A nearly complete plane in fine overall condition.
- _____ 2 Stanley #71 1/2 router plane, with 1/4-inch blade, two good knobs, very good overall.
- _____ 3 Stanley #8 iron jointer plane, Type 8, with good rosewood tote and knob, good arched Rule & Level logo blade, 70 percent japanning, very good overall.
- _____ 4 Fine late model Stanley #40 scrub plane with nice rosewood tote and knob, BB-logo blade.
- _____ 5 Stanley #7C iron jointer plane, Type 13, BB-logo blade, intact rosewood tote and tall knob, STANLEY lever cap, very good overall.
- _____ 6 Fixer upper Bedrock 608 iron jointer plane, missing the tote but all the mounting hardware for a new one is in place, nice 2-line BEDROCK lever cap, nice V-logo blade, nice rosewood tall knob, will easily to fine overall.
- _____ 7 Fixer upper Bedrock No. 607 jointer plane, good rosewood tote and short knob, 75 percent plus japanning, BB-logo blade, needs a lever cap to complete, very good.
- _____ 8 Stanley #112 iron scraper plane, nice Richardson Bros. blade; has 1858 patent date on brass nut in rear, tote broken and glued, good beaded knob, has hang hole in toe, will make good user.
- _____ 9 Stanley BAILEY #6 iron fore plane, good rosewood tote and knob, STANLEY blade, bed repainted, good overall.
- _____ 10 Union No. X4G (grooved bottom) "Poor Man's vertical post" smooth plane, good LAKESIDE blade, tote broken and glued otherwise complete and very good.
- _____ 11 Stanley BAILEY #6C Type 9 fore plane, very good rosewood tote and knob, good FULTON TOOL CO. blade, very good overall.
- _____ 12 Sargent #710 Auto-Set junior jack plane, good tote and knob, very good overall.
- _____ 13 Stanley Bailey #5 1/2C Type 9 jack plane, good rosewood knob, BB-logo blade with patent number, tote broken and crudely glued, bed is covered with white wax that will scrape off with a finger nail, will clean to very good.
- _____ 14 Stanley #113 compass plane, good Q-logo blade, good overall.

- _____ 15 Stanley #5C iron jack plane, Type 13 with good rosewood tall knob, tote of stained hardwood, good BB-logo blade, very good overall.
- _____ 16 Sargent #708C Auto-Set smooth plane, complete and fine.
- _____ 17 Stanley #5 iron jack plane Type 8 or 9, rosewood tote repaired, good low knob, Q-logo blade, small chip in rear of throat, good usable condition.
- _____ 18 Stanley #62 low angle iron bench plane, nice nickel on cap and throat cam, tote a hardwood replacement, good rosewood knob, two small chips in rear of throat, very good overall.
- _____ 19 Pair of Stanley 9-in. iron smooth planes: #4C Type 11 with nice tote and low knob, Q-logo blade, very good overall; and a #4 with nice rosewood tote and knob, Q-logo blade, very good overall.
- _____ 20 Stanley BEDROCK #604C RT smooth plane, good SW-logo blade, tote broken and glued, good low knob, very good overall.
- _____ 21 Stanley BAILEY #3 Type 10 smooth plane, good rosewood tote and knob, good Q-logo blade, very good overall.
- _____ 22 Stanley BEDROCK 605C RT jack plane, improper 1-line BEDROCK lever cap, nice Q-logo blade, nice early style rosewood tote and knob, very good overall.
- _____ 23 Stanley #2 iron smooth plane for parts, body is welded at throat on both sides, good STANLEY lever cap, good frog, tote could be salvaged with a glue job.
- _____ 24 Stanley BEDROCK 605 iron jack plane, tote spur has been nicely reshaped, good low knob, 3-line Bedrock lever cap, bed has been repainted, very good overall.
- _____ 25 Four new old stock Stanley zig zag rules: 35-105 6-foot inside reading wood rule; 166LG Mason's Modular Rule; Engineers Rule in 10th and 100ths for surveyors; and a 126F FLAT READING with stud markings every 16 inches, all on original store cardstock.
- _____ 26 Stanley BEDROCK 607 iron jointer plane, good rosewood tote and knob, good Q-logo blade, 2-line BEDROCK lever cap, very good overall.
- _____ 27 Three jeweler's saws including one marked DIXON, all very good.
- _____ 28 Stanley BEDROCK 608C RT jointer plane, tote broken and needing glue, good knob, good SW-logo blade, 3-line BEDROCK lever cap, japanning 60 percent plus, chunk missing front right side at heel, good overall.
- _____ 29 Pair of two new mallets including a carving mallet with rubber sleeve over the wood, marked on top with WOOD IS GOOD CO.; and a large round
- _____ 30 New old stock W. GERMAN gutter adz marked HIRSCH WERKZEUGE W GERMANY Seit 1780, absolutely new.
- _____ 31 New old stock Stanley #35-226 zig zag rule, on original cardstock.
- _____ 32 Pair new mallets including (see photo) jointers mallet; and a nice unmarked carvers mallet.

- _____ 33 German jewelers lathe with box of collets, quick adjust tool rest, tail stock, and multi pulley setup.
- _____ 34 A.J. WILKINSON folding handle 8-inch drawknife, complete and very good.
- _____ 35 Small panel gage; and pair wooden calipers. The panel gage may have cut down from a larger one, it has a chip near end of beam, good overall.
- _____ 36 C.E. JENNINGS Arrowhead Brand 8-inch folding handle drawknife, complete and very good.
- _____ 37 Cheney #777 adz hammer, complete and very good.
- _____ 38 Unmarked wedge-locking panel gage, complete and very good.
- _____ 39 Council Tools Velvicut hammer, like new with original sticker on side of head.
- _____ 40 Estwing Leather Grip Pick, new old stock, some very light surface rust, will clean to fine overall. Still has store tag stapled to it shaft.
- _____ 41 Pair of 8-inch Greenlee drawknives, both fine to near new.
- _____ 42 Stanley #48 & #50 planes, both nickel plated. This lot includes a Stanley #48 tongue & groove plane with vine casting in the handle, good nickel plating, good rosewood knob, both cutters intact, very good overall; and a similar vintage #50 light duty plow with the vine cast handle, nickel plated, has SEPT 11, 83 patent date in outside of fence, needs blades, very good overall.
- _____ 43 Three Stanley iron block planes and a #50 light-duty plow. Stanley #16 with broken nickel plated lever cap, stamped "DAMAGED" on left side; #9 1/2 Type 10 with Excelsior-style body, complete and very good; and a #9 1/2 Type 2? with L. BAILEY'S patent dates on blade, lever cap is missing its lever, very good overall; and a #50 light duty plow that has a broken boss on the fence that the front rod passes thru, good main body, sliding section and two rods.
- _____ 44 Nice 20-inch 10ppi panel saw, has WARRANTED SUPERIOR medallion, nice handle, very good overall.
- _____ 45 Nice homemade wooden saw till that will hold 6 hand saws, complete and very good.
- _____ 46 W. TYZACK 26-inch NONPARIL No. 154 hand saw, complete and very good.
- _____ 47 Four TIME LIFE handyman or home-improvement books.
- _____ 48 Pair of oak winding sticks, used to flatten boards with hand tools, very good.
- _____ 49 Four FINE WOODWORKING TECHNIQUES hard bound books.
- _____ 50 Fine ebony stuffed gunmetal chariot plane, complete and very good.
- _____ 51 Cleveland Twist Drill Co. drill bit stand for fractional sized twist drill bits, very good.
- _____ 52 Unusual and likely scarce THOMSON PORTABLE VOLTMETER in wooden box with label on inside with date NOV. 25, 1909, complete and very good. Box had a leather carrying strap

that is missing now, but the brackets for the handle are there, so you could mount a new piece of leather in it.

- _____ 53 Pair of saws including 21-in. Keen Kutter back saw: Disston 26-inch 11ppi saw, can see keystone logo under the grime, will clean to very good, missing one saw nut; and a 21-inch miter box saw with Keen Kutter logo on medallion, very good overall.
- _____ 54 Three hand saws including two Keen Kutter: Keen Kutter K816 rip with 28-inch 5ppi blade, decent etch, missing one screw, very good overall; SHEPHERD'S SHEFFIELD 26-inch crosscut, with elaborate etch, will clean to very good; and a 26-inch rusty crosscut with Keen Kutter medallion, will clean to usable condition.
- _____ 55 Three OHIO TOOL CO. dado planes: No. 48, 1-inch complete and fine; No. 48, 7/8-inch, complete and very good; and No. 48, 1/2-inch, complete and very good; all have intact nickers and screw-operated depth stops.
- _____ 56 Wooden panel gage with 18-inch beam, the beam looks similar to those found on Stanley panel gages, the head looks like well-executed homemade replacement, very good overall.
- _____ 57 Three wooden molding planes: SANDUSKY No. 47 1/4-inch side bead, very good; SANDUSKY No. 41/51, 1/2-inch center bead missing blade, nice body and good boxing; and an A.C. BARTLETT'S OHIO PLANES 2-inch skewed rabbet with steel sole, very good.
- _____ 58 Wooden router plane with 1/2-inch blade, wedge looks like a later replacement, very good overall.
- _____ 59 Pair of wooden planes including German scrub: Wooden 10-inch horned scrub plane, marked GERMANY on top just ahead of the mouth, very good overall; and homemade scraper with a Sandusky double iron and a Birmingham lever cap, good overall.
- _____ 60 Hickory double bit axe head sold by the Kelley-Howe-Thomson Co. Duluth Minnesota, some light rust, will clean to very good.
- _____ 61 Unknown make 24-inch wooden jointer plane, nice closed handle, pitted blade with notched corners at top, stock is twisted and will need to be flattened if it is to be used.
- _____ 62 Unusual Stanley #57 corebox plane, has one riser on one side, has arched Rule & Level Co. blade, good tote and knob, good overall.
- _____ 63 Fine Stanley "Liberty Bell" #129 fore plane, has what appears to be a new stock made out of beech, stamped 129 at toe and heel, very good overall.
- _____ 64 Lot: Three wooden bench planes: 19-inch raze fore plane with applied rosewood sole, tote broken and needing to be glued; plus Ogontz and Easterly & Co. jack planes.
- _____ 65 Early Stanley #55 Universal plow plane good nickel plating, script logo on skate, all the rosewood is very good, comes with early cam, three depth stops and beading stop; four boxes of 51 blades including slitter in plane. A fine plane and very good set of usable blades.
- _____ 66 Nice 15-inch wooden jack plane with steel sole held by 13 countersunk screws, nice closed tote, nice ISAAC GREAVES tapered iron, very good overall.

