
391. \_\_\_\_ Small brass plumb bob with removable top and steel tip, well worn, good overall.
392. \_\_\_\_ Common sense-type brass millwright's plumb bob approx. 4lbs, typical nicks and ding, very good overall.
393. \_\_\_\_ Preston-type brass plumb bob with removable top and steel tip, very good overall.
394. \_\_\_\_ Large cast iron acorn-shaped plumb bob with brass tip, very good overall.
395. \_\_\_\_ Nice brass plumb bob with removable top, steel tip, has string wrapped around a brass ring, very good overall.
396. \_\_\_\_ Heavy steel plumb bob with removable top, and two rows of knurling, very good overall.
397. \_\_\_\_ Large lot of tool catalogs and reprinted books: Cumberland General Store; The Saw in History by Henry Disston; Disston Handbook on Saws; Henry Disston & Sons 1914; JEDEDIAH NORTH's TINNERS' TOOL BUSINESS by John H. Demer; Henry Disston & Sons 1876 Price-List; C.E. Jennings; four Dover Catalogs including Guns and Hunting Supplies; American Historical Catalog Collection; Peck & Snyder 1886; J.W. FISK 1893, etc.

- 400.\_\_\_\_ Unknown make surveyors or builders adjustable level with sights, dated 1867 on one side along with the faint S COTT maker or owner's name, very good.
- 401.\_\_\_\_ Pair of early Stanley trammel points with original rub blocks, very good overall.
- 402.\_\_\_\_ **Unusual BUFFUM TOOL CO. Engineers Bearing Scraper Set IOB with fine label intact, fine overall.**
- 403.\_\_\_\_ DUNLAP pistol-griped hand drill, complete and very good.
- 404.\_\_\_\_ Large pair of well-made brass trammel points each measuring 10.5 inches long overall.
- 405.\_\_\_\_ **RUGER pistol-grip hand drill, complete and in very good overall condition.**
- 406.\_\_\_\_ Pair of brass trammel points with steel tips, each measures 6 inches long overall, both very good.
- 407.\_\_\_\_ Unusual CLAWSON JO MFG. CO. J.O.I.C. hand drill that has a chuck and handle that can be adjusted into any number of positions, very good overall.
- 408.\_\_\_\_ Pair of early Stanley brass trammel points, the rub blocks are not original, the points themselves are very good.
- 409.\_\_\_\_ Eleven military surveying targets nicely painted plus a 10-oz. COLE MFG. CO. plumb bob that goes on a military webbed belt, fine overall.
- 410.\_\_\_\_ Set of six AMT carving knives, all like new in original pouch.
- 411.\_\_\_\_ Lot of four hand forged knives all made by a guy named McCrackin; one from a railroad spike and three from elevator cable, all very good.
- 412.\_\_\_\_ Set of five Millers Falls carving tools all have the owner's name ED carved into the handle.
- 413.\_\_\_\_ Set of six AMT carving tools in felt roll, all very good overall.
- 414.\_\_\_\_ Set of five small carving gouges that look like they were made by Millers Falls, all are fine.
- 415.\_\_\_\_ Set of five carving gouges with brown handles all in fine overall.
- 416.\_\_\_\_ Scarce military heliotrope #483 by SEILER INSTRUMENT COMPANY ST. LOUIS MISSOURI , complete and very good. Just needs a pair of legs like those used with a builder's level or transit. This one is in olive drab paint which shows it was made for the military.
- 417.\_\_\_\_ Set of 11 carving tools, all in like new condition.
- 418.\_\_\_\_ Two mallets: nice jointers mallet, plus a mallet to strike shoemaker's clicker dies with.
- 419.\_\_\_\_ Carving mallet with burl head, needs light cleaning, very good.
- 420.\_\_\_\_ Set of 12 unmarked carving gouges, all in fine overall condition.
- 421.\_\_\_\_ Stanley #5 1/4 junior jack plane, with nice tall knob and tote, BB-logo blade, very good overall.
- 422.\_\_\_\_ Unusual CAPEWELL iron jack plane with original blade, good tote and knob, very good overall.

