

# 10<sup>th</sup> Annual St. Charles Antique Tool Auction

## September 23, 2017

Harvester Lions Club

4835 Central School Road

St. Charles (St. Louis), MO 63304

**Auction begins 9:30 a.m.**

- 1 \_\_\_\_\_ Stanley #98 right handled side rabbet, later model with depth stop, nice rosewood knob, very good overall.
- 2 \_\_\_\_\_ Winchester No. 3026C corrugated wide-bottom jack plane, good beaded knob, good original blade, tote broken in center and needing to be glued, very good overall.
- 3 \_\_\_\_\_ Pair of wooden side bead planes: 3/4-inch single boxed, fine; and a 3/16-inch fully boxed, fine. Both are marked J. GOVAN in script lettering and the 3/16 is also marked A. MACKIE EDINBURGH.
- 4 \_\_\_\_\_ Small brass patternmaker's plane with mahogany? tail handle, has one mahogany? bottom, some oxidation on the left side of the plane, very good overall.
- 5 \_\_\_\_\_ Pair of unusual hollow augers, one adjustable and one fixed, both have intact depth stops. We do not recognize the maker of either one and they are not marked.
- 6 \_\_\_\_\_ Three wooden molding planes: 3/16-inch single boxed side bead by Chapin Stephens UNION FACTORY, very good; 1/4-inch OHIO TOOL No. 37, very good; and a complex molding plane by BUTLER PHILAD. with double boxing, one side of the boxing looks like rosewood.
- 7 \_\_\_\_\_ Yankee No. 1445 reversible hand drill, has fast and slow selector switch, but we can only get it to work in the fast mode, in the slow mode it locks up after about 1/2 a turn, a very nice drill if it can be repaired.
- 8 \_\_\_\_\_ Two 8-inch COES-type wooden handled nut wrenches, one marked COES WRENCH CO. on one side and L. COES on other; the other is marked MADE UNDER L. COES PATENTS on one side and COES WRENCH CO. on other side, with light cleaning, both will be fine.
- 9 \_\_\_\_\_ Near new Stanley HANDYMAN saw set in red and blue paint and having an intact decal, fine.
- 10 \_\_\_\_\_ Pair of small adjustable wrenches: 6-inch RIDGID with offset head; and KING DICK pocket or bicycle wrench, both are very good.
- 11 \_\_\_\_\_ Pair of wooden molding planes: Sandusky Tool Co. No. 53 cove, very good; and a Sandusky Tool Co. 3/16-inch No. 47, single boxed side bead, shows moderate wear, good overall.
- 12 \_\_\_\_\_ Pair of iron bench planes: 9-inch smoother with blade marked DUTY, looks like a late Stanley DEFIANCE plane, some light rust here and there, will clean to very good; and a Stanley #5C Type 11 jack plane, good low knob, good V-logo blade, very good rosewood tote, very good overall.
- 13 \_\_\_\_\_ Three heavy duty socket firmer chisels suitable for timber framing: T.H. WITHERBY 2-inch with some light rust, will clean to very good; OHIO TOOL CO. 1 1/2-inch, some light rust, will clean to very good; and a BUCK BROS 1 1/4-inch, very good.
- 14 \_\_\_\_\_ Pitted 3 1/2 slick blade, socket has been beaten on, not sure if this one can be restored to usable condition or not.
- 15 \_\_\_\_\_ Set of ACRABORE wood auger bits in a fitted wooden box with hinged lid; the smallest one has been replaced with one by RUSSELL JENNINGS.
- 16 \_\_\_\_\_ Four rules: LUFKIN 066 RED END zig zag rule, very good; Stanley #66 1/2 later model, very good; Stanley #66 1/4 SW logo, with light cleaning will be very good; and a Stanley #66 3/4 brass bound, very good.

- 17 \_\_\_\_\_ Wooden box, set of blades and long and short rods for a Stanley #45 combination plow plane, the sliding lid or the box is bowed; the wooden cutter box is not original; included are 10 plow; one match, five bead and a slitter, some light rust; two sets of short rods taped together and one set of long rods.
- 18 \_\_\_\_\_ BARNARD SADDLERY SHOE FINDINGS AND AUTO ACCESSORIES Edward Barnard Co. Rome, NY 224-page catalog No. 54 with soiled and cracking covers, inside very good.
- 19 \_\_\_\_\_ Three rules: Stanley #62 brass bound, very good; Stanley #61 soiled and worn outside, inside very good; and a CHAPIN NO. 25 OR NO. 26, needs light cleaning, very good overall.
- 20 \_\_\_\_\_ C.L. BERGER & SONS PRECISION INSTRUMENTS for SURVEYING and ENGINEERING 1947 edition catalog, very good inside and out. See lot 89 for another catalog of surveying instruments.
- 21 \_\_\_\_\_ Shingle froe blade, nice and sharp and ready to cut shingles; plus a WARWOOD 6 1/4-inch adz head, some rust, will clean to very good overall, needs handle.
- 22 \_\_\_\_\_ Two rules and a scale: LUFKIN 4-fold No. 386 caliper rule, good overall; Stanley 4-fold brass-bound No. 62, very good; and a 6-inch L.S. STARRETT No. 13 scale with No. 4 graduations.
- 23 \_\_\_\_\_ Lot: Stanley #90 bullnose rabbet with chunk missing from right side where the top meets the bottom, some light rust, can be cleaned to usable condition; two Craftsman Forstner wood bits in original boxes; a wire clamp from a fence stretcher; pair of CHAMPION hair clippers; and a mystery handle.
- 24 \_\_\_\_\_ Three caliper rules: Stanley No. 136 1/2 caliper rule, very good; Stanley 4-fold No. 32 1/2 caliper rule, good; and a Stanley #36 6-inch 2-fold, very good.
- 25 \_\_\_\_\_ Pair of jack planes: Stanley BAILEY No. 26 transitional, complete and very good; and an unusual Stanley #105 steel jack plane with Liberty-Bell-type adjuster, bed and lever cap have been painted gray, complete and very good overall.
- 26 \_\_\_\_\_ Three small slide rules: front top down are A.S. FABER CASTELL, very good; KEUFFEL & ESSER COPYRIGHT 1947, very good, with case that is coming apart at the seam; and a PICKETT MODEL N 4P-ES Vector Type Dual-Base Speed Rule, very good with case.
- 27 \_\_\_\_\_ Pair of wooden molding planes: ATKINSON & CO. BALTIMORE 9/16-inch slip-boxed side bead, complete and fine; and a Greenfield Tool Co. No. 394 1-inch grooving plow (1/2 of a tongue & groove set), has modified blade from a regular plow plane, very good overall.
- 28 \_\_\_\_\_ Stanley #99 side rabbet plane, nice T-logo blade, very good overall.
- 29 \_\_\_\_\_ Pair of brass surveyor-type plumb bobs; both very good.
- 30 \_\_\_\_\_ Clark-Feather Manufacturing Co. CF-70 Spark Plug Gapping tool IOB, fine.
- 31 \_\_\_\_\_ Stanley #180 18-inch bit extension
- 32 \_\_\_\_\_ Very good 2 1/2-inch PS&W timber framing slick with nice handle.
- 33 \_\_\_\_\_ Pair of iron spokeshaves: unusual UNION TOOL CO. model with open-loop handles, blade secured by screw from the back, very good; and a Stanley #52 with Rule & Level Co. blade, very good.
- 34 \_\_\_\_\_ Pair of iron block planes: early Stanley #220 with nickel plated adjuster screw, BB-logo blade, nice rosewood knob, very good overall; and a Stanley #110 with decal on lever cap, fine knob, fine overall.
- 35 \_\_\_\_\_ Pair of iron spokeshaves: Stanley #60 double shave with SW-logo blades, complete and fine; and a DUNLAP? with open loop handles very good overall.
- 36 \_\_\_\_\_ Pair of iron block planes: Stanley 7-inch with adjustable throat and blade, fine RULE & LEVEL CO. blade, fine overall; and a DUNLAP 7-inch (Sargent 307) with nickel-plated cap, complete and fine.
- 37 \_\_\_\_\_ Pair of wooden spokeshaves: one is well worn and has hang hole in end of handle; the other is complete and fine.
- 38 \_\_\_\_\_ Fine Stanley #9 1/2 iron block plane with adjustable throat, has early SW-logo blade along with NEW BRITAIN local on blade, very good.

- 39 \_\_\_\_\_ Stanley #18 iron block plane with early-style knuckle jointed lever cap, fine BB-logo blade, has owners initials stamped into left side, very good overall.
- 40 \_\_\_\_\_ Unusual Stanley 151M (malleable), 70 percent japanning, will make good user.
- 41 \_\_\_\_\_ Pair of iron block planes: Stanley #9 1/2 (model number in left side) with RULE & LEVEL CO. blade, very good overall; and a SHELTON that is complete and very good.
- 42 \_\_\_\_\_ Stanley #67 "UNIVERSAL" spokeshave with rosewood handles, round bottom, patent date on blade, very good overall.
- 43 \_\_\_\_\_ Stanley #9 1/4 iron block plane with fine BB-logo blade, very good overall.
- 44 \_\_\_\_\_ Unusual wooden coachmaker's double router or shave with bone guide on the bottom, very good overall.
- 45 \_\_\_\_\_ Pair of smaller iron block planes: 5-inch with squirrel tail handle, light pitting on blade, good overall; and a Stanley #102 with "bottle cap" adjuster, good BB-logo blade, very good overall.
- 46 \_\_\_\_\_ Early Stanley #51 spokeshave with RULE & LEVEL blade, complete and fine.
- 47 \_\_\_\_\_ Fine Stanley #18 iron block plane with SW-logo knuckle jointed lever cap, fine T-logo blade, fine overall.
- 48 \_\_\_\_\_ Pair of iron spokeshaves: Stanley #54 with adjustable mouth, early adjuster screw with brass; RULE & LEVEL CO. blade, fine overall; and a Stanley #51 iron shave with BB-logo blade, will clean to fine overall.
- 49 \_\_\_\_\_ Early Stanley #65 low angle iron block plane, RULE & LEVEL CO. blade, STANLEY name cast into nickel plated adjuster screw, and patent date cast into lever cap, knob has metal cup at base, good overall.
- 50 \_\_\_\_\_ CRAFTSMAN (Sargent) combination plow plane with canvas roll containing 21 bits (22 total with one in the plane) will make a good user.
- 51 \_\_\_\_\_ Pair of drawknives: one pitted; and an 8-inch T.H. WITHERBY that will make a very good user.
- 52 \_\_\_\_\_ Pair of Stanley long handed scrapers: #82 that is complete and very good; and a #79 with V-logo blade, complete and very good.
- 53 \_\_\_\_\_ FINE and somewhat scarce SIEGLEY combination plow plane with nice nickel plating, fine handle, and a box of 10 plow blades, 5 beads and one match, with the bead blade in the plane, it makes 17 blades in all, a fine plane in a very good box.
- 54 \_\_\_\_\_ Unusual and unknown long handled scraper, wooden handles, very good overall.
- 55 \_\_\_\_\_ Pair of Siegley plow planes: one is missing the sliding section, but has a fence, comes with a beading stop and one plow blade, good overall; and the other is an early model with 2-piece wooden fence, lever-operated blade holder, comes with one depth stop, just needs blades to complete.
- 56 \_\_\_\_\_ Pair of long handled scrapers: unknown make with cam locking blade clamp, handle can be adjusted to any number of different angles, very good overall; and an L.S. Starrett scraper that also has an adjustable handle, very good overall.
- 57 \_\_\_\_\_ Late model Stanley #50 light duty plow plane, has STANLEY name in left side of rosewood handle, two spurs screwed to right side of plane, comes with full box of original blades, missing the lever that would allow the blades to be adjusted with the thumb, will make a fine user.
- 58 \_\_\_\_\_ Main frame for a Fales Patent plow plane, has nice rosewood knob and main handle, comes with one plow blade, and one nicker, very good overall.
- 59 \_\_\_\_\_ Stanley #46 skew bladed plow plane with three main sections, rods, and original box of 8 original blades including the match, two depth stops, fine nickel plating, fine overall.
- 60 \_\_\_\_\_ Pair of iron bench planes: 8-inch FULTON, light rust to exposed surfaces will clean to very good; and a Stanley #4 WWII model with hard rubber adjuster nut, light rust to exposed surfaces, will clean to fine overall.
- 61 \_\_\_\_\_ Stanley 60 1/2 low angle block plane, light rust to exposed surfaces, will clean to very good.

- 62 \_\_\_\_\_ Stanley #148 7/8-inch match plane, good nickel, intact tongue cutter, the plow blade is MIA, a few spots of light rust, will clean to fine overall.
- 63 \_\_\_\_\_ Pair of Stanley #75 bullnose rabbet planes: one with BB-logo blade has light to moderate rust from laying on damp basement floor, will clean to good usable condition; the other also has a BB-logo blade and is complete and very good.
- 64 \_\_\_\_\_ Stanley #248 weather-stripping plow, has pre-stop rods in addition to regular rods, light rust to exposed surfaces, one blade included, will clean to very good overall.
- 65 \_\_\_\_\_ Sargent #5206 unbreakable block plane, original blade has about 1/4 inches of usable length remaining, has LK initials stamped into toe, very good overall.
- 66 \_\_\_\_\_ Stanley #100 with squirrel tail handle, good BB-logo blade, fine overall.
- 67 \_\_\_\_\_ Scarce OHIO TOOL #0220 Mark's Patent iron block plane, complete and very good.
- 68 \_\_\_\_\_ Pair of mini iron block planes: Millers Falls (Same as Stanley #101) complete and very good; and a Craftsman (Sargent) marked BL in bed, with yellow cap, very good overall.
- 69 \_\_\_\_\_ Stanley #65 low angle block plane with knuckle jointed lever cap, has SW logo in cap, has dusting of surface rust to exposed surfaces, small chip in rear corner of mouth, will clean to very good.
- 70 \_\_\_\_\_ Prelateral Stanley #8 iron jointer plane, small J-logo on blade, recessed brass adjuster nut with patent dates, light rust to exposed surfaces, will clean to very good.
- 71 \_\_\_\_\_ Sargent #62 open throated router plane, some light rust, will clean to very good.
- 72 \_\_\_\_\_ Stanley #6C Type 11 iron fore plane, improper hardwood knob, good rosewood tote, light rust to exposed surfaces, will clean to very good.
- 73 \_\_\_\_\_ Pair of mini block planes: G.M.CO MFG. Long Island, NY, pressed steel body, complete and fine; and a Stanley #101 with red lever cap and BB-logo blade, complete and fine.
- 74 \_\_\_\_\_ Pair of iron smooth planes: Chaplin's Patent with corrugated bottom, hard rubber tote, nut that holds the front knob to the threaded post is missing, find a nut and it will be fine; plus a Millers Falls #9 with light rust covering the exposed surfaces, fine plating on the lever cap, will clean to very good.
- 75 \_\_\_\_\_ Pair of wooden planes: horned smooth plane, some light rust on blade and chip breaker, will clean to very good; plus an OHIO TOOL CO. No. 78 1/2-inch match plane, some rust on steel skates, blades and wear plates; will clean to very good overall.
- 76 \_\_\_\_\_ Three wooden molding planes: Sandusky No. 146 5/8-inch rabbet plane, has crack extending rearward from top of side escapement; OHIO TOOL No. 41 1/4-inch center bead with double boxing, very good overall; unusual BALDWIN sash plane made of two bodies screwed together, has piece of leather covered front screw hole on side.
- 77 \_\_\_\_\_ Pair of unmarked, complex-profile molding planes, each has a 9-inch stock, both appear to be professionally made, and both are in fine overall condition.
- 78 \_\_\_\_\_ Four wooden molding planes: 7/8-inch AUBURN TOOL CO. No. 155 1/2 table joint plane, complete and very good; 1/4-inch AUBURN TOOL CO. No. 105 side bead, very good; unknown make 3/4-inch fully boxed side bead, very good; and a 7/8-inch OHIO TOOL CO. No. 116 skewed rabbet, very good.
- 79 \_\_\_\_\_ Two wooden molding planes: 1/2-inch OHIO TOOL No. 75 match plane, complete and very good; Sandusky Tool Co. No. 77 complex profile, missing the boxing from behind the mouth, good overall.
- 80 \_\_\_\_\_ Pair of smaller wooden molding planes: 8 3/4-inch complex profile; and a 7 7/8-inch taurus bead with improper blade, good overall.
- 81 \_\_\_\_\_ Yankee No 41 push drill and a GENERAL HARDWARE No. 830 taintor-type lever saw set, some rust, will clean to very good.
- 82 \_\_\_\_\_ Lot of five wooden molding planes, two missing wedges and blades: an early boxed B. FROGATT side bead with piece of rear boxing missing, still very good overall; BURTON cabinet pitch hollow, very good; and a large J.I. HUNNEL side bead, very good. The two without blades or wedges are an OWASCO No. 180 round marked 12 on heel; and a Sandusky #92 hollow marked #5 on heel.