- _____ 67 Early Stanley #46 skew bladed plow plane with 8 blades including slitter, unslotted screws securing the fence, one depth stop, intact spurs, intact auxiliary bottom, skate and bottom have some pitting, very good overall.
- _____ 68 Little RECORD 043 grooving plow with fine nickel plating, intact fence and depth stop, one 1/8-inch plow blade from a #45 Stanley included.
- _____ 69 Early Stanley #112 scraper plane, Stanley Rule & Level Co. logo in brass screw head, thick unmarked blade, very good rosewood tote and knob, very good overall.
- _____ 70 Small Japanese or Chinese chamfer plane, complete and little used.
- _____ 71 Unknown 13-in. infill panel plane, Sorby iron has about 1/8-inch useable length remaining, good WARD cap iron, nice closed tote, the heel has just under 2-inches broken out from hammer blows to remove wedge, a nice one to repair/restore.
- _____ 72 Pair of Stanley bench planes: #4 smoother with BB-logo blade, tote broken in center, will clean to very good overall; and #5 jack plane with SW-logo blade, tote spur MIA, knob has piece missing from base, good usable condition.
- _____ 73 Pair of Stanley VICTOR bench planes: #1104 smooth plane, with light cleaning will be very good; and #1105 that with light cleaning will be very good.
- _____ 74 Stanley #8 Type 8 iron jointer plane, most of the japanning is missing, scuffed rosewood knob, and scuffed tote, short Q-logo blade, will make good user.
- _____ 75 Set of six GREENLEE Short Turning TOOLS in original box, appears they were used once and put away as they are still very sharp, chisels are all near new, box is very good.
- _____ 76 Set of nine WINCHESTER chisels: 4980, 1/8-inch; 4981, 1/4-inch; 4982, 3/8-inch; 4984, 5/8-inch; 4985, 3/4-inch; 4986, 7/8-inch; 4987, 1-inch; 4009, 1 1/4-inch; and 4995, 2-inch; four of them need handles, all are good to fine.
- _____ 77 NOS Stanley 10 or 10 1/2 carriage maker's plane blade, BB-logo.
- _____ 78 Eight Winchester auger bits, all very good or better
- _____ 79 NOVA CHUCK by TEKNATOOL, new in original box, price tag says it cost \$164.99.
- _____ 80 Nicely made wooden router plane, very good overall.
- _____ 81 Four wooden molding planes: 5/8-inch dado with screw operated depth stop, faint maker's mark on toe, very good; #18 hollow; nice John Green 18th Century complex profile, very good; a 10 3/4-inch quarter round, very good;
- _____ 82 Two little if ever used German drawknives with red handles, one is still in the bag it was in when purchased.
- _____ 83 Pair of wooden tothing planes: one with 6.5-inch body and one with 7.5-inch, both complete and very good.
- _____ 84 Three drawknives: fine 8-inch ?AXON; fine 8-inch OAK LEAF; and very good 6-inch GREENLEE.

- _____ 85 Chisel lot including mortising & corner chisels; 3/8-inch HERRING & BROS mortising, very good; A.W. CROSSMAN 1/4-inch mortising, needs handle, fine; T.H. WITHERBY 7/8-inch corner chisel, needs handle, very good; F.O.K. & CO (Minneapolis/St. Paul) GILT EDGE 1-inch corner chisel, needs handle, fine overall; and D.R. BARTON 5/16-inch socket firmer, very good.
- _____ 86 A.E. JOHNSON Patent (U.S. No. 67,313) improved shave for boots and shoes, complete and fine. Patented July 30, 1867.
- _____ 87 Large cast iron glue pot with liner MARIETTA PA, very good.
- _____ 88 Large lot of bitstock tools including adjustable washer cutter; square nut driver, at least four adjustable auger bits; two wood handled gimlet type bits; and numerous regular auger bits by various makers.
- _____ 89 Stanley #45 combination plane in original albeit repainted tin box with hinged lid.
- _____ 90 Wooden Scandinavian flooring plane with handles fore and aft, very good overall.
- _____ 91 Stanley #45 in an early tin box with sliding lid, plane is fine, box is good. This plane has the script logo on the skate and comes with all three main sections; short and long rods; dated slitter is missing the screw; beading stop; two depth stops; original cutter box with 19 blades including the sash and fillister blades in bottom of the box and the slitter which is in the plane; needs one depth stop, screwdriver and screw for cam to complete, a fine plane in very good box.
- _____ 92 Pair of unusual drawknives including 16-in. D.R. BARTON, complete and very good; and an unknown make with 7-in. blade, some pitting, good overall.
- _____ 93 Set of three AMT turning tools in original wooden box with hinged lid, fine to near new.
- _____ 94 Set of Stanley level sights for wooden levels, head of both screws are marked with STANLEY logo, very good.
- _____ 95 Stanley #5 Type 11 iron jack plane, has very good SW-logo blade, repaired spur on tote, good low knob, will make great user.
- _____ 96 Three nearly identical firmer chisels, the smallest has a Stanley decal, all are like new and the two larger ones are wrapped in oil paper, fine to new condition.
- _____ 97 Unusual #4 1/2 prelatral wide-body smooth plane, has pitted chip breaker, stippled lever cap like those found on transitional planes, early-style tote glued in two pieces, good beaded knob, V-logo blade, bed has been repainted, good overall.
- _____ 98 Nine assorted chisels with plastic handles: two Stanley #40 with black handles, fine; three BUCK BROS that are fine to near new; Stanley #60; MASTER MECHANIC, etc.
- _____ 99 Northern Industrial Tools 20,000 RPM 10mm pneumatic belt sander in like new condition in original cardboard box.
- _____ 100 Fine Lie Nielsen No. 4 smooth plane (similar to Stanley BEDROCK #604) with distinctive flat sides, fine tote and knob, fine.

- _____ 101 Stanley #80 cast iron scraper fresh out of a working cabinet shop and ready to work, has SW-
logo on the strap that secures the blade, very good overall.
- _____ 102 Nice wooden chisel plane, perfect for removing glue beads from glue joints.
- _____ 103 Seven NOS Stanley auger bits, six are attached to their original point of sale cards, one is
wrapped in wax paper, all are new.
- _____ 104 Stanley #4 iron smooth plane in original pasteboard box, plane is fine to near new and box top
is very good with intact label; bottom has had corners taped with Scotch tape. A great plane in
very good box.
- _____ 105 Pair of Stanley iron level sights for wooden levels, both have STANLEY logo in the screw
heads, very good overall.
- _____ 106 Stanley #8C iron jointer plane Type 19 has stained hardwood tote and knob, tote is missing
top of spur, good BB-logo blade, very good overall.
- _____ 107 Sawmill blade 28-inches in diameter, in wooden carrying frame, has rust, will clean to very
good.
- _____ 108 Metal tray filled with turning tools.
- _____ 109 Beer keg chamfer knife, some rust, nice handle, very good overall.
- _____ 110 Nicely restored HUDSON hay trolley Patented MARCH 2, 1926 and has MINNEAPOLIS
MINN cast into side, comes with detachable pulley, fully functional.
- _____ 111 Large Frank Mossberg socket set with ratchet, all inside a burlap bag.
- _____ 112 Diamond Edge hay or silage knife with D-handle, very good.
- _____ 113 Two machine shop hardbound books; plus all the misc. scraps of paper out of the machinist
tool box.
- _____ 114 Lot: rawhide mallet; lubricator; and mystery farm implement that has a socket for attaching a
wooden handle, one hook is bent forward and the other is bent to rear, a genuine what's-it.
- _____ 115 Early blacksmith or locksmith's leg vise with hand forged bracket for attaching to bench, nice
finial on back side, one of the earliest leg vises we have sold and it was cleaned and restored
to usable condition many years ago.
- _____ 116 Medium sized ice tong with copper handle, very good.
- _____ 117 Wrench lot: Vandegrift that has been sandblasted and is missing the spring; 9-inch AUTO by
MOORE DROP FORGING, some pitting; two FORDSON open enders; small FORD open
ender; and the smallest is just marked with a 7 and an M inside a circle.
- _____ 118 Unusual pair of adjustable steel legs for making a sawhorse out of using different sized
boards.
- _____ 120 Stanley BEDROCK 608C RT jointer plane, with nice rosewood tote and low knob, Q-logo
blade, 75 percent plus japanning, very good overall. (in photo with other RT Bedrocks)

- _____ 121 Pair of drawknives: 9-inch Keen Kutter and 6-inch Greenlee, both have light dusting of surface rust but will easily clean to very good overall.
- _____ 122 Little C.E. JENNINGS pony shave (mini drawknife), fine overall.
- _____ 123 Pair of drawknives: Greenlee 10-inch drawknife, little if ever used, light surface rust, fine overall; and an 8-inch SIMMONS, complete and fine.
- _____ 124 Pair of #80 cabinet scrapers, one early model and one late; plus an Empire Level Co. torpedo level with dry level vial.
- _____ 125 Wooden Plow Planes a Celebration of the Planemakers' Art by Donald Rosebrook & Dennis Fisher, complete and very good.
- _____ 126 Four books: Circular Work & Carpentry and Joinery by George Collins, very good; Tools for Woodwork by Charles H. Hayward, dust jacket soiled and has small tears, book is very good; The Development of Carpentry 1200-1700 An Essex Study by Cecil Alec Hewett, very good; Learn by Doing A Scheme of Simple Woodwork by Joseph Henry Judd, very good.
- _____ 127 Three books: Manual Training by C.M. Woodward, former library book, good; Woodworking Machinery by H.R. Hudson, tatty dust jacket, book very good; and a Designer's Note Book by Arthur D. Anderson, very good.
- _____ 128 The American Farmhouse by Henry J. Kauffman, dust jacket missing a piece of the dust jacket, book is fine; Good Practice in Construction Part I by Philip G. Knobloch, soiled covers, very good overall.
- _____ 129 Three MWTCA tool catalog reprints: Disston Handbook on Saws reprinted in 1983; Zenith Tools and Cutlery by Marshall-Wells HDWE. CO. DULUTH, MINN 1910 catalog reprinted in 1987, very good; and OHIO TOOL CO. Catalog No. 23 originally printed in 1910, reprinted in 1990, looks like someone tried to fold the book in 1/2 and cover is creased.
- _____ 130 Three books: Common Sense Hand-Railing Modern Staircases by Fred T. Hodgson, very good; Hand Railing on the Block System by William Twiss, may be missing first two pages, cover separated; Landis Threading Machinery Catalog No. 22 printed in 1916, complete and very good.
- _____ 131 Four volumes of The Practical Woodworker The Art and Practice of Woodworking, all are hardbound and in very good overall condition.
- _____ 132 Three furniture books: Windsor Chair by Michael Dunbar, has torn dust jacket, book is fine; The English Country Chair An illustrated history of chairs and chairmaking, by Ivan Sparks, tatty dust jacket, book is fine; and Restoring Antique Furniture by Leslie Wenn, shelf wear to jacket, book is fine.
- _____ 133 Five assorted books: The Wheelwright's Shop by George Sturt with 8 plates and 24 text-figures, has torn and soiled jacket, book is very good; Woodwork Designing, constructions, and workshop practice, by J. Maynard and D. Jones, very good; Remember The Days by Kenneth Sollitt, with worn jacket, very good overall; Country Crafts Today by J.E. Manners, very good; and Tools For Woodwork by Charles H. Hayward.