423. \_\_\_\_ UNION NO. 5 iron jack plane, has UNION cast into bed behind frog, tote spur has big splinter from left side, nice beaded knob, very good overall.
424. \_\_\_\_ Stanley #50 light duty plow plane IOB, has full blue box of blades, envelope containing chip deflector, long rods, spare spur screwed to body, fine nickel plating, a fine plane that is as complete as they came.
425. \_\_\_\_ Nice stone carvers mallet.
426. \_\_\_\_ Pair of Continental screw-arm planes: A plow with one blade; and sash that is missing one of the two blades and one of the two wedges is broken.
427. \_\_\_\_ Two wooden horn planes, one has rope wrapped around the top of the wedge.
428. \_\_\_\_ Lot of four Continental wooden molding planes including two complex profiles that have makers marks on the toe, WERHZEUG. FABRIK ERNST. HERSCHUH CHEMINITZ one is missing the piece of wood that was glued to the right side and used to close the wedge mortise. The others are all complete and very good.
429. \_\_\_\_ Small coachmaker's T-rabbit plane with laminated stock, good overall.
430. \_\_\_\_ Five Continental wooden molding planes at least two with maker's marks.
431. \_\_\_\_ Stanley #45 combination plow plane in original ash box (no lid) comes with full set of blades in original wooden box with nice label, long and short rods, cam stop, three depth stops, will clean to very good usable condition.
432. \_\_\_\_ Pair of adjustable hollow augers: The one on the left is a STEARNS and has an owner modified blade clamping fixture, intact depth stop, very good overall; and the one on the right is an A.A. WOODS patent with intact depth stop, some rust, will clean to very good overall.
433. \_\_\_\_ Pair of St. Louis marked wooden molding planes: E.F. SCHMEDING & CO. ST. LOUIS, MO #8 round, with light cleaning will be very good; and a HALL & HYNSON ST. LOUIS, MO 135 THIRD STREET 2-inch rabbit plane that is missing the nicker from the right side, very good overall.
434. \_\_\_\_ Pair of dowel or spoke pointers; one large and one medium.
435. \_\_\_\_ Scarce rosewood HUNT & WISEMAN unhandled screw-arm plow with boxwood arms and rosewood fence, has unusual crescent shaped lock below the depth stop screw, wedge reformed, comes with nice display stand and one blade.
436. \_\_\_\_ LUFKIN #590 brass weight for end of a gaging tape, in original box, the label on the box calls it a PUMB BOB but it is NOT a plumb bob.
437. \_\_\_\_ Mini bitstock dowel pointer, complete and very good.
438. \_\_\_\_ Stanley #12 cabinet scraper, this one sat in a damp basement and is rusty, there is no blade, the blade clamping screw is free, but the threads of the pitch adjuster nuts will need to be cleaned before they will move. The japping is good and so is the handle, can be restored to at least good usable condition.
439. \_\_\_\_ Another Japanese sumitsubo or ink line, complete and very good.
440. \_\_\_\_ Pair of small steel EAGLE squares each has one 12-inch leg and one 8-inch, one has the early eagle stamp that was used circa 1874-1916, and one has the circular eagle logo used circa 1915 before the Stanley buyout.

441. \_\_\_\_\_ Small nicely painted jeweler's-type drill with red and gold paint, and small wooden handle, small collet-type chuck, very good.
442. \_\_\_\_\_ E.A. STEARNS & CO. No. 54B 12-inch 4-fold ivory caliper rule, the caliper itself has been replaced a brass model out of another rule, otherwise this one is complete and very good with typical yellowing.
443. \_\_\_\_\_ Small Millers Falls jeweler's-type drill with collet chuck, about 45 percent of the original japanning remains, good overall.
444. \_\_\_\_\_ Stanley #92 ivory 12-inch 4-fold rule, complete and very good with just the typical yellowing.
445. \_\_\_\_\_ M. & N.H. STOUT (plane makers 1838-1849) wide complex wooden molding plane marked with former owners name R.W. MORRISON name on toe and heel, holes in sole from where an owner added fence was once mounted, nice eagle and starburst logo, very good overall.