- 83 \_\_\_\_\_ Pair of complex molding planes; one marked E.W. Carpenter.
- 84 \_\_\_\_\_ Pair of braces: ratcheting model with Fray-type chuck, some light rust and nickel peeling in a place or two, will clean to very good; and a non-ratcheting model that has light rust on frame, very good overall.
- 85 \_\_\_\_\_ Two bundles of bits; one is all square shanked wood auger bits and one is assorted wood and twist drill bits plus a ratcheting brace.
- 86 \_\_\_\_\_ Lot: Two flat bladed screwdrivers, the smaller one is bent; a pair of nippers; and a gouge with long handle that needs cleaning.
- 87 \_\_\_\_\_ Lot: two-handed scorp or inshave, both ferrules or split and lose, needs cleaning, a head for sliding steel square; and a tapered reamer with wooden handle and worm screw.
- 88 \_\_\_\_\_ Unknown make cast iron saw sharpening vise that can be clamped to a bench or table, has a cam lock, fine overall.
- 89 \_\_\_\_\_ A.B. SMITH CO. AGENTS KEUFFEL & ESSER CO. 38th edition catalog circa 1936, covers separating at spine, some light soiling on covers, inside first four pages seem to have had some moisture exposure, the rest of the pages are very good.
- 90 \_\_\_\_\_ S. BIGGIN & SON SHEFFIELD die stamped hand saw, about as worn down a saw as we have seen, good medallion.
- 91 \_\_\_\_\_ Henry Disston & Sons 26-inch No. 7 hand saw, has had the top handle spur reshaped, decent etch, will clean to very good.
- 92 \_\_\_\_\_ Unusual 26-inch Disston-made hand saw with steel plate on left side of handle and domed nuts on other side, no markings visible on blade, good overall.
- 93 \_\_\_\_\_ Fine 14-inch JACKSON back saw, very good handle, small eagle medallion.
- 94 \_\_\_\_\_ THE SIMONDS SAW No. 62, 24-inch 8ppi bladed hand saw, fine etch, nice blue medallion marked 250, very good overall.
- 95 \_\_\_\_\_ Stanley 4-inch nickel plated machinist level, nickel peeling at base, very good overall; plus a small brass-topped pocket level that can be attached to a square, marked STANLEY PAT FEB 19, '90, very good.
- 96 \_\_\_\_\_ Pair of pattern makers shaves: one has shaves on both ends of handle, the other is a small brass shave.
- 97 \_\_\_\_\_ Medium sized brass surveyor's plumb bob with built-in reel at the top and having a removable steel tip, there is a patch of oxidation on the bob.
- 98 \_\_\_\_\_ Pair of wooden screw boxes: T.IB CO 3/4-inch, very good; and unknown make 5/8-inch very good.
- 99 \_\_\_\_\_ Pair of ratchet braces: Stanley 10-inch with nice tropical handles fine overall; and Millers Falls No. 772 with heavy duty chuck, some rust, will clean to very good.
- 100 \_\_\_\_\_ Pair of 5 1/2-inch brass trammel points with removable 3-inch steel points, some light rust on points, will clean to very good.
- 101 \_\_\_\_\_ Pair of transitional planes: Winchester #3050, light rust on chip breaker, very good overall; and a Stanley #29 that is missing the tote but the post to secure the tote is present, good V-logo blade, very good overall.
- 102 \_\_\_\_\_ Three wooden planes including two jack rabbets and a razee-style jack plane; OHIO TOOL 1 1/2-inch jack rabbet with both nickers intact; very good overall; an unmarked 2 1/2 jack rabbet with skewed blade and having an offset handle, very good overall; and an OGONTZ TOOL CO No. 13 wooden razee-style jack plane, good overall.
- 103 \_\_\_\_\_ Scarce and early Stanley #57 corebox plane with rosewood tote and rosewood knob, no risers, very good overall.
- 104 \_\_\_\_\_ Three planes: OHIO TOOL #90 1/2 razee-style 1 1/2-inch nosing plane, wedge not original to this plane (too narrow), very good overall; DIAMOND EDGE transitional fore plane complete and very good; and a Stanley #129 "Liberty Bell" jointer that is missing the tote and knob.
- 105 \_\_\_\_\_ Scarce METALLIC PLANE CO. iron jointer plane with adjustable throat, W. BUTCHER blade, tote a crude replacement, some light rust, will clean to very good.

- 106 \_\_\_\_\_ Stanley #8 iron jointer plane, good Q-logo blade, scuffed but intact tote and knob, few spots of rust, will clean to very good.
- 107 \_\_\_\_\_ James Swan 9-inch drawknife, will easily clean to very good.
- 108 \_\_\_\_\_ Pair of coopers curved drawknives.
- 109 \_\_\_\_\_ Nice Belknap BLUE GRASS 10-inch drawknife, does not appear to have ever been used, fine handles, light dusting of surface rust in a few spots, will easily clean to fine.
- 110 \_\_\_\_\_ Stanley #55 combination plow plane with all four main sections, auxiliary center bottom (tower); very good rosewood handles, SW logo on skate; light dusting of surface rust; beading stop, cam, rear depth stop, and slitter currently installed in plane.
- 111 \_\_\_\_\_ Pair of BELKNAP HARDWARE & MANUFACTURING CATALOGS 1961 & 1950; the 1961 with yellow cover has a loose spine that needs to be glued; the 1950 model has light wear on covers but is complete and very good.
- 112 \_\_\_\_\_ WEED & CO. EST. 1818 Catalog No. 37 (1938), some light wear and soiling of covers, very good inside.
- 113 \_\_\_\_\_ Table full of Sears Craftsman tool publications including the 1938 Craftsman and Companion Power Tools and other yearly catalogs from 1939-1942, 1953-1955, and early 1960 and 1961.
- 114 \_\_\_\_\_ Lot of Snap-On catalogs, price lists and pamphlets.
- 115 \_\_\_\_\_ Lot of Stanley Tools publications including a page advertising the 4-square chisel.
- 116 \_\_\_\_\_ Lot of assorted publications: Brown & Sharpe Catalog No. 35C Milling Cutters, Hubs, Arbors, Adapters and Collets; USEFUL DATA KALMAN STEEL CO. Chicago; FRAMING How to frame paintings, crafts, photographs, needlecrafts, models, memorabilia and more... by Moyra Byford; The Encyclopedia of Picture Framing Techniques a comprehensive visual guide to traditional and contemporary techniques by Robert Cunning; and a MWTC reprint of the L&I.J. WHITE CO. EDGE TOOLS catalog.
- 117 \_\_\_\_\_ The Great Tool Emporium by David X. Manners, A pictorial extravaganza of the early tools of yesterday and today, very good.
- 118 \_\_\_\_\_ Two Directories: HARDWARE AGE 1951 Catalog and Directory; and a HARDWARE RETAILER JULY 1943, very good.
- 119 \_\_\_\_\_ Original William Dixon Tools and Supplies Catalog No. 20 (1955) a full line catalog of Jewelers, Silversmiths, Die Sinkers Engravers, and Metal Workers tools, very good.
- 120 \_\_\_\_\_ Unusual brass steelyard scale marked HENRICHSON CIN'TI O. no weights and the part that steel piece that would have held the meat hooks is MIA.
- 121 \_\_\_\_\_ Four assorted saw sharpening and setting tools: ATKINS & CO. raker gauge; and three different spiders; one of the smaller ones is marked SIMONDS and looks to have something broken off of one end, the other two are very good.
- 122 \_\_\_\_\_ Three saw setting tools: KEEN KUTTER lever-type saw set, very good; E.C. STEARNS lever-type saw set, fine nickel, very good overall; and a blacksmith-made saw wrest, good.
- 123 \_\_\_\_\_ Three saw sharpening tools: saw filing jig; large Stanley No. 43 lever-type saw set, fine; and a large E.C. STEARNS lever-type saw set, very good.
- 124 \_\_\_\_\_ Four assorted saw tools: SIMONDS CRESCENT SAW TOOL with file; Disston saw swage PAT AUG. 18, '72; and two other saw tools.
- 125 \_\_\_\_\_ Scarce Stanley #51/52 chute board and plane combination for trimming miter cuts, this one is complete with hold-down and indexing pin, the entire outfit was found on a concrete floor and is rusty. The plane will clean to five overall condition and it has good japanning, The board is very solid but there is rust on the machined surfaces most heavily around the movable guide. This rig will clean to very good usable condition.
- 126 \_\_\_\_\_ Small 4 1/4-inch brass trammel points with 2-inch removable steel points, one with built-in pencil holder, some rust on points, will clean to very good.

- 127 \_\_\_\_\_ Late Stanley #46 skew-bladed plow plane with sliding section and outer fence nice rosewood knob, and handle, comes with 5/8-inch blade, two depth stops and set of long rods, needs a light cleaning
- 128 \_\_\_\_\_ Pair of twin beam Stanley marking gages: No. 98 with script logo, some light rust on beams, will clean to very good; and a No. 91 also with light rust on beams.
- 129 \_\_\_\_\_ Stanley #45 combination plow plane parts: main frame with floral casting and nickel plated, has S casting mark, missing the blade holding screw and wing nut, comes with a fence that also has S casting mark and nice rosewood knob, the main rosewood wear strip is missing; comes with beading stop, long and short rods and set of cutters with extra notch at the top.
- 130 \_\_\_\_\_ Pair of COLT BATAVIA N.Y. 10-inch adjustable bar clamps, both very good.
- 131 \_\_\_\_\_ Stanley BEDROCK No. 608C RT with nice early-style rosewood tote and low knob, light rust on Q-logo blade, nice STANLEY R&L BEDROCK lever cap, will clean to very good overall.
- 132 \_\_\_\_\_ Fine 3-inch PS&W timber framing slick with nice handle.
- 133 \_\_\_\_\_ John S. Fray corner brace, complete and very good overall.
- 134 \_\_\_\_\_ Pair of iron bench planes: CORSAIR 9-inch smooth plane with plastic tote and knob, has cast frog, very good overall; and an 18-inch CRAFTSMAN with corrugated bottom, will clean to very good usable condition.
- 135 \_\_\_\_\_ Stanley #81 nickel plated cabinet scraper with rosewood bottom, good SW-logo blade, very good to fine overall.
- 136 \_\_\_\_\_ Pair of iron smooth planes: Parplus-type with good tote and knob, very good overall; and a CORSAIR with plastic tote and knob, very good overall.
- 137 \_\_\_\_\_ Pair of hand drills: Goodell-Pratt 2-speed PAT. MAR 31, 1896, missing the auxiliary handle, fine overall; and a Stanley Handyman Hi/Lo H12208, with set of bits inside handle, complete and very good overall.
- 138 \_\_\_\_\_ Stanley #112 scraper plane with improper yet functional blade, good rosewood knob, tote broken and glued at base, splinter from side of tote spur, has hang hole in bed behind knob, will make very good user.
- 139 \_\_\_\_\_ Pair of Spofford Patent bit braces: on left is a Fray? No. 110 with pewter rings securing the two halves of wrist handle, very good overall; and one with slightly smaller throw that has some rust, also has the pewter rings, good overall.
- 140 \_\_\_\_\_ Stanley #12 cabinet scraper, unmarked heavy blade, RULE & LEVEL logo on brass cap screw, very good overall.
- 141 \_\_\_\_\_ Unusual pony scorp (has handles and blade the size of a pony drawknife) complete and very good.
- 142 \_\_\_\_\_ Three drills: Millers Falls 2-speed that has an adjustable handle, comes with an auxiliary handle from another drill, and is missing the level that was originally mounted on the frame good overall; and a small one that is marked with a decal on the big gear ELMAR G. HANSON, looks like a Stanley Defiance, good overall; and a fine Stanley Hi/Lo H1220 three bits inside storage handle, fine overall.
- 143 \_\_\_\_\_ Medium sized wooden tool chest in old blue paint, measures 32 x 12.5 x 13, has fixed handles on the end, no trays inside, the front board is warped, can be used for storage or restored to be used as a tool box.
- 144 \_\_\_\_\_ Cast iron leather slitter, very good overall.
- 145 \_\_\_\_\_ Stanley #83 cabinet scraper, need roller handle, good main handle and good unmarked blade, very good overall.
- 146 \_\_\_\_\_ Unknown make wooden match plane, has name M. N. SAWYER stamped into both ends along with 5/8 size, very good overall.
- 147 \_\_\_\_\_ Nice A. HOWLAND & CO. unhandled screw-arm plow plane with apple body and fence, the steel plate with the depth stop locking screw interferes with the inner nut on the front, will make a fine user or display piece.
- 148 \_\_\_\_\_ Unusual Continental-style triple reeding plane, very likely homemade, fence nailed to side, good overall.