- _____ 134 Original Warner Hardware Co. Minneapolis Minnesota 1945 catalog, very good; and a reprinted BUCK & HICKMAN AMERICAN TOOLS Catalog London 1902 reprinted by MWTCA in 1989, small tear in spine, very good overall.
- _____ 135 Stanley BEDROCK (RT) iron jack plane with round topped sides, early rosewood tote has been glued, good low knob, good SW-logo blade, has been coated with lacquer, will make good user.
- _____ 136 Pair of toolmaking books: Tool Making for Woodworkers by Ray Larsen, very good; and Making & Modifying Woodworking Tools by Jim Kingshott, very good.
- _____ 137 Two woodworking books: How to Make a Coopered Wooden Bucket by James D. Gaster, Vintage Cooper, very good; Turned-Bowl Design by Richard Raffan, very good.
- _____ 138 Pair of woodworking books: Complete Book of Woodworking by Rosario Capotosto, very good; and Woodturning in pictures by Bruce Boulter, very good.
- _____ 139 Three woodworking books: The Real Wood Bible by Nick Gibbs, very good; Wood Bender's Handbook by Zachary Taylor, very good; and The Craftsman Woodturner by Peter Child, has some tears to dust jacket, very good.
- _____ 140 Lot of Eight woodworking magazines.
- _____ 141 Eight assorted hand saws all in fixer-upper condition.
- _____ 142 Unusual ice saw that measures 79 inches long overall including the handle and handle bracket, 60-inch blade, very good overall. These were used in commercial ice harvesting operations.
- _____ 143 Thick 60-inch saw plate with crosscut-type teeth, has two holes in one end, very good overall.
- _____ 144 Pair of 58-inch 2-man crosscut saws, both have light rust on the blades but will clean to very good overall.
- _____ 145 Long 9-foot pike pole from a Wisconsin ice or logging operation, found in a Wisconsin barn, end of wooden handle is broken, good overall.
- _____ 146 Large wood and brass drafting square, one leg is graduated and goes to 36-inches, the other is 26-inches long, very good overall.
- _____ 147 Wooden finger-jointed box measures 17 1/2 x 12 x 10 1/2 and marked DANGER HIGH EXPLOSIVES I.C.C.-14, very good overall.
- _____ 148 Wooden box for Stanley No. 241 hinges? marked No. 241, 100 Pairs, 3 1/2 x 3 1/2 with the Stanley SW logo on the sides along with WROUGHT STEEL HARDWARE THE STANLEY WORKS, very good overall.
- _____ 149 Pair of corner braces including a Millers Falls No. 502B that is very good.
- _____ 150 Wooden tool chest 30 x 14 x 14 dovetailed on the corners with hinged lid and having a removable tray and folding handles on the ends, comes with the tools that are in it including a drawknife, four matching auger bits, numerous glass insulators, hammers, cold chisels, and

more. The box lid isn't matching up with the front of the box because the front and back panels are pulling apart from the side on one side. A good project box.

- _____ 151 Very good lignum vitae carvers' mallet, has chip on one side but is otherwise fine.
- _____ 152 Lot of three iron spokeshaves: Stanley #60 double shave with T-logo blades; #52 that has a fine BB-logo blade but is missing the cap; and a nice Stearns with decorative cast frame, very good.
- _____ 153 Three Stanley iron block planes: two fine #110 models and early 9 1/2 with arched Rule & Level logo on blade, very good.
- _____ 154 Nice set of Greenlee ships augers with patented T-auger handle, none of the bits has a worm or lead screw, comes in a cloth roll.
- _____ 155 Pair of Stanley block planes including early Stanley #120 with 5-point star cap that has a crude welded repair (from overtightening) and a nice blade with patent dates; plus a #75 bullnose rabbet that is complete and very good.
- _____ 156 Pair Stanley block planes including early #15 with Excelsior-style body, very good overall; and a Stanley #9 1/2 that is complete and very good.
- _____ 157 Pair of Stanley block planes: #118 in original maroon japanning; a #75 bullnose rabbet that is complete and very good.
- _____ 158 Three Stanley iron spokeshaves including 152 & 52, both complete and very good; plus a smaller shave, complete and very good.
- _____ 159 Pair of NOS modern-made hold downs for woodworking work bench.
- _____ 160 A.H. REED Patent spiral screwdriver with one flat bit.
- _____ 161 Lot: True Temper hatchet; hand sledge with cross peen; and a mystery pick and narrow adz?
- _____ 162 Pair of hammers: SEARS ROEBUCK & CO. cobbler's & claw hammer from a child's tool set, very good.
- _____ 163 Nice Millers Falls Patent cigar spokeshave with fine rosewood handles, marked with the 1884 patent date, very good overall.
- _____ 164 Pair of hammers: cross peen; and tack, both very good.
- _____ 165 Stanley 48-inch inside measuring stick, very good overall.
- _____ 166 Pair unusual hammers including Atkins for saw work; and a mystery hammer that has 500 cast into the top that may also be a saw doctoring tool.
- _____ 167 Stanley #20 8-inch rosewood handled try square, complete and fine; torpedo level with three intact vials and shaft groove on bottom of stock, good overall.
- _____ 168 Pair of ratchet braces: Millers Falls No. 731, 12-inch, complete and fine; & Stanley #923 10-inch, complete and fine.

- _____ 169 Wooden spokeshave marked E. Mills & Co. under one handle and BAGSHAW & FIELD PHILADELPHIA, very good; and an O.V.B. 8-inch sliding bevel that is very good.
- _____ 170 Lot: Six sided scraper; Stanley 419 hole cutter; Defiance Punch, for leather?, very good.
- _____ 171 Pair Stanley rules: #32 1/2 caliper rule & #84 1/2 bound that is stained and worn on the outside and very good inside.
- _____ 172 Five assorted zig zag rules: Stanley #426 aluminum; Stanley #X227; Stanley Big 6F; DEFIANCE No. 1296F; and a Stanley
- _____ 173 Stanley #21 6-inch adjustable square, fine; plus a STEELCRAFT adjustable square with 12-inch scale, very good.
- _____ 174 Nice spoon scorp or gouge made from a file with good wooden handle.
- _____ 175 Three keyhole saws including Atkins #36 NEST KEYHOLE, with three blades and having a plastic handle; a small HENRY DISSTON & SONS; and No. 10 Atkins with wood handle, very good.
- _____ 176 DECATUR COFFIN CO. screwdriver; Stanley No. 25 rosewood handled bevel, fine overall.
- _____ 177 Lot: four tape measures including Starrett 100 ft. No. 530, very good; ARTISAN 50-foot steel tape in nickel-plated case sold by Gambles Dept. Stores; unknown make cloth tape missing 1/2 of the lever; and a STEELCRAFT 50-ft steel tape in polished case, very good.
- _____ 178 Frederick Post Pat. 1741422 surveyors level in leather case that can be worn on belt, very good.
- _____ 179 Lot: three pair dividers; one a Starrett PAT. JUNE 2, 1885; and two Union spring calipers; a pair of PEXTO dividers has a homemade screw to lock it, the others are fine.
- _____ 180 Pair of NOS WOODCRAFT iron hold downs for work benches that fit 5/8-inch holes, both have original store tags.
- _____ 181 A.H. REED Patent (Dec. 12, 1882) spiral screwdriver with fine nickel plating and fine rosewood handle, one flat bit included.
- _____ 182 Three spiral screwdrivers including BOWSER PAT. FT. WAYNE IND, has chipped flat bladed bit installed, very good overall; Stanley Yankee #131A no bits but has working spring; and a 68-131A that is identical to the one above, also with no bits.
- _____ 183 Six keyhole saws including one by Keen Kutter; two by SIMONDS, etc.
- _____ 184 Pair of wooden jack planes: J.H. LAMB NEW BEDFORD (Home of the whaling ship Charles W. Morgan) with fine MOULSON BROS. blade, complete and very good; and a
- _____ 185 Two molding planes: Auburn Tool Co. 1 1/2-inch twin iron nosing, complete and fine; & an ATKIN & SONS SHEFFIELD WORKS BIRMINGHAM 1-inch boxed side bead, very good.
- _____ 186 Pair of wooden marking gages including Stanley #65 & unknown, both with good points.
- _____ 187 Two molding planes: REED UTICA complex molder marked 5/8 on heel, fine; and a Wm. MOSS round, very good.

- _____ 188 Pair gages including nice rosewood marking gage with brass discs on wear side, owner added metal strip to keep from marring beam, very good; and an unknown slitting gage, very good.
- _____ 189 Lot of seven wooden planes: Ohio Tool smooth plane with HANCOCO TOOL blade, good; Auburn Tool #69 1-inch tongue cutter with owner added metal fence; Auburn Tool #10 1/4-inch center bead with holes in side of stock for screw arms, very good; Auburn Tool No. 187 5/8-inch very good; A. HOWLAND & CO. No. 105 1/4-inch side bead with owner made blade; and an A. HOWLAND & CO. grooving plow with crude wedge.
- _____ 190 Pair of wooden smooth planes: MATHIESON & SON GLASGOW, complete and very good; and a DAVID HAWTHORN & Co. that is blown out on right side.
- _____ 191 Very good 6-inch wooden smooth plane, has marked cutter with light rust that will need to be cleaned off to be made out, very good overall.
- _____ 192 B. WOLFF JR PITTSBURGH, PENN tongue cutting screw-arm plank plane, very good.
- _____ 193 Four coffin-shaped smooth planes: NEW YORK TOOL; OGONTZ TOOL; unknown make with J. JEWETT ROYAL ALBIAN blade; and a SCIOTO WORKS No. 3, with OHIO TOOL blade, very good.
- _____ 194 Lot of three molding planes including unmarked 1-inch boxed side bead, very good; Ohio Tool skewed rabbet with polyurethane; and an OHIO TOOL No. 91, 1 1/8-inch twin iron nosing plane, very good.
- _____ 195 CASEY & CO. AUBURN moving fillister plane, complete and very good.
- _____ 196 Lot six wooden molding planes: Ohio Tool #5 round missing wedge and blade; Ohio Tool No. 9 hollow, very good; Ohio Tool No. 72 hollow marked 4; Ohio Tool #9 round with owner-added fence; Ohio Tool No. 41 1/4-inch center bead missing blade; and Ohio Tool No. 37 3/8-inch side bead, no blade.
- _____ 197 Pair of complex profile molding planes: L. CASE WATERTOWN NY with very nice profile; and an AUBURN TOOL CO. that has had an owner added fence removed and has holes where it was nailed on.
- _____ 198 AUBURN TOOL CO. 1 1/2-inch No. 119 moving fillister plane, very good.
- _____ 199 Unknown make adjustable sash plane, has diamond shaped brass plates on sides where the adjuster screws pass thru.
- _____ 200 Three wooden molding planes: unknown make (Maker's mark overstruck) complex profile with owner added fence, very good; and set of W. PARKES 1/2-inch tongue and groove planes: very good grooving plow and a tongue cutter that has a broken wedge but is otherwise very good.
- _____ 201 Unusual hand-forged strapped claw hammer, good overall.
- _____ 202 Stanley #45 combination plow plane, comes with all three main sections, long rods, missing the rosewood wear strip from the fence 2-row box of blades, beading stop, two depth stops, has script logo on skate, with new wear strip installed, you will have a fine user.

- _____ 203 Stanley #6 iron fore plane, complete and very good
- _____ 204 Stanley BEDROCK #605 FT iron smooth plane, STANLEY lever cap, complete and near new.
- _____ 205 Stanley BEDROCK #603 RT smooth plane, complete and very good, overall.
- _____ 206 Pair of Stanley planes #51 plow & #80 scraper
- _____ 207 Lot of six new HOCK plane blades
- _____ 208 Pair of Stanley planes: 378 Weatherstrip rabbet plane with intact fence and depth stop, very good overall; & #40 scrub with Rule & Level Co. blade, homemade lever cap, fine wood, will make a good user.
- _____ 209 Lot of Stanley plane parts: blade for #10 or 10 1/2; lever cap for jack plane; lever cap for fore plane; blade for iron rabbet; blade for #78 etc.
- _____ 210 Set of four T-augers; two for shoemaker's, all very good.
- _____ 211 Nine Stanley plane and scraper parts; two threaded rods for bench plane totes; blade for #70 scraper, and a 1-inch rabbet plane blade.
- _____ 212 Pair Stanley smooth planes: 3C & 4C, both complete and fine.
- _____ 213 Pair Stanley iron bench planes #5C complete and fine; and #6C with fine pitting on sides, very good overall.
- _____ 214 Large WALKER lifting jack, some rust, very good overall.
- _____ 215 Pair of shock tiers for tying corn shocks, both very good.
- _____ 216 Nice combination lifting jack and wire stretcher or strainer, has been restored and painted black and gray, the socket has a welded repair, very good.
- _____ 217 Instant collection of five automotive grease guns including LINCOLN No. 5948; ALEMITE LUBRICATOR; and another ALEMITE.
- _____ 218 I BLOOD adz head, very good overall; and a small hatchet head.
- _____ 219 Large dinglestock or stump anvil, the face has been machined flat, very good overall.
- _____ 220 Adjustable gear puller, very good.
- _____ 221 Pair of single ended alligator wrenches including a 5 1/2-inch KEEN KUTTER, very good.
- _____ 222 Very good 6-inch B&C straight Crescent-type wrench.
- _____ 223 Pair of wooden levels: the longer red one has a dry plumb vial, otherwise the vials are all good.
- _____ 224 Frank Mossberg ratchet and box of 18 square and hex sockets, very good overall.
- _____ 225 Pair of iron scale weights 2-lb. & 3-lb. both very good.
- _____ 226 Pair of blacksmith tongs for round work.

- _____ 227 Pair of hay knives: one marked PAT NOV. 7, 1911, missing the original wooden handles; and the other is complete and very good.
- _____ 228 Three wrenches: Genuine Stillson 10-inch adjustable pipe wrench, very good; Little Giant 8-inch wrench with reversible jaw, good; and a John Deere JD-51 flat steel wrench with pitting.
- _____ 229 Pair of blacksmith tongs that look to be forged, both good.
- _____ 230 Lot of 15 assorted ignition-type wrenches all wired together.
- _____ 231 Pair of blacksmith tongs: one has tapered round jaws, some pitting; and the other is for round work. It too has some pitting but the joint is tight and it is very good overall.
- _____ 232 Pair of padlocks: one marked WONDER; both have keys.
- _____ 233 Pair of blacksmith tongs; one has short jaws that are dished out for holding something round like a ball; and the other is for flat work.
- _____ 234 Four assorted wrenches: 6-inch B&C Crescent-type with S-handle, very good; BARCALO 1/2-inch; unknown make cast; and a small scythe snathe wrench.
- _____ 235 Billings & Spencer Set No. 53 of ratchet; 19 of the 20 original hex sockets; extensions; brace type speed type wrench; nice stenciling on inside of lid, very good.
- _____ 236 Firemen's spanner wrench AKRON BRASS MFG CO. PAT FEB. 24, 1925, complete and fine.
- _____ 237 Lot: Two crank handles; Perfect Handle-type screwdriver; two brass harness clips; a pipe reamer; and a scratch awl.
- _____ 238 Lot: two adjustable handles, one looks like it goes with a plumber's snake; a brass carbide lamp; and an axle nut wrench for a wagon.
- _____ 239 Rollman Mfg. Mt. Joy, PA cherry stoner, very good overall.
- _____ 240 Stanley #39 1/4-inch dado, early style with model number and size in right side, complete and very good.
- _____ 241 "IWANTU" COMFORT GAS IRON STRAUSE GAS IRON CO. comes with a cast iron stand or trivet.
- _____ 242 Stanley #39 3/8-inch dado, early style with model number and size in right side, complete and very good.
- _____ 243 ASBESTOS sad iron with two spare ASBESTOS slugs that will work with this handle and a third smaller slug, very good overall.
- _____ 244 Stanley #39 1/2-inch dado, middle style with model number and size in left side, cast cap screw with STANLEY name in it, missing spur from right side, left spur is intact, complete and very good.
- _____ 245 Dover No. 92 sad iron with removable tin top, very good overall.

- _____ 246 Stanley #39 5/8-inch dado, middle style with model number and size in left side, cast cap screw with STANLEY name in it, both spurs intact, complete and very good.
- _____ 247 Unknown make sad iron with quick-release handle, and an ENTERPRISE MFG CO. stand that is fine.
- _____ 248 Stanley #39 3/4-inch dado, late style with model number and size in left side, knurled cap screw with T logo, both spurs intact, complete and very good.
- _____ 249 Lot of three toy sad irons including one that is pressed or stamped steel; another that has a steel bottom and pressed top; and one that is all steel and is marked on the top with A.C.W. 2
- _____ 250 Stanley #55 Universal combination plow plane with both side handles, sliding section, auxiliary tower, 51 blades in original cutter boxes, cam, rods, that have all be tacked together into a single box, original albeit modified chestnut box, a fine plane overall with a very good set of blades.
- _____ 251 O.V.B. HIBBARD SPENCER & BARTLETT No. 85 bench mounting food chopper with three spare blades that were all tied together and laying in the opening, will clean to very good.
- _____ 252 Unknown make 3 7/8-inch slick, has a number of different names stamped into the top, some rust, will clean to good usable condition.
- _____ 253 Lot: Seven assorted wooden handled screwdrivers including two near new IRWIN perfect-handle types; a perfect-handle-type marked GERMANY, fine; flat bladed HSB & CO.; flat bladed W.J. CAST STEEL WARRANTED; and an early GAY'S Patent ratchet screwdriver.
- _____ 254 Lot: Knife sharpening steel; small ZENITH steel framing-type square with one 12-inch leg and one 6.5-inch leg, fine; small scraper; two wooden handled awls; and an aluminum screw box for making threads on a wooden dowel.
- _____ 255 Lot: Seven screwdrivers including long BRIDGETON Phillips-point, good; Goodell-Pratt ratcheting model not currently ratcheting; unmarked flat bladed model; Stanley; HUBER G. STEEL flat bladed; and two small flat bladed models that came with Stanley combination plow planes; and a small wooden bullnose rabbet that has some damage to the nose.
- _____ 256 Lot: Keen Kutter nickel plated saw set, fine; saw handle that has never been drilled for the screw holes; three Stanley Handyman chisels; Stanley #7 awl; tool handle with 6 bits inside; and four small wooden handled awls.
- _____ 257 Lot: NOS Edge rounding tool from Fine Tools Inc.; plastic HANDY drill gauge; Keen Kutter nickel plated push drill; Keen Kutter 1672 chisel; OVB Everlast-type chisel, fine; unmarked socket chisel; and an early KEEN KUTTER with ribbon logo 1/4-inch mortising chisel; Stanley HANDYMAN H1225 plastic handled bevel, fine; and a VERMONT AMERICAN Phillips bit for power screwdriver or electric drill NOS.
- _____ 258 Set of eight new old stock Japanese chisels: 1 1/2-inch; 1 1/4-inch; 1-inch; 7/8-inch; 3/4-inch; 5/8-inch; 3/8-inch and 1/8-inch; all are fine in original plastic sleeves.

- _____ 259 Set of eight OHIO TOOL COMPANY plow plane irons or blades in a cloth roll, very good overall.
- _____ 260 Lot of 25 auger bits, four with tangs cut off in a canvas roll, a nice user set.
- _____ 261 Lot: 8 English plow plane blades No. 1 to No. 8, all very good, comes with a cloth roll. Was previously sold as lot 188 in the October 2006 Brown Tool Auction.
- _____ 262 Lot of souvenir items given away at Midwest Tool Collectors meetings. From the Bill Baader collection.
- _____ 263 Lot: Eight HUMPHREYSVILLE MFG. CO. plow plane blades in a cloth roll, all very good.
- _____ 264 Another lot of souvenir items given away at Midwest Tool Collectors meetings. From the Bill Baader collection.
- _____ 265 Two hand saws: 22-inch 10ppi with two screws that do not go all the way thru the handle, some rust, nice handle has a few small chips at end of spurs, will clean to at least good overall; and an unknown make 26-inch crosscut with 8ppi blade, will clean to very good overall.
- _____ 266 Wrench lot: SNAP-ON socket extension; CRAFTSMAN adjustable 3/8-in. breaker bar; spark-plug socket; FORD lug wrench; two DUNLAP box ended wrenches and a New Britain NDF-105 3/4 & 5/8-inch box wrench.
- _____ 267 Disston No. 7 hand saw and two assorted keyhole saws: Disston 28-inch No. 7 rip saw with 5ppi blade, one of the nuts is missing, handle spur chipped, will clean to very good overall.
- _____ 268 Wrench lot: PLOMB No. 1140, 7/8 & 13/16-inch box wrench, very good; ZENEL No. 3422 1/2 & 9/15-inch ultra-thin open end; and two BLUE POINT BOXOCKET (SNAP-ON) offset box ended wrenches 9/16 & 5/8-inch; each with light rust.
- _____ 269 Lot of three assorted hand saws: 26-inch Disston Pacemaker 8ppi saw with very good handle, blade has some surface rust, will clean to very good; Unknown number Disston with 8ppi blade, scuffed but intact handle, will clean to very good; and a 26-inch Disston No. 7 with 10tpi blade, medallion MIA, one of the other nuts is an improper replacement, a good early handle with light surface rust on good plate, will clean to very good overall.
- _____ 270 Two Stanley iron bench planes: Stanley #5 iron jack plane, very good rosewood tote and tall knob; very good BB-logo blade, with light cleaning will be fine overall; and #4 iron smooth plane, scuffed but intact hardwood tote and knob, very good BB-logo blade, will clean to very good overall.
- _____ 271 Lot of three tin snips: WISS 6 1/2; PEXTO No. 81; and WEISS 8; all very good.
- _____ 272 Stanley WWII No. 4 iron smooth plane, complete with original hard rubber adjuster nut, very good stained hardwood tote and knob, very good overall.
- _____ 273 Pair of eggbeater hand drills: Millers Falls No. 5 that has a somewhat crude replacement crank, but is otherwise usable; and a PEXTO, very good overall.