- 149 \_\_\_\_\_ Three pairs of hollow and round planes: A. HOWLAND & CO. #18 No. 180 pair, very good; pair of #16 D. KIMBERLY & SONS with K inside circle for logo, both fine; and an unmatched pair J. GIBSON ALBANY #14 round, good; and a similar sized SANDUSKY hollow, fair.
- 150 \_\_\_\_\_ Medium sized 27x16x15, 6-board pine carpenters tool chest with two sliding tills, and folding handles on each side, hasp with EAGLE padlock and two keys, has casters on the bottom and can be rolled
- 151 \_\_\_\_\_ Pair of Continental horn planes: the smaller one has a radiused blade and is set up for use as a scrub, it is very good; the other is a worn smoother with a BUTCHER blade, and has a new wooden sole plate attached presumably to close the throat, good overall.
- 152 \_\_\_\_\_ Five side bead planes: Auburn Tool 5/16 and 1/2; Ohio Tool 5/8-inch No. 37; MARTIN DOSCHER NEW YORK 3/8-inch, all single boxed; plus a fully boxed.
- 153 \_\_\_\_\_ Ohio Tool Co. No. 101 screw-arm plow plane no wedge or blades, the threads and nuts are very good, fence has a boxwood wear strip, screw operated depth stop, with wedge and blades, will make a very good user. Comes with set of eight (8) OHIO TOOL blades that are shown in a separate photo, all have some light rust but will clean to very good.
- 154 \_\_\_\_\_ Five assorted wooden molding planes: A. HOWLAND & CO. rabbet; unknown skewed rabbet; D. MALLOCH PERTH side bead that is missing boxing; A. HOWLAND & CO. and an OHIO TOOL? side bead.
- 155 \_\_\_\_\_ Pair of A. MEIER St. Louis marked wooden molding planes: skewed rabbet; and a complex molding plane marked 3/8 & 3/4 on heel; that has had the MEIER name overstruck with an owners mark.
- 156 \_\_\_\_\_ Scarce Stanley #90 steel-cased rabbet plane with patent date on top of front wood, throat has NOT been opened, no pitting, very good overall.
- 157 \_\_\_\_\_ Four wooden beading planes: CASEY & CO. 5/8-inch, very good; Ohio Tool No. 37 1/2-inch, very good; A. HOWLAND & CO? fully boxed center bead, good overall.
- 158 \_\_\_\_\_ NITSCHMANN & WINCKLER German horned smoothing plane, very good overall.
- 159 \_\_\_\_\_ RECORD T5 Technical School jack plane with a handle in the side, so it can be used to shoot miters, very good overall.
- 160 \_\_\_\_\_ OHIO TOOL #96 1/2 handled screw-arm plow plane with one blade, all four nuts intact, the threaded arms are good except for the extreme ends near the brackets, will make a good user. Comes with set of five OHIO TOOL blades plus the one in the plane making six total.
- 161 \_\_\_\_\_ Pair of unusual iron jack planes: E. HAHN (Siegley) #6C with both a G.A.R. (George A. RUBELMAN Hardware) and a Stanley SW-logo blade, nice original tote and knob, very good overall; and a CRESCENT MFG. (Parplus-type) with stamped or pressed steel frog, complete and very good.
- 162 \_\_\_\_\_ Fine E.C. STERNS Patented adjustable hollow auger, complete with intact depth stop and fine nickel plating, fine overall.
- 163 \_\_\_\_\_ Unusual JORDAN (German) 9-inch iron smooth plane, complete and fine.
- 164 \_\_\_\_\_ Pair of hollow augers including an E.C. Stearns adjustable, missing the depth stop, very good overall; and a fixed size model that we have not seen before.
- 165 \_\_\_\_\_ Unusual U.S.S.R. (Russian) 9-inch smooth plane with hard rubber or plastic tote and knob, has marking on toe that looks like U3P, and on blade, fine overall.
- 166 \_\_\_\_\_ H.S.B. &CO. O.V.B. (Gage) G4 smooth plane with nice rosewood tote and knob, very good original blade, very good overall.
- 167 \_\_\_\_\_ Unusual U.S.S.R. (Russian) plow or combination plane with an adjustable fence on the left side, and depth stop on right side, hard rubber or plastic tote and knob, comes with five assorted blades, fine overall.
- 168 \_\_\_\_\_ Stanley #10 1/2 carriage maker's rabbet plane, very good BB-logo blade, scuffed but intact rosewood tote and knob, fine overall.
- 169 \_\_\_\_\_ Unusual aluminum core box plane with wooden risers on each wing held by two countersunk screws from the outside, nice wooden tail handle, well made and very good.

- 170 \_\_\_\_\_ Stanley #10 iron carriage maker's rabbet plane, nice Q-logo blade, nice early-style rosewood tote, and rosewood low knob, very good overall.
- 171 \_\_\_\_\_ Keen Kutter KK5 iron jack plane, nice rosewood tote and low knob, very good overall.
- 172 \_\_\_\_\_ Bridge Tool Co. (St. Louis hardware brand) No. 5, 14-inch iron jack plane with nice hardwood tote and low knob, very good overall.
- 173 \_\_\_\_\_ Bridge Tool Co. (St. Louis hardware brand) #5 1/2C wide body jack plane, very light pitting on face of blade makes it hard to read the Bridge logo, scuffed but intact tote and knob, very good overall.
- 174 \_\_\_\_\_ Stanley #6C iron fore plane with nice rosewood tote and tall knob, very good BB-logo blade, very good to fine overall.
- 175 \_\_\_\_\_ Stanley #7 22-inch iron jointer plane, with good Q-logo blade, nice early-style rosewood tote and low knob, will clean to very good overall condition.
- 176 \_\_\_\_\_ SHAPLEIGH HARDWARE MARATHON No. 1922 crosscut saw with 8ppi blade, handle broken in center and needs to be repaired, good etch.
- 177 \_\_\_\_\_ Three assorted hand saws: 26-inch 8ppi missing one of the five nuts, no visible etch, good overall; ATKINS AAA 5ppi rip with good handle that has some paint splatters; and a DISSTON 10ppi, spur missing from top of handle, etching is faint, will make good user.
- 178 \_\_\_\_\_ Pair of Disston saws: 28-inch 5ppi with thumb-hole handle, no etch visible, very good overall; and a 26-inch D-12 LEIGHT WEIGHT with 8ppi blade, nice etch, very good etch, fine overall.
- 179 \_\_\_\_\_ Three hand saws: 26-inch Disston D-8 with 10ppi blade, decent etch, very good overall; SHAPLEIGH HARDWARE MARATHON No. 1922 with 9ppi blade, faint etch, good handle, good overall; and a Disston 28-inch rip with thumb hole handle blade is dirty but will clean to very good usable condition, handle has a few chips and is cracked around one of the bottom bolts, good overall.
- 180 \_\_\_\_\_ Winchester No. 40 OLD TRUSTY 26-inch 9ppi blade has crack on either side of the WINCHESTER medallion that does not go all the way thru the handle, etch is faint but with proper cleaning will be very good; plus a MILLERS FALLS with 9 or 10ppi blade, complete and very good.
- 181 \_\_\_\_\_ Pair of Stanley planes: #191 rabbet complete with depth stop, fine; and a G12-020 block plane, complete and fine.
- 182 \_\_\_\_\_ Pair of drawknives including a SHAPLEIGH'S 9-inch with folding handles.
- 183 \_\_\_\_\_ Fine scraper blade for hand scraping and a burnishing tool, very good.
- 184 \_\_\_\_\_ Pair of hardened steel squares; one 4 1/4 inches and one 6 1/4 inch, both very good.
- 185 \_\_\_\_\_ Stanley #97 rosewood and brass marking, mortising and rabbeting gage, very good overall.
- 186 \_\_\_\_\_ Stanley #102 mini block plane in original box with partial label, plane is fine, box is OK.
- 187 \_\_\_\_\_ Lot of 15 center bits, one with round shank, the others all have tapered square shanks.
- 188 \_\_\_\_\_ METIOR 24-inch four fold boxwood rule with early arched brass joint, MADE IN HOLLAND, very good overall.
- 189 \_\_\_\_\_ Three books on box making: Box Making by Doug Stowe; The Art of Making Elegant Wood Boxes by Tony Lydgate; and Award-Winning Wood Boxes by Tony Lydgate, all are fine.
- 190 \_\_\_\_\_ Nice RABONE No. 1190 boxwood and brass 24-inch combination rule with level and having a protractor joint, very good overall.
- 191 \_\_\_\_\_ Pair of saws: Disston with OCT. 31, '76 Patent date, keyhole saw that has a blade that can be removed and reinstalled at 90 and 180 degrees and resecured with a thumbscrew, very good; and a nice WATCH CRAFT jewelers saw MADE IN ITALY.
- 192 \_\_\_\_\_ Sandusky Tool Co. No. 118 unhandled screw-arm plow plane, one or two thread chips, fine overall.

- 193 \_\_\_\_\_ LOT: KEN-TOOL TRUCK WRENCH 1 1/2-in. hex with 13/16 square, like new; RIDGID double box end No. 36, needs cleaning; two single box ended wrenches that would be struck with a hammer; a 20mm clevis with pin; 3/4 x 1/4 tap; masonry bit; and an ARMSTRONG cold chisel; and a small approx. 3/8-inch bit.
- 194 \_\_\_\_\_ Lot: Eight assorted wrenches: five double open ended including an IHC; two combination wrenches and a double box ended. All need cleaning.
- 195 \_\_\_\_\_ Set of 11 S-K combination metric wrenches in original plastic pouch, all are fine.
- 196 \_\_\_\_\_ Four wrenches: PROTO 1-inch and 15/16 double open end, in yellow paint; PROTO 3/4-inch combination wrench, very good; Crescent 10-inch adjustable wrench, fine; and GELLMAN POLLY 9-inch No. 91, very good.
- 197 \_\_\_\_\_ Pair of wrenches: SEPT 27, '97 Patent screw adjust with open loop handle, some light rust, will clean to very good; and a C.E. BILLINGS Patent BILLINGS & SPENCER MADE FOR POPE MFG. CO. 5 1/2-inch with center adjuster nut, some light rust, will clean to very good.
- 198 \_\_\_\_\_ Stanley BAILEY commemorative transitional jack plane in pasteboard box, this is No. 578 of 2000 that were done, to commemorate the 150th Anniversary of Stanley Rule & Level Co., they bought up a bunch of old planes and "restored" them and put a brass plate on the sides. This plane did not get much restoration, but they did put a new tote.
- 199 \_\_\_\_\_ Lot: ratchet brace with fine nickel plating; nine assorted ships auger bits; and a Yankee North Brothers No. 2150 auger bit extension, all very good or better.
- 200 \_\_\_\_\_ Stanley Commemorative Chisel Set with three Everlasting-type chisels and wooden mallet inside a custom fitted wooden box with hinged lid, made and sold to commemorate the 150th Anniversary of Stanley Rule & Level Co. Unused and fine.
- 201 \_\_\_\_\_ Eight mismatched pairs (16 total) hollow and round molding planes included pairs are: 1-inch; 7/8; 3/4; 5/8; 1/2; 3/8; 1/4; and 3/16. The 91-year-old craftsman we got them from refinished them and coated them with a nice coating of boiled linseed oil cut with paint thinner. All are in good usable condition. The 10 lots came from the same owner and the wood planes in them are in the same working condition.
- 202 \_\_\_\_\_ Three wooden molding planes: T.J. McMaster & Co. 3/8-inch; G.W. DENISON & CO. WINTHROP, CONN. 5/8-inch also marked on heel HAMMACHER & CO. BOW. NY; and A. MATHIESON & SON GLASGOW 1/2-inch thumbnail or quarter round.
- 203 \_\_\_\_\_ Stanley #13 compass plane with fine BB-logo blade, patent date in recessed brass nut, very good overall.
- 204 \_\_\_\_\_ Four wooden molding planes: OHIO TOOL 3/4-inch #61 1/4; AUBURN TOOL CO. 3/4-inch No. 155 1/2; 9/16-inch thumbnail; and an unmarked with fence attached to the side with three screws, a fourth screw is MIA. All are clean and in usable condition.
- 205 \_\_\_\_\_ Stanley #80 iron scraper with SW logo on strap that secures the blade, very good overall; and a Stanley #51 spokeshave that is complete and very good.
- 206 \_\_\_\_\_ Three wooden planes: S.S. BARRY N. YORK 1 1/2-inch skew bladed rabbit, complete and fine; A.C. BARTLETT'S OHIO PLANES 7/8-inch nosing plane, very good; and an OHIO TOOL CO. 3/4-inch No. 47 dado, complete and very good.
- 207 \_\_\_\_\_ Three wooden bench planes: 8-inch smoother with OHIO TOOL blade, very good; 16-inch jack with AUBURN TOOL THISTLE BRAND blade, very good; and a UNION TOOL CO. 24-inch No. 115 jointer with GLOBE MFG. BALDWIN blade, fine overall.
- 208 \_\_\_\_\_ Lot: double coachmaker's router; three mortising chisels and a medium sized dowel pointer, very good.
- 209 \_\_\_\_\_ Four wooden molding planes: fine 1/2-inch skewed rabbit; 1/2-inch plow with steel skate; unmatched pair of 1/8-inch tongue and groove planes, the tongue cutter by GREENFIELD TOOL and the plow marked Wm Don.
- 210 \_\_\_\_\_ Stanley #40 scrub plane with very good SW logo blade, nice beech tote and tall knob, very good overall; and a long handled E.C. STERNS & CO. scraper, very good.
- 211 \_\_\_\_\_ Six wooden side bead planes: 3/4-inch Wm. MARPLES, very good; AUBURN TOOL CO. 5/8-inch NO. 105, very good; CASEY & CO. AUBURN 9/16-inch, very good; SANDUSKY TOOL CO. (faint mark) 1/2-

- inch #47, very good; R&L CARTER TROY 3/8-inch, has chunk missing from center of outside fence, still usable; and an unknown make 5/16-inch, good usable condition.
- 212 \_\_\_\_\_ Roll of 13 assorted auger bits, plus a CLARK adjustable bit with two larger spurs that will allow it to bore holes up to 3-inch in diameter.
- 213 \_\_\_\_\_ Three wooden center bead planes: M. CRANNELL ALBANY 1/2-inch double boxed, very good; H. CHAPIN 3/8-inch double boxed, very good; and an AUBURN TOOL CO. 1/4-inch double boxed, very good.
- 214 \_\_\_\_\_ Wooden furniture clamp with octagonal shaped handles on the screws, very good.
- 215 \_\_\_\_\_ Six assorted wooden hollow and round molding planes: MARLEY N. YORK 7/16-inch hollow; unmarked 9/16-inch round; BENSEN & CRANNELL 9/16-inch round; GREENFIELD TOOL CO. 11/16-inch round; EDWARD CARTER TROY N.Y. 1 3/8 hollow; and a RANDALL & COOK ALBANY 1 1/4-inch.
- 216 \_\_\_\_\_ Stanley #78 duplex or rabbet and fillister plane, complete and fine with SW-logo blade; plus an early bullnose rabbet plane with “football” logo on the blade, very good overall.
- 217 \_\_\_\_\_ Canvas roll of five chisels & gouges: TAYLOR SHEFFIELD 20mm #9, very good; BUCK BROTHERS 4mm mortising chisel, very good; unknown make 4mm mortising; HENCKLES GERMANY #5 V-gouge; and a J.B. ADDIS & SONS 10mm No. 10 V-gouge, very good. The canvas roll is fine.
- 218 \_\_\_\_\_ Stanley #45 combination plow plane Type ?? with script logo on skate, comes with two original cutter boxes with 25 total blades including the slitter, all three main sections, fine rosewood knob and handle; long and short rods, dated cam, original and reprint of owner’s manual, sheet introducing the new-style cam, envelope for spare spurs, beading stop and both depth stops, a fine and nearly complete plane in an owner-made wooden box with hand-cut dovetails and a felt bottom.
- 219 \_\_\_\_\_ PROTO MFG #370 hand drill with head and handle that can each be oriented into a number of different positions, very good overall.
- 220 \_\_\_\_\_ Medium sized pair of ice tongs with wooden handles, very good overall.
- 221 \_\_\_\_\_ Pair of hand drills: Millers Falls No. 2500A with small hang hole in wooden handle, very good overall; and an unmarked MADE IN U.S.A. model with red gear wheel and wooden handle, very good.
- 222 \_\_\_\_\_ Pair of butt gages: Goodell Tool Co. Pat. DEC. 13, 1894, very good; and an early Stanley #95, both very good.
- 223 \_\_\_\_\_ Unknown make bench mounted grinder with intact tool rest, fine overall.
- 224 \_\_\_\_\_ Large Stanley #43 lever-type saw set, complete and fine.
- 225 \_\_\_\_\_ Stevens Patent hand vise with wooden handle, PAT. SEPT 28, 1869, very good overall.
- 226 \_\_\_\_\_ Stanley #113 Type 1 or Type 2 compass plane, the rear handle is missing and that backing plate that supported it was broken off with the handle, could still be used or part it out.
- 227 \_\_\_\_\_ Stanley BEDROCK RT No. 605 iron jack plane, the rosewood tote is broken in the center and needs to be re-glued; good BB-logo blade, nice low knob, very good overall.
- 228 \_\_\_\_\_ Four assorted wooden molding planes: OHIO TOOL round; KING & HULL 5/8-inch side bead, very good; WILCOCK MANCHESTER fully boxed 1/4-inch side bead, fine; and a GREENFIELD TOOL CO. 1/8-inch No. 147, complete and fine.
- 229 \_\_\_\_\_ HSB&CO. REVONOC #5 1/2C wide body jack plane, complete and fine.
- 230 \_\_\_\_\_ Three wooden molding planes: slip boxed side bead; 1/2-inch wooden rabbet missing the blade; and a 5/8-inch No. 180 hollow, good.
- 231 \_\_\_\_\_ Stanley BEDROCK RT #605 1/2C with fine BB-logo blade, good rosewood tote and knob, entire plane has been coated with lacquer, very good overall.