- _____ 274 Unusual JOI.C. hand drill, has handle that can be adjusted into any number of different positions and the crank and chuck that can also be adjusted into numerous different positions for getting into tight places, very good overall.
- _____ 275 Fine 4-foot SAND'S LEVEL & TOOL CO. WICHITA KAS. aluminum mason's level all six vials intact.
- _____ 276 Stanley #358A miter box with original 26-inch back saw, needs a few years' worth of dust and grime cleaned off but will make a very good user.
- _____ 277 Unusual 78-inch SAND'S LEVEL & TOOL CO. WICHITA KAS. threshold level, has former owner A. VOUGA'S name scratched into top of wooden stock, has scuffs, nicks and dings that are typically found on a working level. First of this model we have seen or sold.
- _____ 278 Early KOHLER gasoline powered electric plane (generator) with recoil starter but also has a pulley that you can put a rope around to start it. The air filter is MIA and the gas can on top is held with replacement bracket on one side, has good compression. We have not tried to start it, but we're sure Mr. Vouga would not have kept a non-working generator around for his home-building business.
- _____ 279 Pair of LUFKIN tape measures: the larger one is a 100-foot model but has been marked on the outside ADD 20 FT. so the tape inside begins at 20 feet; the other is also 100-feet long and is marked CHROME CLAD, the tape is very good.
- _____ 280 HOWE postal scale that goes up to 9-oz. complete and very good.
- _____ 281 Three wrenches: two open ended and a pair of 8-inch CRONK-type pliers, fine.
- _____ 282 Nice round sharpening stone in a fitted wooden box.
- _____ 283 Pair of hammers: BOSTITCH combination hand sledge with rubber faced side, very good; and a 4-lb. hand sledge with cross peen, very good.
- _____ 284 Lot: PS&W STRONGHOLD 15-inch monkey wrench that is missing both the wooden handle slabs, otherwise good; a KLEIN wire crimper or twister; and a W.J. LEACH BURLINGTON WISCONSIN ratchet wrench with 1 1/8-inch square socket, very good.
- _____ 285 Three saw-sharpening tools: BERGMAN & DUNLAP pistol gripped saws set; and a portable saw vise, all in very good overall condition.
- _____ 286 Pair of rafter squares: a Sargent VBM; and a SANDS LEVEL & TOOL DIV. 100-R NEODESHA, KANSAS aluminum model, fine.
- _____ 287 Lot: Large Stanley #43 saw set, complete and very good; a Brown & Sharpe 8-inch inside/outside caliper; and an odd 5-inch single ended hex wrench with 9/16-inch opening, very good.
- _____ 288 Lot of three 26-inch crosscut hand saws: 26-inch PENNSYLVANIA SAW CORP; DISSTON D-23; and a Stanley No. 39-300 8ppi, missing one of the three handle screws, fine overall.

- _____ 289 Wrench Lot: Snap-On FERRET F-70N 3/8-inch ratchet, very good; Snap-On OEX-18 combination 9/16-inch wrench, very good; and five S-K LECTROLITE combination wrenches: 11/16; 5/8; 9/16; 7/16 & 3/8, all in fine overall condition.
- _____ 290 Pair of Crescent-type wrenches: 10-inch SHAPLEIGH'S KEEN KUTTER K-10, very good; and an 8-inch CRESCENT CRESTOLOY with 15/16-inch capacity, very good.
- _____ 291 Wrench lot: BLACKHAWK 1/2-inch hex T-handled socket, very good; unknown 48299 offset hex box; FAIRMOUNT CLEVE open end; 6230 INDUSTRO 6230 3/8 socket extension; and sockets by HINSDALE 7/16 & THORSEN 1/2-inch.
- _____ 292 Two partial sets of drafting tools: the larger set in a DIETZGEN GLOBE box; and the smaller set in a box marked SCHOENNER GERMANY and THE RUCKERT CO. ST. LOUIS.
- _____ 293 Plumbing tools: T&B STEELTUBES BENDER PAT PEND pipe or tubing bender; RIDGID ratcheting die stock with 1/2-inch and 3/4-inch dies; and a No. 2002 tubing cutter.
- _____ 294 Wrench lot: CRAFTSMAN 10mm combination wrench; DROP FORGED 10mm open end; CRAFTSMAN 1/4-inch socket driver; Craftsman 7/16-inch combination; unknown make 1/4-inch socket driver with green plastic handle; Craftsman sockets 3/4; 11/16 & 9/16; six TAIWAN sockets; and an unknown tool with blue plastic handle marked MA-LINE.
- _____ 295 Unknown make broad axe with faint logo on top left side of 12-inch blade, handle needs to be secured.
- _____ 296 Pair of Starrett No. 50-A plated trammel points, has former owner's initials AV scratched into each trammel; plus a fine pair of tin snips.
- _____ 297 Pair of PORTER CABLE power tools: an electric hand saw No. 152; and a TIGER variable speed Sawsall-type, in very good working condition.
- _____ 298 Lot: Yankee No. 30 screwdriver with one flat bit; Handyman? Yankee-type screwdriver missing the cap for the plastic storage handle; Stanley SURFORM No. 296 rasp or plane; cast iron file handle with a small round file installed; and a RED DEVIL No. 4050 combination pry bar and scraper.
- _____ 299 Two surveying targets that were found with the White builder's level in the below: one is a 10-foot model that has some rot near the bolt where the two pieces are attached; and the other is a fine 25-foot telescoping model LEITZ fiberglass.
- _____ 300 Nice David White Co. No. 3000 Universal Level Transit in nice original wooden box with hood, lens cover, plumb bob, and fixture for mounting, comes with original wooden leg set, a very good instrument with fine leg set. This instrument is the predecessor to the popular 8300 ('70s and '80s) and current LT8-300 models. These units with the grey wrinkle finish were manufactured in the mid-50s to early '60s. Specifications and operation were similar to the 8300, but this unit was substantially heavier. Optics are not functioning properly and that this one will need to be repaired.
- _____ 301 Lot: three ratchet braces and a Millers Falls No. 5? hand drill with repaired crank handle. Among the ratchet braces are a Millers Falls No. 1710; Diamond Edge DE188; and a CYCLONE No. 150, all are in very good usable condition.

- _____ 302 Unknown make hatchet and DASCO pry bar.
- _____ 303 Pair of 14-inch adjustable pipe wrenches: TOLEDO HEAVY DUTY made of aluminum, complete and very good; and a WALWORTH genuine STILLSON with wooden handle that was painted red, very good overall.
- _____ 304 GRISWOLD No. 2 FRUIT & LARD PRESS, appears to be complete and very good.
- _____ 305 Hand cranked knife and scissor sharpener with pressed steel housing, no makers marks visible, good overall.
- _____ 306 Lot of five MAYTAG flat steel wrenches, four appear to be identical, and one has a smaller hex in handle, all are very good.
- _____ 307 HORN SEED SEWER with original canvas seed pouch, and strap, good overall.
- _____ 308 Leather slitter with rosewood-stuffed brass handle, some light rust, will clean to very good overall.
- _____ 309 Small Millers Falls or Whitney jewelers drill, will clean to very good.
- _____ 310 Lot: ALLTRADE Leatherman-type multi-tool in original pouch, fine; and a small dime bank that stores up to \$5 in U.S. dimes.
- _____ 311 C.S. Osborne leather slitter, complete and very good overall.
- _____ 312 WAGNER No. 8 waffle iron PAT. JULY 26, 1892, some light rust, will clean to very good overall.
- _____ 313 Pair of broad hatchets including one marked IXL, both very good;
- _____ 314 Nice gutter adz with new handle, handle still needs to be fettled but fits the socket very well.
- _____ 315 Nice 10-inch BELMOUNT drawknife tight crack on one handle, nice wooden blade protector with leather strap, very good overall.
- _____ 316 Early DISSTON Patent saw set patented MAY 11, 1875, very good overall.
- _____ 317 Large ENTERPRISE No. 132 food or meat grinder, very good overall.
- _____ 318 Pair of woodworking books: BUILDING THE TIMBER FRAME HOUSE THE REVIVAL OF A FORGOTTEN CRAFT by Tedd Benson, fine; and THE FURNITURE OF GUSTAV STICKLEY by Joseph J. Bavaro & Thomas L. Mossman, fine overall; and
- _____ 319 FAIRBANKS 6-lb. capacity balance or scale, in newer black paint, very good overall.
- _____ 320 Three woodworking books: MASTERING WOODWORKING MACHINES by Mark Duginske, a Fine Woodworking Book; UNDERSTANDING WOOD FINISHING by Bob Flexner, fine; and THE VENEERING BOOK by David Shath Square, very good.
- _____ 321 Mitutoyo 1-2-inch micrometer in original box, very good.
- _____ 322 Geo. A. Bubelmann Hardware Co. 1923 Mechanics Tool Catalogue in original envelope that it was mailed in, fine; and a photocopy of a magazine article on Stanley #55 combination plow planes.

- _____ 323 Pair of planes: Stanley #23? transitional that has a new wooden sole plate and a wooden throat patch; plus a Stanley #40 scrub plane that has an improper screw holding the tote which is loose, can be cleaned and restored to very good overall condition.
- _____ 324 Pair of woodworking books: Encyclopedia of Furniture Making by Ernest Joyce, very good; and Building Arts & Crafts Furniture by Paul Kemner and Peggy Zdila, very good.
- _____ 325 Yuasa Dial Gage that measures to the nearest .001, very good overall condition in original plastic box.
- _____ 326 TAG FRID TEACHES WOODWORKING - Two Volumes in One, Unabridged - A step-by-step guidebook to essential woodworking technique, a FINE WOODWORKING BOOK, in fine overall condition.
- _____ 327 Wooden box ???ES' PATENT PILLING & SON CO. full of Stanley plane parts including two dated cam rests that are both missing the screws and brass rub blocks, two short rods for #45 planes, and a bracket for an auxiliary center bottom for a #55 plane.
- _____ 328 Three woodworking books: Better Homes and Gardens WOOD COUNTRY WOODCRAFT YOU CAN MAKE; The Craftsman in America NATIONAL GEOGRAPHIC SOCIETY, very good; and Home Book of Picture Framing 2nd Edition by Kenn Oberrecht, fine.
- _____ 329 Lot: Stanley #67 universal spokeshave with rosewood handles and flat bottom very good; a MARX toy micrometer; and a small nail that would mark railroad ties.
- _____ 330 AUDEL CARPENTERS AND BUILDERS GUIDE No. 3 HOUSE AND ROOF FRAMING, very good.
- _____ 331 Lot: Stanley #65 marking gage, complete and very good; Stanley #18 sliding bevel with 10-inch blade, fine; Stanley #98 double beam marking gage with japanned body, very good; and a Stanley #55-033 nail puller, very good.
- _____ 332 Lot: Two cranked Buck Brothers chisels and cranked gouge; the gouge is 1-inch; the chisels are 3/4 & 1-inch, all will easily clean to fine.
- _____ 333 Lot: Stanley #702 bench vise, does not operate as it should and is probably missing a C-clip that pulls it open when the screw is turned; Starrett outside caliper; SCHOLLHORN CO. B. LAWRENCE STATIONARY CO. paper punch; RED DEVIL razor scraper; one Stanley No. 4 trammel point; Yankee 3400 ratcheting offset screwdriver; and a Millers Falls nail set that is mushroomed on end.
- _____ 334 Pair of planes: Stanley #238 7/32 with SW-logo blade, complete with fence, pre-stops and depth stop, has lots of sawdust on it, very good overall; and a Stanley 6-inch low angle block plane with well-worn SW-logo blade, lever cap is cracked and missing a piece from the top, will make very good user.
- _____ 335 Large pair 25-inch wooden dividers, likely belonged to A. VOUGA'S father who emigrated from Switzerland.

- _____ 336 Lot: SIDEL LUMBER ST. LOUIS, FENTON, ELLISVILLE wooden advertising rule; METALMASTER tin snips; Stanley #151 spokeshave; needle nosed pliers made in TAIWAN; and a DETTY'S FISH GRABBER.
- _____ 337 Lot: wire stripper; pair pliers; offset hex box wrench; S-handled open ended wrench; flat steel open ended wrench; small brass patternmaker's shave; E. EDELMANN nested screwdriver; and a spark plug gapper.
- _____ 338 Lot: broken Stanley #190 iron rabbet plane, can be used as a chisel plane as is or you can find someone who can weld cast iron and have the nose welded back on; a 3/8-inch offset striking tool; oval-shaped sharpening stone; round rasp; and wooden handle for keyhole saw.
- _____ 339 Lot: 9-inch adjustable Auto wrench; J.H. WILLIAMS open end 1 1/8-inch; Stanley #40 scrub plane lever cap, very good; and a CRAFTSMAN 1 1/2-inch bevel edged socket firmer chisel.
- _____ 340 L.S. STARRETT combination set with center head; protractor head, and square head. The square head is missing the screw that attaches it to the 12-inch scale, find a screw and you'll have a very good combination set.
- _____ 341 PORTER CABLE SPEEDMATIC-75 electric circular saw with cast aluminum body, currently has an abrasive disc installed, very good overall.
- _____ 342 Lot: Pry or crowbar; dog; rasp; top of a 3-tiered Russell Jennings auger bit box with hinged lid and nice paper label, two assorted bits included; DIAMOND GT-28C Professional Tile Nipper like new with tattered remains of original box; fine KEEN KUTTER grass clipper; and a small wooden box of GREENFIELD taps and dies, very good.
- _____ 343 Remington STUD DRIVER No. 455A in original box with parts booklet and box of .22 caliber blanks that power it, very good overall.
- _____ 344 Pair: BERNZ plumber's blow torch, very good; and a PICKETT No. ATS-236 T-Square with one end of the plastic T broken off.
- _____ 345 Lot: Millers Falls rosewood tool handle PAT. JAN. 14th 1868 full of assorted bits: I.P. HYDE leather knife with wood and brass handle; and a Perfect-Handle-type screwdriver.
- _____ 346 Lot: A.H. Reed spiral screwdriver with one bit; round file; and a Stanley #18 sliding bevel with 12-inch blade, very good.
- _____ 347 Four ball peen hammers with wooden handles.
- _____ 348 Three different electric soldering irons including one in original box with SEARS ROEBUCK & CO. label on the box, all very good; the middle sized one is from DRAKE ELECTRICAL WORKS CHICAGO; and the smallest is stamped with a maker's mark we cannot make out.
- _____ 349 Lot of 13 assorted open ended wrenches one marked NASH.
- _____ 350 Original roll of assorted tools made by the Buffum Tool Co. of Louisiana, Missouri. The registered corporate logo of this company was an "Indian Good Luck symbol" that is similar to the Nazi swastika, this kit has a ribbon of cloth sewn into it that the tools are held in by. This piece has numerous symbols with the words TRADE MARK. The iron tools are rusty.

- _____ 351 Lot: Claw hammer; hatchet; and two specialty hammers one marked FAIRMOUNT CLEVELAND that looks like a body hammer.
- _____ 352 Two Stanley #220 block planes including one in original box.
- _____ 353 Lot: four 9-inch adjustable AUTO wrenches; and a set of four flat steel wrenches that were part of a larger set and are held together with a nut and bolt.
- _____ 354 Six Diamond Edge auger bits in original wooden box with partial paper label on box top, box top has separated from box but hinges and latch are present so you just need to re-attach it, bits are very good.
- _____ 355 Wrench lot: seven ETC INDUSTRIAL open ended wrenches; the largest has a little rust on one end, the rest are fine; and several DUNLAP ignition wrenches all held together with a piece of wire.
- _____ 356 Smith forged S-shaped wrench made from an old file or rasp, very good.
- _____ 357 Nice Frank Mossberg socket set in original wooden box with hinged lid, very good overall.
- _____ 358 Lot: two try squares; Shaler 5-MINUTE VULCANIZER; DANDEE-REEL chalk line, very good; Handyman 133H screwdriver; SCREWBALL ratchet screwdriver; Yankee #130A spiral ratcheting screwdriver; and a H.D.S. Co. Perfect Handle screwdriver with loose wooden handles.
- _____ 359 Wrench Lot: SNAP-ON 1/2-inch breaker bar; SNAP-ON 3/4 & 11/16-inch double socket; SNAP-ON 1/2 & 7/16-inch double socket; SNAP-ON F-2 socket extension SNAP-ON F-5 breaker bar; BILLINGS LIFETIME 5/15 & 1/4 open end; ETC INDUSTRIAL 3/8 & 7/16 open end; tiny 13/64 double open end; and 13 or so sockets.
- _____ 360 Lot: cold chisels; star drill; tire tool, large rasp, etc.
- _____ 361 Wrench lot: AWARD 6-inch Japanese Crescent-type; DUNLAP 9/16 & 5/8-inch box; three Craftsman open ended; four AWARD Japanese combination wrenches; 1073 MADE in USA 1/2-inch combination; 1071 3/8-inch combination; BARCALO BUFFALO 11/16 & 19/32 open end; and tin box with
- _____ 362 Three iron block planes: Early Excelsior-style plane with Diamond Edge blade, very good overall; Sargent with adjustable blade and throat, has Stanley SW blade, good usable condition; and a Stanley #56-type low angle with broken lever cap, good Diamond Edge blade, with new cap will be very good.
- _____ 363 Pair of Stanley iron bench planes: Stanley #5 jack plane with refinished wood, good BB-logo blade, very good usable condition; and an earlier #4 smoother with good low knob; tote broken and needing to be glued, good T-logo blade, will make good user.
- _____ 364 Five transitional jack planes including two Liberty Bell models, one will need a sole plate or throat patch to close throat, another has an improper chip breaker; three can be restored to usable condition with little work.

- _____ 365 Pair of Stanley iron bench planes: Stanley #5 with nice rosewood tote and tall knob, good SW-logo blade, very good overall; and a #4 with very good tote and tall knob, orange background on lever cap, very good overall.
- _____ 366 Early Stanley #48 and #50 planes. Stanley #50 light duty plow with good japanning, unslotted brass screws securing fence, needs blades and depth stop; plus an early #48 tongue and groove plane with good japanning, nice rosewood knob, good brass screws, intact blades, very good overall.
- _____ 367 Two Stanley iron block planes and some spare parts: Fence with auxiliary bottom for early #46 skew bladed plow plane; nickel plated depth stop for Stanley 45 or 55 plow; short threaded rod; early japanned Stanley #50 light duty plow plane with unslotted brass screws, needs rear rod, set of blades and nicker; Stanley #9 1/2 Type 12 iron block plane with Excelsior body that also has the Handy indentations on the side, very good overall; and a Stanley #15 Type 17 that is missing the throat adjusting cam, but is otherwise very good.
- _____ 368 Four Stanley iron block planes: Front left to right are: a #9 1/2 with Excelsior-style body, lever cap is broken and the yoke that engages the blade adjuster screw is MIA, a good body, blade and knob; Stanley #15 Type 19 complete and very good; Stanley #16 Type 17 with trace of nickel on cap, good T-logo blade, very good overall; and a #16 Type 2 with Excelsior-style body, nice nickel plated cap and knob, good Rule & Level-logo blade, very good overall.
- _____ 369 Three drawknives: BRIDGE TOOL CO. (St. Louis hardware brand) that is missing one of the wooden handles and remaining handle is crude, blade is good if you can re-handle it; very good PINE KNOT (Belknap Hardware Co.), and an unmarked model that is complete and very good.
- _____ 370 Pair of Stanley iron smooth planes: Stanley #4 with refinished tote and tall knob, faint SW logo on good blade, will make good user; and a #3C Type 11 with good rosewood tote and tall knob, over cleaned SW-logo blade, has a few dings, will make great user.
- _____ 371 Four transitional smooth planes: Stanley #35 with repainted frame and glued tote, good overall; prelateral #35 with well-worn sole, glued tote, lever cap from an iron bench plane, good overall; BIRMINGHAM #24-size with twisted lateral, pitted blade, good overall; and a Sargent with worn sole, gaping throat, pitted blade.
- _____ 372 Lot: Two SHELTON smooth planes No. 4 and one slightly smaller; plus four iron block planes including a Diamond Edge DE110; PEXTO similar to #110 that is complete; SHAPLEIGH'S that is almost identical to the PEXTO, very good; and a Stanley #220 that is very good.
- _____ 373 Pair of Stanley planes: #5C with two patent dates in bed, good low knob and fine rosewood tote, good Q-logo blade, very good overall; and a #190 iron rabbet plane that is complete with depth stop and BB-logo blade, very good overall condition.
- _____ 374 Two iron jointer planes; Diamond Edge & Chaplin's Improved. This lot contains a Diamond Edge DE7 iron jointer plane, the hard rubber rear handle or tote is broken and needs to be replaced, otherwise complete and very good; and a Chaplin's Improved Patent plane with

patent dates in left side, hard rubber tote has small chip from top spur, otherwise plane is complete and very good.