- 232 \_\_\_\_\_ Fine Stanley #122 “Liberty Bell” smoother with STANLEY-logo blade, fine nickel plated cap screw, no logo visible on toe; plus a No. 135 “Liberty Bell” handled smoother, missing the piece that engages the cutter adjuster.
- 233 \_\_\_\_\_ Fine Stanley #13 compass plane with very good Q-logo blade, JUNE 17 79 patent date in lug; has former owners initials W filed into each side.
- 234 \_\_\_\_\_ Stanley BAILEY No. 26 transitional jack plane, top of SW-logo blade has been struck with a hammer but it’s still very good, plane is complete and fine.
- 235 \_\_\_\_\_ Fine Stanley #20 compass plane with BB-logo blade, has orange background in lever cap, one of the best we’ve sold.
- 236 \_\_\_\_\_ Stanley #27 transitional jack plane, fine Q-logo blade, complete and fine.
- 237 \_\_\_\_\_ Stanley #113 compass plane, complete with intact rear handle, good Q-logo blade, very good overall.
- 238 \_\_\_\_\_ Scarce Stanley BAILEY No. 27 1/2 wide body transitional jack plane, very good T-logo blade, model number on toe has been double struck, very good overall.
- 239 \_\_\_\_\_ Stanley #28 18-inch transitional fore plane, very good Q-logo blade, nice early-style tote, complete and very good overall.
- 240 \_\_\_\_\_ Millers Falls No. 5 ratcheting and reversible auger bit handle, one handle can be removed and put into a socket at the top for working in tight spaces, very good.
- 241 \_\_\_\_\_ A.H. REID spiral screwdriver with one flat bit included, good overall.
- 242 \_\_\_\_\_ Lot: one ratchet brace and one non-ratcheting bit brace with 20 assorted auger bits including some by RUSSELL JENNINGS.
- 243 \_\_\_\_\_ Unusual surgeons hand drill with one bit, very good overall.
- 244 \_\_\_\_\_ Three wrenches: The Victor screw-adjusting alligator, some rust and pitting at very end of handle, very good overall; small Billings & Spencer pocket wrench, some light rust; and a BERYLCO W152 6-inch non-sparking crescent-type wrench with some green oxidation.
- 245 \_\_\_\_\_ Pair of wrenches: Fleet 4010-S 10-inch Crescent-type, some light rust, will clean to very good; and an 8-inch B&C (Bemis & Call) S-handled Crescent-type, very good.
- 246 \_\_\_\_\_ Lot: Two Stanley #40 1-inch chisels, both like new; Stanley #12 try square with 8-inch blade, some rust, will clean to very good; and a rusty 8-inch Crestoloy Crescent-type wrench, will clean to at least good overall.
- 247 \_\_\_\_\_ Four small alligator wrenches: one single ended model marked U.S. ELYRIA METAL PRODUCTS CO. 1944, very good; single ended AMERICAN; a nickel plated double ended marked with the number 4 that has a scythe laid over it, perhaps made by someone named FORSYTH?, very good; and an unknown double ended.
- 248 \_\_\_\_\_ Stanley BEDROCK 605 iron jack plane, covered with light to moderate rust to exposed surfaces, tote spur broken off, tall knob cracked at base, a good restoration project.
- 249 \_\_\_\_\_ Four rusty wrenches: Whitman & Barnes No. 2 BULL DOG (alligator), some pitting on one side, good overall; 7-inch BOHN-QUICKFIT-type no markings visible, will clean to at least good overall; HAWKEYE WRENCH CO. CROCODILE, with little light surface rust, will clean to very good; and an unknown 10-inch Crescent-type with moderate to heavy rust.
- 250 \_\_\_\_\_ Fine set of 15 assorted wood carving gouges in canvas roll: 4mm No. 7 gouge SHEFFIELD; D.R. BARTON 6mm No. 5 gouge; 6mm No. 7 gouge, fine; short 7mm No. 6 gouge, very good; 7mm No. 3 gouge, very good; D.R. BARTON 8mm No. 3 gouge, very good; short Addis & Sons Sheffield 9mm No. 10 gouge, very good; D.R. BARTON 9mm No. 4 gouge, very good; 13mm No. 9 gouge, very good; S.J. Addis 15mm No. 6 gouge, very good; BUCK BROS 16mm No. 7 gouge, very good; 16mm S.J. Addis No. 10 gouge, very good; 16mm Addis No. 10 gouge, very good; 18mm No. 5 gouge, very good; and BUCK BROS 18mm No. 8 gouge, very good.

- 251 \_\_\_\_\_ Three wooden molding planes: 1/2-inch complex with faint mark that ends in RICH, very good (owner's tag says 5/8, but the plane is marked 4/8 which is 1/2-inch); Melville 4/8 complex profile with owner added fence, very good; and a 9/16-inch round or nosing type plane, very good.
- 252 \_\_\_\_\_ Stanley #27 1/2 wide body transitional jack plane, light rust on the blade and chip breaker, has BAILEY name cast into frame in front of knob, splinter from right side of tote spur, will clean to very good overall.
- 253 \_\_\_\_\_ Keen Kutter (Stanley) K5 1/2 wide body jack plane, has light rust to exposed surfaces, nice rosewood tote and tall knob, will clean to very good overall.
- 254 \_\_\_\_\_ Unknown make No. 772 10-inch ratchet brace, light rust on the frame and heavy-duty chuck, very good wood, will clean to very good overall.
- 255 \_\_\_\_\_ Pair of iron smooth planes: Stanley #4C Type 11 with fine rosewood tote and tall knob, very light pitting on good SW-logo blade, light rust to exposed surfaces, will clean to very good overall.
- 256 \_\_\_\_\_ A&E BALDWIN right handed wooden side rabbet plane, complete and very good.
- 257 \_\_\_\_\_ Pair of iron smooth planes: Stanley 3C with one patent date behind frog, rosewood tote has been broken and glued, nice tall knob, good SW-logo blade, with light cleaning, will be very good overall; and a Vaughan & Bushnell V&B #703 (poor man's Bedrock) missing the front knob, light pitting on sides and sole from a previous cleaning, good original blade, good overall.
- 258 \_\_\_\_\_ Pair of planes: OHIO TOOL #282 double razee with top 1/2 of tote MIA, about a 1/4 inch of usable length remains in OHIO TOOL blade, with new tote, this one will be very good; and an OHIO TOOL No. 035 handled smoother with the globe logo and model number in left side, light rust to exposed surfaces, will clean to very good overall.
- 259 \_\_\_\_\_ Pair of 8-inch iron bench planes: Gage Tool Co. No. 3C iron bench plane, light rust, nice rosewood tote and tall knob, will clean to very good overall; and a UNION TOOL CO. #3 (marked in bed behind frog) very light rust on exposed surfaces, will clean to fine overall.
- 260 \_\_\_\_\_ Stanley #27 prelateral transitional jack plane, has eagle logo and model number on toe, nice early style tote and good knob, will easily clean to very good overall.
- 261 \_\_\_\_\_ Nice WILSON 14-inch handled complex molding plane, boxing missing behind blade, has good W. BUTCHER blade, very good overall.
- 262 \_\_\_\_\_ Large and rusty hay carrier that would have mounted to a steel or iron beam in the top of a barn and used to haul hay into the loft, this one will look a lot better when sandblasted and powder coated.
- 263 \_\_\_\_\_ Large wooden tool chest with three trays, can be restored and used as a tool chest or refinished and used as a blanket or toy box.
- 264 \_\_\_\_\_ F.E. MYERS UNLOADER ASHLAND, O. hay carrier out of an outbuilding on the farm, has dirt and rust, will clean to very good overall. Also included a small cast iron barn pulley.
- 265 \_\_\_\_\_ Wooden bench screw and wooden outer jaw for a woodworking workbench.
- 266 \_\_\_\_\_ Carved wooden spatula, very good.
- 267 \_\_\_\_\_ Small 1-gallon? stoneware crock marked on bottom MACOMB ILLINOIS STONEWARE CO., very good.
- 268 \_\_\_\_\_ Little Giant cast iron corn sheller missing the crank, good overall.
- 269 \_\_\_\_\_ Unusual blacksmith-made double caliper with wooden handle, nicely made.
- 270 \_\_\_\_\_ Millers Falls No. 2 auger handle, with one bit, some light rust, will clean to very good; plus a BELL SYSTEM claw hammer that has some rust.
- 271 \_\_\_\_\_ Pair of 22-inch cranked gouges that may be homemade; one is 1 1/4-inches and one is 1 1/2-inches, both have light rust, very nice wooden handles with brass ferrules.
- 272 \_\_\_\_\_ Lot: Badly rusted and pitted hand saw; long handled CRAFTSMAN scraper; Stanley #59 doweling jig; and brackets and ends to make two adjustable furniture clamps, just add your own wood.

- 273 \_\_\_\_\_ Pair of Stanley cabinet scrapers: #12 that is complete and just needs a light cleaning, and a #81 that also needs cleaning. Both are complete and very good overall.
- 274 \_\_\_\_\_ Woods Patent adjustable hollow auger complete with depth stop, very good.
- 275 \_\_\_\_\_ Hunter Patent (U.S. No. 1,633,370) door lock mortiser with tag that says ALTA MORTSER WAPPAT GEAR WORKS PITTSBURGH. Made on a patent issued June 21, 1927 to Samuel Hunter of Bellevue, Pennsylvania who assigned the patent to the Wappat Gear Works, A Corporation of Pennsylvania. This hand cranked mortising machine has some rust, everything that turns and moves is free, it will clean to very good overall.
- 276 \_\_\_\_\_ Unusual H.O. Taylor Patent (U.S. No. 991,668) Hand Tenoning Machine patented May 9, 1911. The patent papers state "The object of this invention is to form tenons on billiard cues to receive the ivory ends to which the leather tips are connected. This one is complete and very good.
- 277 \_\_\_\_\_ Keen Kutter (Disston) 24-inch No. KK3 wooden plumb & level, complete and fine overall.
- 278 \_\_\_\_\_ Melvin London 10-inch steel backed tenon saw, complete and very good; plus an unknown make keyhole saw with WARRANTED SUPERIOR medallion, very good overall.
- 279 \_\_\_\_\_ Pair of hatchets: 5 1/2-inch broad hatched marked HAND MADE DROP FORGED, with 18-inch handle, very good; and a lathing hatchet marked
- 280 \_\_\_\_\_ Millers Falls No. 56B low angle block plane, complete and fine; plus a WARD 7/8-inch gouge with long handle, very good.
- 281 \_\_\_\_\_ Early 21 1/2-inch Stanley #7 cast iron smooth plane with nice early-style rosewood tote and beaded knob, has some light rust, will clean to very good overall.
- 282 \_\_\_\_\_ Large 14-inch drawknife with cracked handles, has maker's mark we cannot make out with CAST STEEL below, will make good user.
- 283 \_\_\_\_\_ Three wooden planes: AUBURN TOOL 1 1/2-inch skewed jack rabbet with offset handle, has model No. 58 in heel, one nicker missing, will clean to very good; OHIO TOOL 2 1/4-inch jack rabbet, handle broken near base, both nickers and blade present, some light rust; and an OHIO TOOL 1 1/2-inch twin iron nosing plane, tops of both wedges broken, light rust on blades.
- 284 \_\_\_\_\_ Large L&IJ WHITE 10 1/2-inch drawknife with fine handles, light rust on blade, will clean to fine overall.
- 285 \_\_\_\_\_ Pair of 9-inch cast iron shaft levels: Stanley #36 with all three vials intact, slight dusting of surface rust, will clean to fine overall; and a Starrett or Millers Falls (the top plate and level vial are MIA, both plumb vials intact.
- 286 \_\_\_\_\_ Pair of saws: wooden framed turning saw with nice turnbuckle tensioner, very good overall; and a wooden framed buck saw with rusty and pitted strainer and blade.
- 287 \_\_\_\_\_ Pair of wooden levels: 28-inch Stanley #3 with SW-logo and model number in brass top plate, intact brass end plates, intact vials, very good overall; and an early No. 3 with model number stamped into top of stock, intact end plates, intact vials, very good overall.
- 288 \_\_\_\_\_ Large 9-inch broad axe with what looks like SIMMONS CAST STEEL maker's mark, patches of moderate to heavy rust, good 22-inch handle.
- 289 \_\_\_\_\_ Stanley 24-inch cast iron double plumb and level, all three vials intact, moderate to heavy rust on rails, will clean to good usable condition; and a body only for a similar level, not marked.
- 290 \_\_\_\_\_ Three rusty hammers: two claw and one cobbler.
- 291 \_\_\_\_\_ Pair of 28-inch wooden levels: DAVIS & COOK missing one vial, the other vial is intact, needs light cleaning; and a Stanley #4? with brass side views and brass end plates, level vial is intact, plumb vials is missing, good overall.
- 292 \_\_\_\_\_ Three mallets: one rubber; one wooden and one plastic, all very good.
- 293 \_\_\_\_\_ Lot of five rusty mortising chisels and two gouges one needing a handle.

- 294 \_\_\_\_\_ Three unusual hammers: veneering; cobbler and a blacksmith made farrier's hammer. All have light to moderate rust.
- 295 \_\_\_\_\_ Nice assorted gouges and chisels all with light to moderate rust.
- 296 \_\_\_\_\_ Lot of six hammers including little CHAMPION DEARMENT ball peen; larger ball peen; Stanley #601 tack hammer, fine; and CRAFTSMAN tin or riveting hammer; small brass hammer, etc. All have some light rust but will clean to very good.
- 297 \_\_\_\_\_ Lot: unknown type hammer marked GERMANY 2; hand forged claw hammer; wooden mallet and hard rubber mallet.
- 298 \_\_\_\_\_ Pair of Stanley transitional bench planes: 24-inch No. 31, tote spur broken off, light rust to exposed surfaces, numerous bug holes, good overall; and a 28-inch OHIO TOOL CO. AUBURN N.Y. No. 33 with light pitting on tapered blade, spur on handle is broken off, will clean to very good overall.
- 299 \_\_\_\_\_ Pair of wooden molding planes: homemade 1/2-inch round or nosing type, very good; and a KENNEDY & WHITE sash plane, complete and very good overall.
- 300 \_\_\_\_\_ Lot of 11 fine carving gouges in canvas roll: D.R. BARTON 25mm swept gouge, very good; BUCK BROS 14mm #14 swept gouge, fine; BUCK BROS. 13mm No. 13 swept gouge, very good; 12mm No. 17 swept gouge marked GERMANY with a screw logo, fine; S.J. Addis 10mm No. 14 swept gouge, very good; BARTON 8mm No. 18 swept gouge, very good; S.J. Addis 16mm No. 27, fine; unknown make 13mm swept fishtail, good overall; O. LINDNER 9mm swept fishtail, very good; 6mm No. 16? swept fishtail, fine; and a 5mm swept fishtail, very good.
- 301 \_\_\_\_\_ Stanley #8C 24-inch Type 11 iron jointer plane, complete and very good.
- 302 \_\_\_\_\_ Sargent #422 22-inch iron jointer plane with Stanley BB-logo blade, good beaded knob, scuffed but intact rosewood tote, will make good user.
- 303 \_\_\_\_\_ Stanley #6C 18-inch iron fore plane with nice HOCK iron, rosewood tall knob and good tote, will make great user.
- 304 \_\_\_\_\_ Stanley #5 1/2C iron wide-body jack plane, nice rosewood tall knob, fine tote, very good overall, one patent date behind adjustable frog, fine SW-logo blade, very good overall.
- 305 \_\_\_\_\_ Stanley #5 iron jack plane with nice rosewood tall knob, fine rosewood tote, very good SW-logo blade, small hang hole in rear of bed, will make a fine user.
- 306 \_\_\_\_\_ Late model 5 1/4 iron jack plane with blue japanning, very good BB-logo blade, fine hardwood tote and tall knob, fine overall.
- 307 \_\_\_\_\_ Pair of iron smooth planes: Stanley #4 with worn Q-logo blade, good low knob and tote broken at base, good overall; and a Stanley #3 Type 11 with nice rosewood tote and tall knob, fine V-logo blade, hole drilled thru tote spur, very good overall.
- 308 \_\_\_\_\_ Nice 8-inch Stanley #22 transitional smooth plane, good SW-logo blade, fine beech knob, no visible markings on toe, fine overall.
- 309 \_\_\_\_\_ Pair of Stanley transitional jack planes: unmarked model with twisted lateral lever, unmarked blade, fine beech tote and knob, very good overall; and a #127 LIBERTY BELL jack with fine Q-logo blade, fine overall.
- 310 \_\_\_\_\_ Pair of transitional fore planes: Stanley #28 with good Q-logo blade, tote spur cracked, bottom cracked at toe, can be restored to usable condition; and an early #129 LIBERTY BELL with the circular logo and patent date on the blade, very good knob, tote spur chipped, very good overall.
- 311 \_\_\_\_\_ Scarce GAGE TOOL CO. #18 24-inch transitional jointer plane with fine beech knob, and ebonized tote, fine overall.
- 312 \_\_\_\_\_ Stanley #31 24-inch transitional jointer plane, fine pitting on Q-logo blade, tote spur sheared off and tote cracked in center, will new tote will make a good user.
- 313 \_\_\_\_\_ Stanley #31 24-inch fine Q-logo blade, tote spur sheared off otherwise complete and very good overall.

- 314 \_\_\_\_\_ Stanley #18 iron block plane with early knuckle jointed lever cap that has Stanley name, SW logo blade, one tiny chip in rear of throat, very good overall.
- 315 \_\_\_\_\_ Pair of iron block planes: #103 with nice RULE & LEVEL CO. blade, very good overall; and a DEFIANCE or HANDYMAN 5-inch model with low angle blade, MADE IN USA cast into bed.
- 316 \_\_\_\_\_ VAN CAMP INDIANAPOLIS Hardware Catalog 933, hardbound, cover separating at spine, first few pages water stained and brittle with numerous pieces broken off, water staining along edges goes all the way thru the tool section, still a good catalog for research or reference.
- 317 \_\_\_\_\_ Lot of 19 FINE TOOL JOURNAL magazines from 1997 to 2003.
- 318 \_\_\_\_\_ BELKNAP HARDWARE LOUISVILLE, KENTUCKY 1955 Hardware Catalog, some light wear and soiling out outside of hard covers, inside is very good.
- 319 \_\_\_\_\_ Large lot of EAIA Chronicle and Shavings Publications from 1975 to 2010.
- 320 \_\_\_\_\_ HIBBARD, SPENCER, BARTLETT & CO. Evanston, Illinois Hardware Catalog circa 1952, very good overall.
- 321 \_\_\_\_\_ Four early tool catalogs: 1977 Catalog #13 of Iron Horse Antiques First Annual Auction Catalog; and three 2004 issues of The Tool Chest Journal of the Hand Tool Preservation Association of Australia.

- 323 \_\_\_\_\_ Lot of 13 issues of the MWTCA Gristmill Issues 79, 80, 81, 83 from 1995-96; and issues 93; 103, 104, 105, 106, 107, 108, 109, and 110, all very good.
- 324 \_\_\_\_\_ Massive UNION HARDWARE & METAL CO. LOS ANGELES catalog No. 38, good overall.
- 325 \_\_\_\_\_ H. WELLS WMS.BURG MASS pair of plank or tongue and groove planes, on ear on the tongue cutter is cracked, a very good pair overall.
- 326 \_\_\_\_\_ Unknown make screw-arm plow plane with screw operated depth stop, both fence brackets are cracked and would need to be reinforced if it were to be used, threads and nuts are all good.
- 327 \_\_\_\_\_ Stanley #23 prelatral transitional smooth plane, light rust on blade and frame, will clean to very good overall; plus a Stanley No. 19-180 saw guide for making miter cuts, fine overall.
- 328 \_\_\_\_\_ Three wooden molding planes: Ohio Tool No. 130 fully boxed screw-arm sash plane, very good overall; Sandusky Tool Co. No. 57 sash coping? plane, very good; and a 7/8-inch No. 44 coping plane, fine.
- 329 \_\_\_\_\_ Ohio Tool Co. No. 101 handled screw-arm plow plane with screw-operated depth stop, nice threads and nuts, will make a very good user.
- 330 \_\_\_\_\_ Three wooden dado planes: OHIO TOOL CO. 3/4-inch NO. 47, very good; H. CHAPIN UNION FACTORY 7/8-inch No. 139, very good; and an early 1/4-inch with wooden depth stop and intact nicker, very good.
- 331 \_\_\_\_\_ Five JORGENSEN furniture clamps with steel screws: one 12-inch; one 10-inch; one 8-inch; and two 6-inch, all are fine.
- 332 \_\_\_\_\_ A. MATHIESON & SON 5/8-inch fixed No. 1 sash plane, fine overall.
- 333 \_\_\_\_\_ GAGE TOOL CO. G35 transitional smooth plane, some light rust on blade and on metal plate that covers the top of the tote, will clean to very good to fine overall.
- 334 \_\_\_\_\_ Lot of three wooden molding planes: unknown make single boxed thumbnail, very good; A. RICHMOND complex profile missing 3 1/2 inches of boxing on one side to the rear or throat, good overall; and a small dovetail? plane, very good
- 335 \_\_\_\_\_ Folding barn-beam boring machine with egg-shaped wooden handles, comes with one bit, some light to moderate rust to exposed surfaces and to the single bit that is included, will clean to very good.
- 336 \_\_\_\_\_ J.L. Behmer Corp. 503 E HAINES ST, Perkasio, PA modified vise-grip fencing tool. Like new with two pages describing how it is used.

- 337 \_\_\_\_\_ E-Z SPLICE fencing tool made by J.L. Behmer Corp. 503 E HAINES ST, Perkasio, PA used with a modified Vise-grip plier wrench, comes with two instruction pages, new.
- 338 \_\_\_\_\_ Cross slide that was modified to dress the Keen Kutter grinder in lot 345.
- 339 \_\_\_\_\_ Lot: three Morss tapered twist drills; four simple hex drive sockets with wrench; brass gate latch; and piece of harness.
- 340 \_\_\_\_\_ Scarce STILES-HERMAN MFG CO. ST. LOUIS small English wheel, JUNE 1922 Patent, very good overall.
- 341 \_\_\_\_\_ Lot: Mystery handle, PAT. 10, '86; center adjusting bicycle wrench, missing the screw; and a mini screwdriver and wrench combo tool that looks like it's a gun tool; and Western feeler gauge set with 2-inch scale.
- 342 \_\_\_\_\_ Larger STILES-HERMAN MFG CO. ST. LOUIS English wheel, JUNE 1922 Patent, very good overall.
- 343 \_\_\_\_\_ Double spokeshave with flat and rounded bottoms, very good.
- 344 \_\_\_\_\_ Massive hex shaped brass plumb bob, 9-inches long overall, very good.
- 345 \_\_\_\_\_ Keen Kutter treadle grinder, has been repainted, stone is perfectly trued, a very good usable condition.
- 346 \_\_\_\_\_ Three iron block planes: DUNLAP (Sargent) #307 with nickel plated cap, some light rust, will clean to very good; SARGENT #306, has light rust, will clean to very good; and a Stanley #18 with knuckle jointed cap, will clean to very good.
- 347 \_\_\_\_\_ L&IJ WHITE 9-inch coopers shave, fine overall, has logo in gold colored oval, first of this mark we have seen, fine overall.
- 348 \_\_\_\_\_ Unusual Millers Falls No. 67 router plane with adjustable fence on bottom, good knobs, has rod for throat closer but foot is missing, comes with 1/4-inch blade, plane has light to moderate rust to exposed surfaces, will clean to good useable condition.
- 349 \_\_\_\_\_ D.R. BARTON 7-inch cooper's drawknife, has light dusting of surface rust, will clean to fine overall.
- 350 \_\_\_\_\_ Stanley BEDROCK #608C FT with nice V-logo blade, good rosewood tote and tall knob, with light cleaning will be fine overall.
- 351 \_\_\_\_\_ Pair of wooden planes: 9-in. wide body smooth plane with 2 1/2-inch OHIO TOOL blade, very good overall; and a horned scrub plane, with name "H. Kube" crudely scratched into left side.
- 352 \_\_\_\_\_ GREENLEE 10-inch folding handle drawknife, some rust, will clean to very good overall.
- 353 \_\_\_\_\_ Pair of planes: Stanley #24 transitional smooth plane with STANLEY RULE & LEVEL logo and model number stamped into both ends; and a 2 1/8-inch handled jack rabbit, one nicker missing, will clean to very good.
- 354 \_\_\_\_\_ CHAPLIN'S Patent 21 1/2-inch iron jointer plane with hard rubber tote with spur broken off, front knob is present but the nut that secures it at the top is missing, can be restored to good or better condition.
- 355 \_\_\_\_\_ Three new STARRETT SO60 zig zag rules, all still in original packaging.
- 356 \_\_\_\_\_ Large wooden mallet and a No. 2 lead ladle that has some lead in it.
- 357 \_\_\_\_\_ Lot of push drills and Yankee-type screwdrivers; small A.H. REED screwdriver with intact bit, very good; CRAFTSMAN (Millers Falls) large reversible model with one flat bit, fine; No. 576 GERMAN model with one flat bit, very good; Goodell-Pratt with one flat bit, some light rust; and a YANKEE NO. 44 push drill with Jan 25, 1896, June 6, 1905 patents, very good.
- 358 \_\_\_\_\_ Four hammers including a scarce mill pick for dressing mill stones marked A.C.M. WORKS RICHMOND IND.; a nice TRU-TEST SUPREME 16-oz. claw hammer, very good; farrier's hammer and an unknown model.

- 359 \_\_\_\_\_ Lot of adjustable steel squares and 12-inch scales: Starrett with square head intact level and scribe, No. 4 graduations on rusty 12-inch scale, will clean to very good; Brown & Sharpe #4 graduated scale with protractor head, intact level vial, some light rust; unknown make square with intact level and scribe, some light rust; and a UNION TOOL CO 12-inch scale with center head, square head with intact level and another square head with intact level, some light rust.
- 360 \_\_\_\_\_ Large lot of drill bits: two paper envelopes that look like military surplus each filled with bits; FINE TOOLS 1-inch BRAD POINT wood bit; FINE TOOLS 5/8-inch BRAD POINT wood bit; FINE TOOLS 3/4-inch BRAD POINT wood bit; FINE TOOLS 7/8-inch BRAD POINT wood bit; package of Brad Point Wood bits from The Fine Tool Shops sizes 1/8; 3/16; 1/4; 5/16; 3/8; 7/16; and 1/2; another pack of seven Brad Point Wood Drills: sizes 1/8 to 1/2; Craftsman power wood boring bits sizes 5/8 to 1 1/4 in original package; and an ALPEN WOOD BIT SET of four bits made in Australia 5/8 to 1-inch in original packaging .
- 361 \_\_\_\_\_ Large REED lighting brace screwdriver with one flat bit, very good; and a YANKEE Archimedes drill, very good.
- 362 \_\_\_\_\_ Five assorted chisels: BUCK BROS heavy duty 1-inch socket chisels, needs handle; 1/4-in. mortising chisels with good handle; 1/2-inch GLOBE socket chisel needing handle; JAMES SWAN 1/8-inch mortising chisel, some light rust and needs handle; and a cranked 3/4-inch BUCK BROS. gouge with some light rust.
- 363 \_\_\_\_\_ Stanley #5 iron jack plane, with fine tote and tall knob, very good BB-logo blade, fine overall; comes with a LANGDON MITER BOX CO. jointer gauge or fence that is complete and very good.
- 364 \_\_\_\_\_ Goodell-Pratt chain drill, complete and fine; plus a large Stearns? lever-type saw set with some rust, will clean to very good.
- 365 \_\_\_\_\_ Tool used to dress grinding wheels and an adjustable basin wrench with T handle, very good.
- 366 \_\_\_\_\_ Plane parts: body and frog for Stanley #10 that has been broken and welded at the throat; a body for a 130-type block plane that has had one end broken off; a KEEN KUTTER KK96 double spokeshave missing both blades and caps, rusty; and a frame for a transitional jack plane, very good.
- 367 \_\_\_\_\_ Bemis & Call 16-inch combination pipe and nut wrench with long hex adjuster sleeve, light rust, will clean to very good.
- 368 \_\_\_\_\_ Nice shingle froe and splitting wedge.
- 369 \_\_\_\_\_ Lot: Two hardie type tools that would have been used in an anvil; and a hollow drill that may be part of a farm implement.
- 370 \_\_\_\_\_ Pair of publications: Dec. 1922 AUTOMOTIVE ELECTRICITY, covers are loose and soiled, inside OK; and COLLECTING ANTIQUE TOOLS book by Herb Kean & Emil Pollak, very good.