- _____ 375 Two boring tools: Stanley No. 945 10-inch ratchet brace, has BB logo on chuck shell, very good overall; and a MILLERS FALLS No. 77A hand drill complete and very good.
- _____ 376 Fine Stanley #6 iron fore plane, good SW-logo blade, fine rosewood tote and tall knob, fine overall.
- _____ 377 Three Yankee screwdrivers: GREENLEE NO. 458; Yankee No. 31; and a Yankee No. 31A.
- _____ 378 Stanley #6C iron fore plane, with light pitting on face of BB-logo blade, good rosewood tote and tall knob coated with urethane or something similar, very good overall.
- _____ 379 Late model Stanley #64 spokeshave, complete and fine.
- _____ 380 Stanley #5 1/2C wide body jack plane with light pitting on top of SW-logo blade, rosewood tote and tall knob refinished, will make very good user.
- _____ 381 Stanley YANKEE No. 135A ratchet screwdriver (no bits) with composite handle, fine overall; and a GOODELL BROTHERS push drill with bits inside handle, very good overall.
- _____ 382 Chaplin's Improved iron jack plane with scalloped sides, hard rubber tote, ebonized wooden tote, small piece at top of left side is about to break out, good overall.
- _____ 383 Unusual Yankee 1005 drill press that was converted to electric, the previous owner began converting it back to manual crank, but he ended up flipping the table to the bottom of the frame so he could stand it up and display it in his shop. Comes with the pulley that it was being driven with, a lever, and a manual crank are from a Goodell-Pratt breast drill plus assorted nuts and bolts. A nice restoration project.
- _____ 384 Pair of Diamond Edge iron bench planes: DE5 iron jack plane with hard rubber tote, has hang hole in rear of bed, otherwise complete and very good; and a DE4 smooth plane with good hard rubber tote, and wooden knob, complete and very good overall.
- _____ 385 Lot of four wooden rules: Lufkin No. 3851; two Stanley No. 68; and a worn Lufkin 372R caliper rule.
- _____ 386 Lot: small 5-inch try and miter square with rosewood and brass handle, blade has fine pitting; Keen Kutter socket chisel with damaged socket and light pitting; and an unusual knife or saw with saw-type teeth on the slightly curved blade, handle is chipped just below where it meets up with the blade, good overall.
- _____ 387 Four wooden rules: Stanley No. 61, reads vertically; well-worn Stanley No. 68; Stanley No. 61 reads horizontally; and a late Stanley No. 68, very good.
- _____ 388 Marsh No. M4 9-inch smooth plane by the H.C. Marsh Co of Rockford ILL. This one has a T-logo Stanley blade in it, but is otherwise very good.
- _____ 389 Starrett #711LCSZ LAST WORD indicator in original box, very good overall.

- _____ 390 Montgomery Ward No. 84-3975M Miter Box with original Montgomery Ward WARDMASTER No. 84-3975 saw that measures 28x5 inches and has fine etch, miter box and saw are complete and fine.
- _____ 391 Lot: Craftsman No. 4029 protractor; L.S. Starrett inside micrometer with different attachments, very good; and a box with several Craftsman and unmarked telescoping inside gages.
- _____ 392 Lot: brass candle holder and two small shovels.
- _____ 393 L.S. Starrett inside micrometer set in original albeit worn box, very good micrometer.
- _____ 394 Leather tool: SNELL & ATHERTON heel shave with adjustable brass fence, very good.
- _____ 395 L.S. Starrett #196A dial test indicator in original wooden box with sliding lid, very good overall.
- _____ 396 Pair of rosewood handled saddler's knives both marked W. ROSE and the larger one also marked WEST PHILA has some pitting on the blade.
- _____ 397 L.S. Starrett #120Z dial test indicator in original box, complete and very good overall.
- _____ 398 GREATNECK hand drill very good overall.
- _____ 399 Two Starrett surface gages; the larger one has two beams each marked with the March 17, 1896 patent date; the smaller one is missing the point.
- _____ 400 Brass desktop holder for 3X5 index cards; and a wooden handled scoop.
- _____ 401 L.S. Starrett 3 to 4-inch No. 436 micrometer in original wooden box with intact lid and partial paper label.
- _____ 402 Lot: Mini screw clevis; medium sized dowel pointer; and a fixed hollow auger with integral cutters.
- _____ 403 L.S. Starrett No. S240Z set of four pin vises, like new in original box.
- _____ 404 THE ELGIN adjustable alligator wrench with die stock in handle, very good overall.
- _____ 405 Lot: L.S. Starrett 12-inch inside/outside caliper with MAY 21, 1885 patent date very good overall; early caliper with metric and English graduations on the 9-inch scale; 12-inch Brown & Sharpe scale with No. 4 graduations; and a magnetic indicator base made in China.
- _____ 406 Lot: Hand adz with handle that is broken at end and has a bent steel screw; and a 6-inch PEXTO adjustable Stillson-type pipe wrench; and a pitted head for a gutter adz.
- _____ 407 Pair: CERTIFIED BRASS PROTEXU padlock (no keys); and a WALSCO MECHANIC'S PAL tape measure in steel case, good overall.
- _____ 408 Set of Xcel Multiple Head Machine Wrenches in original tin box, PAT APR. 29, 1925, complete and very good; the first such set that we have seen.
- _____ 409 L.S. Starrett speed indicator in a PARKER PENS pasteboard box, very good.
- _____ 410 MORRIS head badge for a MORRIS automobile.

- _____ 411 Lot: unmarked speed indicator; and a Farrand tape measure marked on blade PAT. 1,828,401 and marked on case with PAT. NO. 1,402,589, has a tear across the steel tape at the 1 1/2 inch mark where owner stamped his initials, otherwise very good.
- _____ 412 Lot: ash shovel for cleaning out a fireplace or coal furnace has 1623 cast into handle; a hand adz with some light pitting; WALDES TRUARC PLIER NO. 22.
- _____ 413 Lot: two sets of feeler gages; one marked CALVAN JACSSON MICH. 230; the other marked K-D TOOLS LANCASTER PA; and a small pin vise with integral spring, light rust.
- _____ 414 Unknown make 8-inch adjustable carriage wrench, very good overall, can be adjusted by loosening a wing nut on the back, very good overall.
- _____ 415 THE WALTON CO. square nut drivers or tap extensions marked 3/4; 5/8; 3/8; 1/2; 5/16; & 1/4, all very good.
- _____ 416 Unusual 4-inch Baxter Patent wrench made by E.C. STEARNS & CO. SYRACUSE N.Y. some light pitting, marked on both side with F.W. KOSTE owners mark.
- _____ 417 Stanley #66 hand beader, nickel plated with flat fence, one blade included.
- _____ 418 HandE 1921 patent helical adjusting nut wrench, fine overall.
- _____ 419 Pair of iron block planes: 6-inch Stanley with early-style knuckle jointed lever cap, will clean to very good overall; and a Fulton that is similar to a Stanley #102, complete and very good.
- _____ 420 Pair of air or steam whistles each with aluminum bodies.
- _____ 421 Wooden block and tackle, with section of grass rope.
- _____ 422 Lot of three misc. boxes: first is for a SUNBEAM Electric Iron has a drop down panel with graphic decal, very good; a tin cigar or pencil box, with hinged lid; and a round wooden box.
- _____ 423 L.S. Starrett No. 445 depth micrometer in original wooden box, very good.
- _____ 424 Box No. 1 of DIXON TICONDEROGA Lubricating Flake Graphite, about 1/2 full.
- _____ 425 Starrett No. 436 1-2-inch micrometer shows moderate to heavy wear, comes with box for a 0-1-inch mic.
- _____ 426 Lot: Tiny DRGM perfect-handle type screwdriver; head for a Stanley #91 double beam marking gage; IRWIN No. 300 2-inch screwdriver; and unknown make wooden marking gage.
- _____ 427 Complete L.S. Starrett button back indicator set in original wooden box, fine overall.
- _____ 428 Lot of four STARRETT PARALLELS: 154F; 154E; 154D; 915B; plus a 154A that is only 1/2 of the original parallel.
- _____ 429 Pair of Starrett Micrometers: #436 3-inch with worn box and original? standard, very good overall; plus a No. 436 1-inch in a LUFKIN 20S box, very good overall.
- _____ 430 Set of six simple calipers and dividers by STARRETT; L.S.S. CO.; UNION CALIPER CO.; and GENERAL, some with former owner's initials, all very good.

- _____ 431 Pair of micrometers: SLOCOMB PAT'D MAY 12, '96 and APRIL 13, '97 0-1-inch, very good; and a LUFKIN RULE CO. 0-1/2-inch No. 2610; PAT'D AUG. 1, '22.
- _____ 432 Lot of five simple spring calipers and dividers including: GENERAL: B&S; ATHOL MACHINE; L.S. STARRETT PAT. MAY 21, 1895;
- _____ 433 Brown & Sharpe Mfg. Co. No. 45 micrometer PAT. NOV 6, 1904; and DEC. 30, 1902.
- _____ 434 Combination set with 12-inch CRAFTSMAN scale; STARRETT protractor head (chipped but functional), a good functional set.
- _____ 435 Pair of micrometers: LUFKIN 1641V, in original box with standard and two wrenches; and LUFKIN 1702, 1-2-inch with green finish, in original albeit tatty box with wrench, very good.
- _____ 436 Machinist tools: Set of MILTEX warding files in original plastic pouch; KOCH TEST INDICATOR PAT. JULY 17, 1906, does not appear to work; and four drill gages; GENERAL A-Z letter drill gage; GENERAL No. 15 number size drill gage; GENERAL No. 14 for fractional drill size gage; and GENERAL NO. 35MM Metric size drill gage.
- _____ 437 Pair of machine tools: PALMGREN machinist vise, very good; and a simple Starrett depth gage.
- _____ 438 Lot of machinist tools: four LUFKIN hole gages; STARRETT ENGLISH STANDARD WIRE GAGE; Starrett key seat rule blocks; UNION TOOL CO thread gage; and a MITUTOYO feeler gage.
- _____ 439 Starrett No. 436, 3-4-inch micrometer in original wooden box with a 3-inch standard, fine overall.
- _____ 440 Unusual AC RPM gage with rubber end, very good.
- _____ 441 Three 24-inch steel scales: Brown & Sharpe with No. 4 graduations and having a groove on one side for attaching square head, protractor head and center head, very good; STARRETT No. C303SR, complete and very good; and a STARRETT C305R complete and fine.
- _____ 442 Lot of nine assorted calipers and dividers including two STARRETT No. 563 hermaphrodite calipers; other calipers by makers such as CHESTERMAN; L.S. STARRETT; L.S.S. CO.; and CRAFTSMAN, all very good.
- _____ 443 Large lot of ball bearings and two V-blocks with clamps.
- _____ 444 Set of six Chinese telescoping inside gages that go from 5/16 to 6-inches, all are fine. Set comes in original box.
- _____ 445 Three GENERAL spring loaded center punches; and the body for a fourth.
- _____ 446 Three assorted thread gages: GENERAL No. 251 thread gage, very good; Brown & Sharpe No. 630 thread gage, very good; and a MITUTOYO No. 188-122 thread gage, very good.
- _____ 447 Lot: Five machinist layout blocks; a STARRETT adjustable bevel-type tool; FLYNN Thread Measuring Wire Set in original packaging; STARRETT simple depth gage; and a STARRETT No. 628 wiggler or edge finder with three attachments.