- 403 \_\_\_\_\_ Stanley Catalog No. 34 November 1939 Edition originally sent to J. RUSSELL & CO HOLYOKE, MASS. has some scuffs and small tears on covers, small piece missing from bottom of spin cover, inside is very good.
- 404 \_\_\_\_\_ Belknap Hardware and Manufacturing Co. Inc. Louisville, Kentucky Catalog No. 88, spine has been taped with clear tape, inside several early pages have been removed, the hammer pages are loose.
- 405 \_\_\_\_\_ Stanley Catalog No. 34, 1947 Edition has blue covers, some creasing on covers, inside is very good.
- 406 \_\_\_\_\_ Stanley BAILEY #30 22-inch, fine T-logo blade, fine overall.
- 407 \_\_\_\_\_ Chaplin's Improved Patent iron jack plane with corrugated bottom, intact hard rubber tote is being held with improper bolt, very good overall.

- 408 \_\_\_\_\_ Up-To-Date butt mortise plane by the Illinois Stamping & Mfg. Co. aluminum body with adjustable blade, and having a built-in butt gage.
- 409 \_\_\_\_\_ Unknown make Phelps? cast iron pattern maker's plane with one No. 6 radiused bottom, has brass cap screw, nice tote and knob, very good overall.
- 410 \_\_\_\_\_ Chaplin's Patent iron smooth plane with corrugated bottom, Tower & Lyon New York blade, small chip from spur on hard-rubber tote, very good overall.
- 411 \_\_\_\_\_ Three bit braces; two ratcheting models and one non-ratcheting, one ratcheting model has tape on wrist handle.
- 412 \_\_\_\_\_ Rumboldt Patent butt mortise plane, U.S. Pat. No. 2579911, complete and very good.
- 413 \_\_\_\_\_ Stanley #386 jointer gauge or fence for iron bench planes, has V-logo on bracket, fine nickel plating, fine overall.
- 414 \_\_\_\_\_ Small Spofford Patent brace, nice cocobolo or rosewood handles, very good overall.
- 415 \_\_\_\_\_ L.S. STARRETT Patent March 28, 1905 speed indicator, fine overall.
- 416 \_\_\_\_\_ Federal Precision Measuring Instruments bench testing dial indicator, FEDERAL Model 35B8, with original cover, fine overall.
- 417 \_\_\_\_\_ Keuffel & Esser PAT. No. 2,633,050 optical plummet with two attachments; plus a K&E 5702 hand held scope level, in original leather case that can be worn on a belt.
- 418 \_\_\_\_\_ Goodell-Pratt Co. No. 333 iron jointer gauge or fence for iron bench planes, fine fence in a tatty original box.
- 419 \_\_\_\_\_ Pair of wrenches: 12-inch B&C combination pipe and nut wrench with long adjusting sleeve, with light cleaning will be very good; and a IH 5E 12-inch screw adjusting wrench with open loop handle, very good.
- 420 \_\_\_\_\_ Pair of spokeshaves: RECORD A151 MALLEABLE, in red paint, very good; and a KUNZ No. 50 convex bottom in green paint with red cap, some light surface rust on bottom, will clean to fine.
- 421 \_\_\_\_\_ Pair of Stanley iron specialty planes: #192 rabbet complete with depth stop, very good; and a Stanley #39 3/8-inch dado, complete, very good overall.
- 422 \_\_\_\_\_ Pair of iron spokeshaves: STEARNS with name case into cap, very good overall; and a Stanley #55 hollow faced shave with light rust on SW-logo blade, will clean to fine overall.
- 423 \_\_\_\_\_ Lot: saw set that was originally mounted on a bench and operated with an iron pedal on the floor, we do not have the pedal, very good overall; Stanley #298 rabbet plane currently missing the front piece and set up for use as a chisel plane, very good.
- 424 \_\_\_\_\_ Stanley #5 iron jack plane with fine rosewood tote and tall knob, has jointer gage or fence on right side, very good overall.
- 425 \_\_\_\_\_ Millers Falls No. 2 spokeshave with cocobolo handles, nice nickel plating, a trace of surface rust, will clean to fine overall.
- 426 \_\_\_\_\_ Pair of iron bench planes: SIEGLEY No. 5C with nice tote and knob, light rust on exposed surfaces, will clean to very good; and a OHIO TOOL No. 05 1/2C wide body jack plane, some light rust, maroon japanning, will clean to very good.
- 427 \_\_\_\_\_ MARTIN'S spokeshave with a few spots of light rust, will clean to very good.
- 428 \_\_\_\_\_ Pair of planes: OHIO TOOL 04C smooth plane with lever cap from a transitional, good tote and low knob, chip in rear corner of throat, good overall; and a WARDS MASTER (Stanley #78-type) duplex or rabbet plane, complete with fence and depth stop, some light rust, will clean to very good.
- 429 \_\_\_\_\_ Two small wooden spokeshaves: the larger of the two has MADE IN ENGLAND stamped into underside of handle; the smaller one has MARPLES logo, both are very good.
- 430 \_\_\_\_\_ Two wooden spokeshaves: CHARLES ??? SHEFFIELD wooden shave with screw operated blade, very good; and a D. FLATHERS & SONS worn down in front of blade, good overall.

- 431 \_\_\_\_\_ Five assorted pocket or cycle wrenches: BILLINGS & SPENCER Model B 6-inch with center adjuster nut, some rust at very end of handle, very good overall; SPRINGFIELD DROP FORGING nickel plated 6-inch model, plating is peeling and end of handle is rusted; Rusty Billings? 4-inch model with center adjuster nut; and a rusty 4-inch side adjuster; and a 6.25-inch COES? marked U1120 on bar, top jaw where logo would be is pitted, good overall.
- 432 \_\_\_\_\_ Pair of wrenches: U.S. WRENCH CO. BOHN QUICK FIT 6-inch with slide adjuster, some light rust and peeling nickel, very good overall; and THE ELGIN adjustable alligator with some light to moderate rust, very good overall.
- 433 \_\_\_\_\_ Pair of Crescent-type wrenches: 12-inch DIAMALLOY with some light rust, will clean to very good; and a 10-inch CRESCENT that is very good but needs a light cleaning.
- 434 \_\_\_\_\_ Four WARD MASTER double box ended wrenches 13/16 & 7/8; 11/16 & 3/4; 5/8 & 3/4; and 1/2 & 9/16, all are fine.
- 435 \_\_\_\_\_ Seven Snap-On wrenches: F10LB3/8-inch breaker bar; and six combination wrenches from 3/4-inch down to 5/16-inch, all very good.
- 436 \_\_\_\_\_ Lot: Unusual Goodell-Pratt marking gauge with graduated steel beam and having a screwdriver-type wooden handle, will clean to very good; and a Yankee No. 2110 ratchet brace, that has light to moderate rust, will clean to very good.
- 437 \_\_\_\_\_ Three Crescent-type wrenches: CRESCENT 12-inch Crestoloy; CHINESE 10-inch; and 8-inch Crescent Crestoloy, all very good.
- 438 \_\_\_\_\_ Lot of eight assorted saw sets including 11-inch BOYNTON, some have rust and will need cleaning.
- 439 \_\_\_\_\_ Pair of edge tools: 2-handed scorp, very good; and a 2-handled box scraper or shave, very good.
- 440 \_\_\_\_\_ Scarce AIKEN Patent May 29, 1900 "Tool for shaping and side dressing saw teeth" made on U.S. Patent No. 650,788 issued to W.H. AIKEN of Wellsville, New York, complete and very good.
- 441 \_\_\_\_\_ Lot of four braces, all with light to moderate rust and in need of cleaning.
- 442 \_\_\_\_\_ Lot: two wire crimpers; hoof trimmer; bent needle nose pliers; regular plier with side cutter, and MASTERENCH; and another plier, all with rust.
- 443 \_\_\_\_\_ Three wrenches: 6-in. monkey wrench, very good; BENTON quick-adjust, very good; and a WESTCOTT 6-inch S-handle, very good.
- 444 \_\_\_\_\_ Lot: Lakeside fencing plier, needs some rust cleaned off, very good overall; plus three die stocks and a tap handle.
- 445 \_\_\_\_\_ Three braces including unusual Whimble Patent; Spofford Patent with replaced screw and a ratchet brace marked MADE IN U.S.A.
- 446 \_\_\_\_\_ Lot: JUDD 6-inch bar clamp, very good; ENDERES No. 71 hoof knife, some light rust; and an X-ACTO curved carving knife.
- 447 \_\_\_\_\_ Pair of early saws sets: Disston Patent (U.S. No. 163,162) May 11, 1875 complete and very good; and a marked STILLMAN Patent (U.S. No. 5,810) Sept. 26, 1848, very good.
- 448 \_\_\_\_\_ Six assorted wrenches: PEXTO 6-inch with center adjuster nut, some light rust, will clean to fine overall; HARRIS & REED CHICAGO single ended alligator with screwdriver at end of handle, the screwdriver end has heavy rust; a small double ended alligator; BOOS TOOL CO. handle adjusting wrench, very good; UNION No. 7, some light rust; and a tiny side adjusting advertising-type wrench with screwdriver at end of handle.
- 449 \_\_\_\_\_ Lot: 9 Craftsman wrenches: 8-inch Crescent-type; six combination wrenches; and one tiny PROTO 1/4-inch combination wrench and two 3/8-inch socket extensions, all are fine.
- 450 \_\_\_\_\_ Lot: AKRON BRASS MFG INC. No. 10 hydrant wrench PAT FEB. 24, 1925, very good; parting tool with wooden handle; unusual bit of some type; and a scarce STANLEY NO. 203 shelf bracket, very good.
- 451 \_\_\_\_\_ Three wrenches: FULLER (Japanese) No. 8 Crescent-type; 5-inch VISE-GRIP; and a Frank Mossberg STERLING 5-inch, all are fine.

- 452 \_\_\_\_\_ Lot: Stanley #91 double beam marking gage; and two corner rounding tools: one is 1/4 & 3/8; and the other is 1/8 & 1/16, this one has light rust.
- 453 \_\_\_\_\_ Lot: unknown make pipe reamer and a large adjustable hollow auger, this one is unmarked and is the first of its kind we can recall selling.
- 454 \_\_\_\_\_ Lot: Norton Abrasives Hard Arkansas Oil Stone IOB, box is tatty, stone is fine; combination pin vise and wrench marked DIXON, heavy rust on jaws, still works; and a PROTO 3039 double open ended wrench in yellow paint 7/8 & 3/4, very good.
- 455 \_\_\_\_\_ Nice 54-inch ice saw with wooden handle, some light to moderate rust, will clean to very good overall.
- 456 \_\_\_\_\_ Lot of eight lathe tools including gouges and parting tool, all have some degree of rust and will require a cleaning.
- 457 \_\_\_\_\_ Gage Tool Co. 24-inch No. 18 transitional jointer plane with light rust on blade, rust and peeling nickel on top of tote, will clean to very good overall.
- 458 \_\_\_\_\_ Ten assorted screwdrivers: incl. one CRESCENT; one Stanley 100 PLUS; one Stanley THRIFTY, etc.
- 459 \_\_\_\_\_ Lot: fine PLUMB hatchet with FIBER-GLASS Handle; Stanley No. 595 soft faced hammer (first we can recall seeing) very good overall; and PLUMB riveting hammer, will clean to very good.
- 460 \_\_\_\_\_ WYETH COMPANY St. Joseph, MO. Hardware Catalog (we cannot find a year but in addition to a full line of hand tools, there are also electric tools too, so we reckon it's 1950s to 1960s, hard covers with two screws that be removed to add or remove pages, very good overall.
- 461 \_\_\_\_\_ Four Disston Tool Books: The Saw in History; The File in History; Lumberman's Handbook; and The Disston Saw Tool & File Book, all very good.
- 462 \_\_\_\_\_ H.S. & CO. HAMMACHER SCHLEMMER & CO. New York, Hardware Catalogue No. 500, has worn and soiled hard covers, inside has one of the most varied selections of tools we have seen, planes by Stanley, Sargent and others, chisels and gouges, work benches and storage cabinets, a very good resource for the tool researcher. Was sold at lot No. 49 in a Fall MJD Tool Auction in 2005 for \$143.
- 463 \_\_\_\_\_ Stanley #34 Tool Catalog September 1942 Edition, some creasing and tearing on cover, inside very good.
- 464 \_\_\_\_\_ BELKNAP LOUISVILLE Hardware catalog Circa 1974 with three separate soft covered catalogs 4, 5 & 6 contained between the hard outer covers, the screw is missing from top tub of the binder and the screw and tube are missing at the bottom, very good overall.
- 465 \_\_\_\_\_ Three Starrett precision tool catalogs: CATALOG 25, 1934 edition with soiled cover that is separating from book, corners worn, decent inside; First Edition Catalog No. 28, 1980 100th Anniversary Edition, very good; and a Catalog No. 23, 1924 Edition with red cover, the red on the cover has bled into the 30 or so pages, cover is worn and corners are torn or missing.
- 466 \_\_\_\_\_ VIRGINIA-CAROLINA HARDWARE COMPANY RICHMOND, VIRGINIA CATALOG A Circa 1912 hardware catalog, includes tools by PS&W, Stanley, Millers Falls and many others, front cover is worn and spine is missing a few pieces, back cover is missing, ends at page 990 Trunks, Suitcases and Traveling Bags. Last few pages are dog eared.
- 467 \_\_\_\_\_ SHIRE ALBUM 50 Woodworking Tools book by Philip Walker, filled with a variety of early English tools, very good.
- 468 \_\_\_\_\_ BLISH, MIZE & SILLIMAN ATCHISON, KANSAS circa 1970s hardware catalog, binder type catalog with two screws holding the inner pages to the two hard outer covers, very good overall.
- 469 \_\_\_\_\_ Original Millers Falls Catalog #49 and three MWTC reprints: FRAY'S Bit Braces; Fine Mechanical Tools L.S. STARRETT; and Stanley Rule And Level Company Carpenter & Mechanics Tools, all fine.
- 470 \_\_\_\_\_ Three iron block planes: bullnose rabbet similar to Stanley #75 with blade marked KUNZ, some minor pitting on blade, good overall; Stanley #9 1/4 with light rust on exposed surfaces, will clean to very good; and an unknown make missing the wooden knob, light rust to exposed surfaces.
- 471 \_\_\_\_\_ Stanley #80 cabinet scraper and an unknown make drawknife, both have light rust but will clean to very good.

- 472 \_\_\_\_\_ Pair of iron block planes: STANLEY #18 with knuckle jointed lever cap, adjustable throat, light rust, will clean to very good; and an unmarked #102-sized plane that may be a B-Plane or Birmingham product, light rust on blade, very good overall.
- 473 \_\_\_\_\_ Three wooden planes: smoother missing the blade; a horned smoother missing the horn; and a WELLS W.MS.BURG MASS smoother with light rust on the OHIO TOOL cutter and chipper, will clean to very good overall.
- 474 \_\_\_\_\_ Pair of iron block planes: CHAPLIN'S Patent with small chip in rear of throat, no knob, good overall; and a SHELTON with light rust on the blade, will clean to very good.
- 475 \_\_\_\_\_ Stanley #22 prelateral, eagle logo on toe, patent date in recessed brass adjuster screw, very good overall.
- 476 \_\_\_\_\_ Pair of iron block planes: Stanley #56 1/2 low angle, light rust, will clean to very good; and a Sargent pressed steel model with Sargent Hercules blade, very good.
- 477 \_\_\_\_\_ Pair of iron block planes: Stanley #65 low angle with later style knuckle-jointed lever cap, light rust to exposed surfaces, will clean to very good; and a Stanley #220 missing the front knob, light to moderate rust on the exposed surfaces, will clean to good or better.
- 478 \_\_\_\_\_ Pair of iron bench planes: Sargent 408; and Stanley #4 The Sargent #408 has a broken tote and light rust to exposed surfaces; and the #4 Stanley has fine rosewood tote and tall knob, very light rust to exposed surfaces, will clean to fine overall.
- 479 \_\_\_\_\_ Millers Falls bullnose rabbet plane, light rust on blade, red painted lever cap, will clean to fine overall.
- 480 \_\_\_\_\_ Stanley BEDROCK RS #605 nice early-style rosewood tote and low knob, light rust to exposed surfaces, will clean to very good overall.
- 481 \_\_\_\_\_ Pair of OHIO TOOL CO. No. 85 screw-arm plank or tongue & groove planes, the tongue cutter has light rust on blade, steel sole plates look to have been done at the factory, will clean to fine overall; the grooving plow has some mold and is missing the blade, the threads are good, it will clean to very good overall.
- 482 \_\_\_\_\_ Wooden Sheffield-style bit brace with spring chuck, nice rosewood head, fine overall.
- 483 \_\_\_\_\_ Unknown make corner brace with cocobolo handles, light to moderate rust, will clean to very good overall.
- 484 \_\_\_\_\_ Stanley #23 transitional smooth plane, light rust on Q-logo blade, will clean to very good overall.
- 485 \_\_\_\_\_ Stanley BAILEY #35 handled transitional smooth plane, fine T-logo blade, splinter from right side of tote spur, BAILEY name cast into frame in front of knob, very good overall.
- 486 \_\_\_\_\_ KEEN KUTTER (Stanley) K27 transitional jack plane, complete and fine.
- 487 \_\_\_\_\_ Pair of 36-inch adjustable PONY pipe clamps, some light rust on the screws, both will clean to fine overall condition.
- 488 \_\_\_\_\_ Nice tapered reamer with wooden handle.
- 489 \_\_\_\_\_ Lot: Early pair of Stanley brass trammel points, the rub blocks of both have been replaced; plus a large socket chisel currently set up like a slick.
- 490 \_\_\_\_\_ Adz with 5 1/4-inch blade, some rust, will make good user.
- 491 \_\_\_\_\_ Three steel squares including Sargent No. 600 takedown or knockdown square, has some light to moderate rust, will clean to very good overall. Another one is copper or has a copper wash, it too will clean to very good.
- 492 \_\_\_\_\_ Small Millers Falls No. 90059 steel square, fine overall.
- 493 \_\_\_\_\_ Long handled pole adz, somewhat crude, may have been blacksmith made.
- 494 \_\_\_\_\_ Nice double handled hay knife; and a double bit axe with light rust and having a fine FOREST KING handle.

- 495 \_\_\_\_\_ Pair of adzes: one with 4 1/2-inch blade, has some rust and some pitting, nice handle; plus a large adz with 4-inch blade marked by letter H inside a shield; blade measures 12 inches from back of socket to cutting edge of blade, very good overall.
- 496 \_\_\_\_\_ Small wooden tool box 26 x 9 x 11 with built-in lock (no key) has one tray but the baton that supports it on one end, needs to be nailed back in place, very good overall.
- 497 \_\_\_\_\_ Doebler Patent "SAMSON" nail puller patented MAR 1, 1898 & also marked with the patent of Christopher Spencer AUG. 16, 1892, some rust, will clean to very good.
- 498 \_\_\_\_\_ Four sliding bevels including three with rosewood handles and one Stanley No. 18 with nickel plated iron handle, all have some degree of rusting on blades.
- 499 \_\_\_\_\_ Stanley #78 rabbet & fillister plane, has intact fence, good RULE & LEVEL CO. blade, needs depth stop, has some light surface rust.
- 500 \_\_\_\_\_ Stanley #55 combination plow plane with intact tower, all four main sections, rods, four boxes of blades all with mostly intact labels, there is dime-size patch of severe pitting in the middle of the right fence, with light cleaning, this one will make a very good user.
- 501 \_\_\_\_\_ Two boxes of router bits, two large drill chucks, etc.
- 502 \_\_\_\_\_ Unusual marking gage with steel beam and brass head marked WEBB, some rust on steel beam; and a STANLEY HANDYMAN line level H1287, very good.
- 503 \_\_\_\_\_ HENRY BOKER GERMANY jeweler, watchmaker or gunmaker screw plate.
- 504 \_\_\_\_\_ Two marking gages: Stanley double beam with brass plates on end and brass rub blocks, has former owner J.E. WEISS' name stamped three times, very good; and a fine rosewood and brass marking and mortise gage, not marked.
- 505 \_\_\_\_\_ Pair of fixer upper plow planes: later Stanley #46 with all three main sections, one blade, good handle and knob, entire plane has moderate rust, will clean to good usable condition; and a Sargent combination plow plane that has some light surface rust and will need to be cleaned.
- 506 \_\_\_\_\_ Lot of parts for Stanley #55, 45, and Siegley No. 2 plow planes; both fences and main body for a Stanley #55, some rust; sliding section for #45, very good; and a body fence and sliding section for a Siegley #2 plow, needs main handle and wooden wear strip on fence replaced.
- 507 \_\_\_\_\_ Prelateral Stanley #27 transitional jack plane, good Rule & Level Co. blade, recessed nut with patent date, top of tote spur chipped, very good overall.
- 508 \_\_\_\_\_ H. CHAPIN UNION FACTORY complex profile molding plane, marked 8/8 on heel, very good overall.
- 509 \_\_\_\_\_ UNION 6-inch iron block plane with Excelsior-style body, very good overall.
- 510 \_\_\_\_\_ Pair of wooden molding planes: W. VANCE BALTIMORE complex molding plane, small chip from toe, very good; and an OHIO TOOL CO. 1 1/8-inch No. 90 nosing plane, good overall.
- 511 \_\_\_\_\_ Stanley #11 leather belt plane, big chip at throat, no top handle, good for parts.
- 512 \_\_\_\_\_ Stanley #2, 7-inch iron smooth plane, very good T-logo blade has some mild pitting at top of blade, nice rosewood tote and knob, with light cleaning, this one will be fine overall.
- 513 \_\_\_\_\_ Late model Stanley #97 single beam marking gage in near new condition.
- 514 \_\_\_\_\_ Stanley #79 double side rabbet plane, MADE IN U.S.A., complete with fence, very good overall.
- 515 \_\_\_\_\_ Wooden hex wrench, marked 31 BX1 on one side, good overall.
- 516 \_\_\_\_\_ Three wooden side rabbet planes: W. GREENSLADE BRISTOL EXHIBITION 1832 MEDAL 1/8-inch fully boxed, very good; SANDUSKY 3/8-inch No. 47 single boxed, very good; and a 3/4-inch that has had the maker's mark overstamped, single boxed, very good.

- 517 \_\_\_\_\_ Lot: Fixed hollow auger; and two smooth planes including a Stanley #4C with painted handles, paint peeling from wood, light rust to exposed surfaces, will clean to very good; and a Stanley #4 with SW blade, nice rosewood tote and tall knob, will easily clean to very good overall.
- 518 \_\_\_\_\_ John Bell Philadelphia screw-arm sash plane, complete and very good.
- 519 \_\_\_\_\_ Stanley #248 weather-stripping plow with one blade, both sets of rods, depth stop, light to moderate rust to exposed surfaces, will clean to at least good overall.
- 520 \_\_\_\_\_ Lot of three complex molding planes including a 5/8-inch bead and follow; an OHIO TOOL No. 68 marked 7/8 on heel, and one narrow one that is missing its boxing.
- 535 \_\_\_\_\_ Lot of five assorted calipers and dividers, all with rust and needing to be cleaned.
- 536 \_\_\_\_\_ Nice blacksmith-made double caliper, very good overall.
- 537 \_\_\_\_\_ Lot of plane parts: four wooden wedges; two totes for wooden bench planes and two totes for iron bench planes.
- 538 \_\_\_\_\_ Lot of eight chisels: heavy duty 3/4-inch, very good; James Swan 1 3/4-inch needs handle, very good; 1-inch James Swan, needs handle, very good; Dunlap 3/4-inch bevel edge, fine; DUNLAP 1/2-inch bevel edge, fine; Stanley Everlast 1/2-inch, needs cleaning and a regrind; Stanley 750 3/8-inch very good; and a BUCK BROS 1/4-inch tang chisel, fine.
- 539 \_\_\_\_\_ EARLY 10 1/4-inch steel back saw with two split nuts securing the handle, some rust on back and two small spots of rust on left side, will clean to very good.
- 540 \_\_\_\_\_ Lot of four mortising chisels: KEEN KUTTER 1/8-inch, complete and fine; PS&W 3/16-inch, no handle, some rust; BUCK BROS. 1/8-inch, some rust, needs handle; and an unknown make 1/4-inch, some light rust, needs handle.
- 541 \_\_\_\_\_ Pair of bitstock tools: Goodell-Pratt chain drill, complete and very good; and an A.A. WOODS adjustable hollow auger with intact depth stop, very good overall.
- 550 \_\_\_\_\_ Large Hibbard, Spencer, Bartlett & Co. Wholesale Hardware Catalog No. 77, some staining on covers, inside very good.
- 551 \_\_\_\_\_ HERBRAND "THE ARISTOCRAT OF TOOLS" QUALITY TOOLS 1939 Catalog No. 51, fine overall.
- 552 \_\_\_\_\_ The Central Brass Mfg. Co. Cleveland 1907 Catalog C, filled with cuts of early cocks and bibbs (faucets), very good; plus The Complete Book of FURNITURE REPAIR AND REFINISHING by Ralph Parsons Kinney, books is fine, dust jacket is missing a few small pieces.
- 553 \_\_\_\_\_ Four Audel do-it-yourself-type books: Carpenters and Builders Library: 1. Millwork, Power Tools, Painting; 2. Layouts, Foundations, Framing; 3. Builder's Math, Plans, Specifications; 4. Tools, Steel Square, Joinery, all are wrapped together with cling wrap and all are fine
- 554 \_\_\_\_\_ Four books or booklets: Methods of Measurement; Tools of Louisiana, Missouri (Buffum Tool Co.); Sargent Combination Planes Nos. 1080 and 1085 Description and Directions for using, soiled and stained covers, inside good; and Greenlee Tools Catalog No. 33, Surplus Library of Congress.
- 555 \_\_\_\_\_ The Hill & Griffith Company Manufacturers of FOUNDRY FACINGS, SUPPLIES AND EQUIPMENT; POLISHING AND BUFFING COMPOSITION, 1925 Catalog, fine hardbound book with nice covers and binding.
- 556 \_\_\_\_\_ Four tool catalogs and books: ERECTING & OPERATING by AUDEL, covers scuffed, inside very good; Forty Years of Hardware by Saunders Norvell, complete and very good; Woodworkers Tool Works Chicago 1907-1929 Catalog E Series full of machine tool bits, band saw parts, saw sharpening fixtures, etc.; and Canedy-Otto Mfg. Price List No. 8 filled with forge blowers, post drills with exploded drawings showing all the parts, a very good catalog.
- 557 \_\_\_\_\_ Four tool books and catalogs: The Story of Tools by James Poling, torn dust jacket, inside very good; DURO TOOLS of PROGRESS DURO METAL PRODUCTS CHICAGO, circa 1930s catalog filled with automotive tools, cover worn and soiled, inside very good; and two Net Price Books of the W.S. NOTT Co. of Minneapolis, one dated July 10, 1937; and the other March 21, 1938, both very good.

- 558 \_\_\_\_\_ Two tool books: Pratt & Whitney Small Tools No. 17 dated 1950, very good; and SAMUEL HARRIS & CO. MACHINERY TOOLS AND SUPPLIES, complete and very good.
- 559 \_\_\_\_\_ ENOS AND SANDERSON STEEL ALUMINUM INDUSTRIAL SUPPLIES MACHINERY CATALOG 70 copyrighted 1966, very good; and ONE GOOD TURN A Natural History of the Screwdriver and the Screw by Witold Rybczynski, very good.
- 560 \_\_\_\_\_ Pair of books: Encyclopedia of American Farm Implements & Antiques by C.H. Wendel, very good; and OLD TOOLS (AND) LOCKS, KEYS AND CLOSURES with prices by Jack Wood, very good.
- 561 \_\_\_\_\_ Two iron jointer planes both needing TLC; later model Stanley #8 needing both tote and knob to complete, has light rust on BB-logo blade, orange background on lever cap, will clean to very good; and a 21 1/2-inch SIEGLEY No. 12 with corrugated bottom, has fine original tote and knob, Bailey-type blade adjuster, intact lateral lever, needs blade and lever cap to complete.
- 562 \_\_\_\_\_ Lot of four fixer upper wooden planes: T. CLARK handled complex profile, has rounded wedge, missing the blade; a Yankee-style plow body only (missing the fence and arms) has wooden depth stop, two wooden screws, wedge an obvious replacement; another complex molding plane missing the iron, replaced wedge, fence screwed to left side; and an 11 1/2-inch handled round-type complete.
- 563 \_\_\_\_\_ Three wooden planes: YOUNG & McMASTER AUBURN, NY 2-inch skewed rabbet, top front 1/2 of wedge MIA; nice A.C. BARTLETT'S OHIO PLANES No. 11 round, complete and fine; and an owner made? moving fillister or fillister plane, good overall.
- 564 \_\_\_\_\_ Lot: DREMEL tool in original tin box with some tooling; plus a set of Craftsman 5 5/8-inch molding set for use in a table saw, new in original packaging, fine.
- 565 \_\_\_\_\_ Four wooden molding planes: AUBURN TOOL CO. No. 6 hollow, complete and very good; Sandusky Tool Co. #175 1/2-inch round, very good; WILLIAM WARD NEW YORK #14 hollow, fine; and an OWASCO TOOL CO. NEW YORK model 180 #16 hollow, fine overall.
- 566 \_\_\_\_\_ Pair of furniture clamps: on top is a small pipe clamp that is complete, has some light rust, will clean to very good; a bar clamp, also has light rust, will clean to very good; and a threaded piece of something we could not identify
- 567 \_\_\_\_\_ Three wooden planes needing TLC: B.L. BERRY skewed rabbet, 1 3/4-inch rabbet, no blade, dirty; unknown make No. 110 complex profile, missing the boxing on the right side; and a Sandusky Tool Co. No. 145 screw arm fillister plane with intact nicker, depth stop and handle, needs blade and wedge.
- 568 \_\_\_\_\_ Unusual strapped hammer; Stanley butt gage; and a large socketed mortise chisel needing a wooden handle.
- 569 \_\_\_\_\_ Clockworks with two springs, some rust, will make some nice yard art.
- 570 \_\_\_\_\_ Heavy brass surveying tape reel with spring-loaded dog, very well made, some tape remains in reel.
- 571 \_\_\_\_\_ Lot: plastic handled screwdriver; Yankee screwdriver; 12-inch scale, mini crowbar, and two drifts or punches.
- 572 \_\_\_\_\_ Lot: three pair of hemostats; two small medical or sewing scissors; and tweezer.
- 573 \_\_\_\_\_ Central Quality Industries, Inc. POLO, ILLINOIS protractor, fine.
- 574 \_\_\_\_\_ Lot of 11 auger bits; one with wooden handle, most have light to moderate rust.
- 575 \_\_\_\_\_ Lot of 12 assorted files and rasps; one with removable iron handle; 9 with removable wooden handles most of which are like new.
- 576 \_\_\_\_\_ Three planes for parts or restoration: UNION 4 1/2 wide body smooth plane with tote knob and lever cap, needs blade and chipbreaker; UNION FACTORY 22-inch wooden jointer plane body only; and a prelateral Stanley 20-inch transitional fore or jointer with eagle logo on toe, needs tote to complete.
- 577 \_\_\_\_\_ Five screw adjusting pipe wrenches: TRIMO 18-inch, with light cleaning will be very good; RIDGID 14-inch offset head, will clean to very good; RIDGID 6-inch HEAVY DUTY, fine; RIDGID 10-inch HEAVY DUTY, very good; and RIDGID 12-inch HEAVY DUTY, very good.