- _____ 448 Lot of eight lathe cutters with three boxes of replacement KENLOC tips for the three cutters that accept replacement tips.
- _____ 449 Unusual micrometer in original pouch.
- _____ 450 Craftsman machinist tool chest that the above and below tools came out of. It was owned by Mr. Morris who worked for 35+ as all-around machinist at McDonnell Aircraft and later McDonnell Douglas Corp. The roll-around base is made out of old siding. A good working tool box.
- _____ 451 Lot: Three set-up blocks, two are known as one two three blocks as those are the measurements of them in inches; plus an assortment of files including a cardboard tube full of round files.
- _____ 452 Lot of 20 assorted scales (rules) that came out of the tool chest in lot 450. Included are: Starrett No. 21 square; 12-inch 3-fold by Chesterman Sheffield; No. 391 fish tail by L.S.S. CO.; brass slide from a zig-zag rule; General 6-inch pocket rule; L.S.S. Co. No. 330 hook rule; S211OR Lufkin 4-inch that has a few dings; Millers Falls 6-inch with groove for square head; B&S MFG. 3-inch, very good; BROWN & SHARPE 4-inch with removable hook at one end; PIONEER 6-inch; CHERRY RIVET SELECTOR GAGE; LUFKIN RULE CO. No. 97 1/2 steel 6-inch scale with decimal equivalents.
- _____ 453 Large lot of misc. projects and scraps and other things including a level in a pressed steel base that came out of the machinist tool chest in lot 450.
- _____ 454 Lot of eight assorted steel scales out of a machinist box plus two thread chasers.
- _____ 455 Lot of machinist tools: box of assorted indicator tips; several shop projects; layout tool; L.S. STARRETT 12-inch scale with No. 289-A clamp; two square heads; L.S. Starrett bevel edged straightedge that two small scales can be mounted into; Brown & Sharpe 6-inch adjustable steel square, Lufkin 20S small scales with holder in original red pouch; Starrett 154C adjustable parallel; two Starrett stair gages for laying out stairs with a framing square
- _____ 456 Three publications: two paperback volumes of OPERATION OF MACHINE TOOLS THE LATHE - PART 1 and THE LATHE PART 2, copyright 1912 some light soiling to both covers, inside is very good; and a hardbound LIBRARY OF MACHINE SHOP PRACTICE - MACHINE TOOLS AND THEIR OPERATION FIRST EDITION SECOND IMPRESSION Copyright 1922 by McGraw-Hill Book Co, very good overall.
- _____ 457 John Deere Moline ILL tool box lid from an old John Deere implement, very good overall.
- _____ 458 Five diamond tools used to dress grinding wheels; one in a fixture.
- _____ 459 Large lot of misc. tools out of an old machinist tool chest. Included in this lot are a few scales including STARRETT No. C303R 6-inch; L.S. STARRETT No. 15 adjustable bevel square; STARRETT No. 284 29-degree screw thread tool gage; mirror; pocket knife; punches; awl; and Starrett clamp for clamping two scales together; Craftsman scribe, and more.
- _____ 460 Set of five assorted pliers; one with tapered round jaws; three by DIMALLOY with green plastic handle covers; and FULLER No. 196 6-inch slip-joint.

- _____ 461 Little RTC novelty micrometer marked RTC with keychain.
- _____ 462 Stanley #6 Type 11 iron fore plane with nice rosewood tote and tall knob, good V-logo blade, very good overall.
- _____ 463 Lot: Stanley #45 plow plane with main frame, sliding section; fence, long rods and two depth stops, the casting is broken on the fence where the screw for the front rod goes thru, can be restored to usable condition or used for parts; and a PONY riveter, very good overall.
- _____ 464 COES WRENCH CO. 21-inch steel-handled monkey wrench MADE UNDER L. COES PATS, will clean to fine overall.
- _____ 465 Pair of Crescent nail pullers: No. 56 SUREGRIP; and No. 101 GIANT; both complete and very good.
- _____ 466 Pair of all-steel monkey wrenches: W&B 21-inch RAILROAD SPECIAL, very good.
- _____ 467 Wooden tray filled with bitstock twist drill bits, some have light rust, but most will clean to good or better usable condition.
- _____ 468 Pair of sharpening stones: on left is a CRAFTSMAN in original pasteboard box, very good; and on right is an ACME whetstone in a hinged wooden box with intact label on inside of lid, very good overall.
- _____ 469 Pair of drawknives: L&I.J. WHITE cooper's with 6 1/2-inch curved blade, very good; and a carriage makers router with 5/8-inch blade, appears to be smith forged, very good.
- _____ 470 Pair of Diamond Edge smooth planes DE4 and DE4C both very good, the top of the blade in the DE4 has been ground down, the hard rubber tote on both is intact.
- _____ 471 Three assorted drawknives: Unknown make with 10-inch curved blade, very good; smith forged 9-inch with pitting and having crude handles; and a D.R. BARTON 7-inch with light to moderate rust, will clean to very good.
- _____ 472 Pair of drawknives: one has a 9-inch blade and handles that rotate but do not fold, very good overall; and a blacksmith made drawknife with 10-inch curved blade, nicely made.
- _____ 473 Two Millers Falls 2-speed breast drills one with 2-jaw chuck and one with 3-jaw chuck, both will clean to very good.
- _____ 474 Three ratchet braces, all were found in an Iowa barn a few months ago and they are in need of a serious cleaning.
- _____ 475 Two breast drills including a 2-speed Goodell-Pratt, both need good cleaning.
- _____ 477 Stanley #71 router plane with fine nickel plating, fine knobs, comes with both 1/4-inch and 1/2-inch blades and throat-closing attachment, a fine router plane overall.
- _____ 478 Pair of Stanley iron level sights for wooden levels, both have STANLEY logo in the screw heads, very good overall.
- _____ 479 Scarce prelateral Stanley #5 iron jack plane with nice Rule & Level Co. blade; nice early-style rosewood tote and beaded knob, very good overall.

- _____ 480 Three NOS Stanley socket firmer chisels: included are 1/2, 3/4 and 1-inch chisels each with composite handles, all are new in unopened original packaging.
- _____ 481 Pair of wooden molding planes including nice D.R. BARTON complex profile; and a Continental tongue cutter.
- _____ 482 Stanley HANDYMAN H147 iron block plane in original box, plane has decal on lever cap and is near new, box is good with intact label but has Scotch tape at corners.
- _____ 483 Pair of rosewood handled leather engraver's? tools each marked JOHN SELLERS & SONS SHEFFIELD ENGLAND, the one that looks like a reamer has a cracked handle just above the ferrule and the bit will not remain securely in it until a repair is made.
- _____ 484 Pair of Stanley iron bench planes: #5 Type 9 with improper rosewood tote from a No. 4 installed, very good T-logo blade, good low knob, will make good user; and a #4C Type 11 with four holes drill thru bed, well-worn blade with patent number below the regular BB logo, scuffed but intact tote and tall knob, will make good user.
- _____ 485 Four MARPLES tang firmer chisels: 1-inch; 5/8; 3/8; and 1/4, all very good.
- _____ 486 Four wooden molding planes: early P.F. RYERSON round with broad chamfers, two holes in right side where fence was once held, very good; unmarked round, very good; D.R. BARTON 7/8-inch dado with crude nicker wedge, nicker blade MIA, very good overall; and a SARGENT & CO.
- _____ 487 Scarce prelateral #3 Stanley smooth plane, nice beaded knob, later rosewood tote; good Rule & Level Co. blade, patent date inside recessed nut, very good overall.
- _____ 488 Large Champion Forge & Blower Co. post drill, has sat a damp barn and has a coat of rust, the dog on top was frozen until we tapped it a few times with a hammer, the entire drill will need a good cleaning and oiling, very heavy.
- _____ 489 Leg vise that has a blacksmith-made spring, is in grimy as found condition, will clean to very good.
- _____ 490 Champion Forge & Blower Co. post drill frame and gears, was set up to run with belt, has light rust, will clean to very good; plus a blacksmith or wheelwright's drill for drilling wagon wheels, this one has a welded or brazed repair, good overall.
- _____ 491 Lot of six adjustable auger bits, two have had tangs cut off.
- _____ 501 Wards Master #45 combination plow plane with set of short rods, double row box of 23 blades, good rosewood handle and knob, the adjuster screw for the adjustable fence is MIA as is the locking screw for the adjustable fence. With the missing screws, a cam and set of long rods that one will make a fine user.
- _____ 502 Unusual Stanley #51 chute/shoot board plane, has a brazed repair at throat, otherwise it is in fine overall condition.
- _____ 503 Pair of Stanley Type 11 iron bench planes: #5 with good V-logo blade, nice rosewood tote and low knob, very good overall; and a #4 with glued tote, good low knob, good BB-logo blade, will make great user.

- _____ 504 Early japanned Stanley #45 plow plane, comes with all three main sections, good rosewood handle and beaded knob, original box of 14 blades plus the sash in the plane makes 15 total blades; long rods front and rear depth stop, a very good plane in very good overall condition.
- _____ 505 Stanley #7C iron jointer plane Type 11, 85 percent plus japanning, STANLEY lever cap, fine T-logo blade, nice rosewood low knob, tote missing part of top spur, fine overall.
- _____ 506 Stanley #45 combination plow plane with nickel plated floral casting, top handle cracked around top pin, but still holding; comes with three main sections, long and short rods, cam with patent date, and two later boxes containing a total of 21 blades including the slitter in the plane; plus a nickel plated #12H hollow bottom and a japanned #10 round bottom. No blades for the special bottoms.
- _____ 507 Stanley #6 iron fore plane, Type 19, fine rosewood tote and tall knob, fine cutter and STANLEY lever cap with orange background, fine overall.
- _____ 508 Stanley #5 & 5 1/4 jack planes: the #5 has 70 percent plus japanning, stained hardwood tote and knob, fine BB-logo blade, will make good user; and a fine #5 1/4 junior jack plane, with 95 percent plus japanning, fine rosewood? tote and knob, fine overall.
- _____ 509 Stanley #81 cabinet scraper with 80 percent plus nickel plating, good Disston blade, the original rosewood sole is gone and the screws are showing thru the bottom of the new wooden sole plate, a fine scraper overall.
- _____ 510 ROCKFORD R4 1/2 wide body smooth plane, complete and very good overall.
- _____ 511 Stanley #12 1/2 cabinet scraper, with 90 percent plus japanning, SW blade, fine rosewood bottom and wear plate, fine overall.
- _____ 512 Stanley #4 smooth plane with good BB-logo blade, STANLEY lever cap, tote broken and glued in center, tall knob cracked at base, good overall; and a #3 iron smooth plane Type 19, good tall knob, tote spur MIA, good BB-logo blade, a fine plane overall.
- _____ 513 Stanley #113 compass plane, fine T-logo blade, nice nickel plating on adjuster, japanning 90 percent plus, fine overall.
- _____ 514 Stanley #2 iron smooth plane, has earliest SW logo blade, knob has been stripped of its original finish, tote looks like a reproduction, a very good plane that will only be better with new wood.