- 578 \_\_\_\_\_ Two long handled scrapers: Scarce Sargent No. 52, very good; and a Starrett with light rust on the blade, will clean to very good, handle has hang hole at end.
- 579 \_\_\_\_\_ Nice chairmaker's travisher or spokeshave for hogging out the seat area on a chair, very good overall.
- 580 \_\_\_\_\_ Stanley #39 dado plane, early style with size cast into right side of plane and Stanley name cast into cap screw, right nicker is present, left nicker is MIA, very good overall.
- 581 \_\_\_\_\_ Lot: Stanley JOBMASTER ball peen hammer, very good; guide for table saw; pipe reamer with wooden handle; and an unusual socket chisel with nearly 2-inch blade, some light rust, will clean to very good.
- 582 \_\_\_\_\_ LOT: ECLIPSE blade and chisel guide, fine overall; OHIO TOOL 1 1/2-inch No. 116 skew bladed rabbet plane, dirty; and an iron block plane with light to moderate rust on sides and sole, will clean to very good.
- 583 \_\_\_\_\_ Unknown make 8-inch cast iron muffin or cornbread pan, makes 8 pie-shaped pieces, marked 8 on bottom.
- 584 \_\_\_\_\_ Lot: cigar box bottom with twist drills; offset screwdriver, etc. plus five double open ended wrenches and a simple hex socket set.
- 585 \_\_\_\_\_ WENTWORTH'S PATENT NO. 8 bench mounting saw vise, APRIL 8, '78, some rust, will clean to very good overall.
- 586 \_\_\_\_\_ Long handled blacksmith made gouge, rusty and wooden handle is chipped, will clean to good overall; and a rusty barking spud in the same condition.
- 587 \_\_\_\_\_ Largest and most sturdy HENRY DISSTON bench mounting saw vise we have seen. Needs light cleaning, very good overall.
- 588 \_\_\_\_\_ LSS CO. (STARRETT) 24-inch scale with rust on one side having a square head and a center head, will clean to very good overall.
- 589 \_\_\_\_\_ Lot: two rasps and a file all having removable wooden handles, some light rust.
- 590 \_\_\_\_\_ Lot: GREENLEE SHEFFIELD turning saw, has rotted rope strainer that needs to be replaced along with a toggle; plus a VARVILL & SONS YORK tongue cutting plane, very good; and a weathered body only for a Sandusky tongue cutter.
- 591 \_\_\_\_\_ Three Stanley iron rabbet planes: #78 with intact fence and depth stop, very good overall; Stanley #180 complete with fine V-logo blade, very good overall; and a #191 rabbet, complete with depth stop, very good.
- 592 \_\_\_\_\_ HERBRAND DRILL INDEX with three fold-out tiers, box itself has peeling blue paint and the bits have light rust.
- 593 \_\_\_\_\_ Pair of wooden molding planes: STOKOE (LONDON) single boxed complex molding plane, very good; and an unknown make double boxed 1/2-inch side bead, very good.
- 594 \_\_\_\_\_ Pair of cast iron Stanley levels: No. 36 double plumb & level, all three vials intact, very good; and a 9-inch No. 36 with all three vials intact, also very good.
- 595 \_\_\_\_\_ Stanley #85 razor shave, has small hang hole in end of handle, very good overall.
- 596 \_\_\_\_\_ Stanley 5 1/2C wide body jack plane, tote spur was sheared off in transport but is present, has two patent dates in bed, some light rust, will clean to very good overall.
- 597 \_\_\_\_\_ Pair of iron jack planes: DEFIANCE by Stanley, some light rust, will clean to very good; and a Gage G5 with chuck from right rear corner, entire plane in light to moderate rust.
- 598 \_\_\_\_\_ Pair of Stanley specialty planes: 1-inch No. 39 dado, missing depth stop and both spurs, screw for depth stop is present, a good one to restore; plus a No. 146 3/8-inch match plane, has hang holes drilled thru base of each handle, no blades, will make good user.
- 599 \_\_\_\_\_ ATKINS FILER saw sharpening fixture, comes with a small file with cast iron handle.
- 600 \_\_\_\_\_ Three planes: early Stanley #120 with star lever cap, very good; KEEN KUTTER KK130 double ended block plane, complete and very good; and a Stanley #24 transitional smooth plane, knob chipped at base and blade and chip breaker are coated with light to moderate rust.

- 601 \_\_\_\_\_ Lot: more than 30 hack saw blades; two blades for a nested saw, both with light rust; a long 1 1/2-inch BUCK plane blade; file large auger bit and three chisels or turning tools one with smashed socket.
- 602 \_\_\_\_\_ Lot: six files; one rasp; one file has a removable wooden handle; and a large 8-inch C-clamp.
- 603 \_\_\_\_\_ Four clamps or parts thereof; the orange one is marked JORGENSEN 1834 4-inch, near new; another similar in red paint marked WELDSALES CO. PHILA PA, some rust on threads, will clean to very good; and small cast aluminum or pot metal similar clamp. After photo was taken a second WELDSALES clamp was found and will be added to this lot.
- 604 \_\_\_\_\_ Lot: 2 7/8-inch slick (no handle); has some pitting on top of the blade, will make good user; W. GREAVES 9/16-inch mortising chisel, needs handle; and a DOUGLAS MFG. 3/40-inch corner chisel, has rust, will clean to very good.
- 605 \_\_\_\_\_ Stanley #90 bullnose rabbet plane, top is chipped where it meets up with the bottom on the right side, still a good usable plane.
- 606 \_\_\_\_\_ L.S. STARRETT No. 136 cross test level, both vials intact, needs light cleaning very good overall.
- 607 \_\_\_\_\_ Pair of rusty wrenches: adjustable drain plug wrench; and an adjustable stamped or pressed steel, Crescent-type.
- 608 \_\_\_\_\_ Four plastic handled chisels; three are CRAFTSMAN and one is Great Neck, all are in very good usable condition.
- 609 \_\_\_\_\_ Ten auger bits: two smaller ones marked STANLEY RUSSELL JENNINGS; two larger ones marked IRWIN; includes an adjustable model.
- 610 \_\_\_\_\_ Lot: Four assorted corner chisels, all needing wooden handles; a skewed turning tool that needs a handle and a mortising chisel with tapered end, likely for a mortising machine, very good.
- 611 \_\_\_\_\_ Lot: eight files and rasps including a knife edge file; large flat bladed screwdriver and a long handled turning tool.
- 612 \_\_\_\_\_ Nine assorted socket chisels including Stanley 750; KEEN KUTTER; STEEL CRAFT; DOUGLAS MFG.; HUDSON FORGE CO., etc.
- 613 \_\_\_\_\_ Large lot of bitstock tools: Six center bits one with flat tang for special brace; spade bit; three screwdriver bits one set up for split nuts on saws; another marked BUCK BROS; seven spoon bits; five gimlets; and one countersink, all are very good.
- 614 \_\_\_\_\_ Four chisels including two STANLEY "EVERLAST" models; 2 3/4-inch sash pocket? chisel?, some light rust, will clean to fine; a 7/8-inch offset all-steel model, very good; 1-inch Stanley Everlast with light rust on top, the back and handle are very good; and a Stanley 1/2-inch Everlast with very good handle.
- 615 \_\_\_\_\_ Lot: medium sized bung auger; hand adz; and a Starrett scraper; all with light to moderate rust.
- 616 \_\_\_\_\_ Lot: mortising chisel, fine; Stanley 1/2-inch all-steel chisel; 14mm surgical? gouge MADE IN USA; plastic handled chisel; shucking peg; small flat-bladed screwdriver; line level; dividers, gasket or circle cutter; etc.
- 617 \_\_\_\_\_ Stanley VICTOR soldering iron IOB, label on top of box is worn and flaking off, the iron is fine; and a Stanley #40 3/4-inch chisel, fine iron what may be the original box, there are no markings on the box.
- 618 \_\_\_\_\_ Craftsman (Stanley #45) made for Sears, Roebuck & Co. combination plow plane in near perfect condition; both sets of rods; cam; beading stop, three depth stops, original screwdriver, chip deflector for sash blade; and double row box of 24 blades including the slitter that is in the plane; an absolutely fine plane overall.
- 619 \_\_\_\_\_ Craftsman (Stanley) No. 3730 rabbet plane, same as Stanley #78, complete in original box, with depth stop and fence, plane is near new, box has blue overspray and some soiling, fine overall.
- 620 \_\_\_\_\_ Lot of 20 assorted files and rasps; at least 11 have removable wooden handles, some have light rust.
- 621 \_\_\_\_\_ BARTON coopers shave with wooden handles; star drill; and a fixed hollow auger.

- 622 \_\_\_\_\_ Eight assorted pliers and plier-like tools: 6-inch VISE GRIP, fine; 10-inch unmarked VISE GRIP; CRAFTSMAN slip joint pliers, some rust; CHANELOCK slip-joint pliers, some rust; paper punch; plus three more.
- 623 \_\_\_\_\_ Nine assorted tools: E.C. ATKINS JUNE 1888 lever-type saw set; Stanley 7A awl; tack lifter; carving tool, etc.
- 624 \_\_\_\_\_ Five assorted squares including four rosewood handled try squares including Stanley 4 1/2-inch No. 20; Stanley 8-inch No. 20; and a German all-steel bench square, some rust.
- 625 \_\_\_\_\_ Pair of jack planes: TURNER & SONS CORNWALL wooden jack plane, some rust on blade and chipper, very good overall; and a Stanley #127 "Liberty Bell" transitional, tote spur broken off, blade needs light cleaning, very good overall.
- 626 \_\_\_\_\_ Three patented auger handles: Millers Falls No. 2, complete and fine; Millers Falls #5 ratcheting model, one wooden handle MIA, needs cleaning, good overall; and one with wooden handles and having an iron frame, very good overall.
- 627 \_\_\_\_\_ Three transitional jack planes: Two UNION NO. 26 models; both complete and very good; and a Stanley #27 1/2 wide body jack plane, tote spur broken off, needs light cleaning, very good overall.
- 628 \_\_\_\_\_ Lot: Stanley 6-inch #25 sliding bevel, small spot of light rust, will clean to fine; Stanley 8-inch No. 1 try and miter square, good nickel, light rust, will clean to very good; and three rosewood handled squares including small Disston No. 1 with 3-inch blade, fine; and a Stanley try and miter square with decal on handle.
- 629 \_\_\_\_\_ Pair of iron bench planes: Millers Falls #14, light to moderate rust on sides, bottom and blade, will make good user; and a JORDAN GERMAN smoother, sides have rust and pitting.
- 630 \_\_\_\_\_ Four fixer upper iron bench planes: BEDROCK 606 FT caked in rust; Metallic Plane Co. fore plane, nose broken off, has adjustable throat, tote broken in center and missing spur, front knob looks improper, lots of rust; UNION MFG Co. #5C iron jack plane, needs tote, will clean to very good; and a Stanley #5 1/4 needs blade and lever cap, light rust on sides and sole, blade and cap from a #3 will fit this one, will make great user.
- 631 \_\_\_\_\_ Lot: late Stanley #66 hand beader with flat fence, no blades, some rust, will clean to very good overall; adjustable auger bit depth stop, very good (bit not included); and a N0. 58 doweling jig, no guides included, needs light cleaning.
- 632 \_\_\_\_\_ Stanley #48 tongue and groove plane, uniform coating of light to moderate rust, no blades, will clean to good usable condition.
- 633 \_\_\_\_\_ Stanley #55 combination plow plan parts: main frame with script logo on skate, top of tote spur chipped, some light rust, will clean to very good overall; and a sliding section for a #55 plow that has a good tower, the rest is covered in light to moderate rust, can be restored to usable condition.
- 634 \_\_\_\_\_ Five rusty block planes including Stanley #118; Stanley #220 with broken lever on lever cap; Stanley #110; maroon Stanley #220; and an 8-inch pressed steel model with wooden knob, blade adjuster, rusty.
- 635 \_\_\_\_\_ Three iron planes: Stanley #78 complete with fence and depth stop, some rust, will clean to very good overall; Stanley #3 Type 11 smooth plane, missing blade and lever cap, some rust, will clean to very good; and a 5 1/4 junior jack plane caked in rust, good rosewood tote and tall knob, this will be a challenge to even the most skilled restoration guy.
- 636 \_\_\_\_\_ Pair of rusty hollow augers; one fixed and one is adjustable, both have moderate to heavy rust.
- 637 \_\_\_\_\_ Lot: Fine Stanley #72 double beam marking gage; and two long handled Stanley scrapers, No. 79 & No. 82, both very good.
- 638 \_\_\_\_\_ Lot: USMC PRG410 pop rivet tool, very good; PAZZANO WRENCH CO. WALTHAM PAT. 19027 plier, very good; UTICA tin snips; German? pruning shears, some rust; and a THOMAS & BETTS PAT 4,009,514 patent wire stripper.
- 639 \_\_\_\_\_ Lot of three machine pieces: LOVEJOY motor base that can be adjusted with a screw, has moderate to heavy rust; a fence for a table saw; and a part for some type of electric woodworking machinery.
